SAFETY

June 3, 1929.

President and Members of Council,
City of Pittsburgh.

Gentlemen:—

In order to relieve congested traffic conditions on Script Way, I have decided to institute a 60-day trial of the following regulations:

Script Way from 4th Avenue to 5th Avenue One-Way Northbound.

This narrow Way is used considerably by trucks from both directions. Frequent stops for loading and unloading cause quite a bit of congestion, especially in the section between 4th Avenue and Diamond street, which is scarcely more than a single lane wide.

This trial is to become effective June 11, 1929.

Yours very truly,

James M. Clark,
Director.

Approved:

Charles H. Kline,

Mayor.

Which was read, received and filed.

Also

No. 5291. An Ordinance providing for one hour parking between the hours of 8 A.M. and 6 P.M. on the westerly side of Bigelow Boulevard between Craig street and Center avenue, and for one hour parking between the hours of 9:30 A.M. and

4:30 P. M. with No Parking between the hours of 8 and 9:30 A. M. and 4:30 and 6 P. M. on the easterly side of Bigelow Boulevard between Craig street and Center avenue, by amending and supplementing portions of Section 2 of an ordinance entitled, "An Ordinance regulating the use and operation of vehicles on the streets of the City of Pittsburgh, and providing penalties for the violation thereof", approved October 3, 1922, as amended and supplemented.

Which was read and referred to the Committee on Public Safety.

UNFINISHED BUSINESS

Bill No. 3845. Resolution authorizing the City Solicitor to satisfy liens filed against property of Hannah B. Jones on Elmont street, 28th Ward, upon payment of the sum of \$300.00.

In Council, June 3rd, 1929, Read a first time, and laid over pending report.

Which was read.

The Chair presented

No. 5292. Communication from Thomas C. McMahon, Chief Assessor, reporting on Bill No. 3845, Resolution for satisfaction of liens filed against property of Hannah B. Jones upon payment of \$300.00, and stating that he placed a value of \$425.00 on this property, free and clear of all encumbrances.

Which was read.

Mr. Winters moved

That the communication be referred, and the resolution be recommended, to the Committee on Finance.

Which motion prevailed.

The Chair presented

No. 5293.

City of Pittsburgh,
Office of the Mayor,

June 8th, 1929.

My dear Sir:—

Recently I wrote you calling attention to the importance of passing the Metropolitan Charter Act on June 25th, 1929. I said then that the best way to get a favorable vote was to inform the people, and suggested that the City of Pittsburgh have printed several hundred thousand copies of the proposed charter and distribute

one to each home through the policemen and firemen.

This is a matter on which there should be united action. I would, therefore, like to have a conference with Council on Monday afternoon, June 10th, after the meeting of Council, not only to discuss this matter, but also to see what else we can do to advance the Charter cause.

Yours very respectfully,
Charles H. Kline,

Mayor.

Hon. James F. Malone,

President of Council,

City of Pittsburgh.

Which was read, received and filed, and Mayor to be informed that a conference would be held immediately after adjournment of this meeting.

REPORTS OF COMMITTEES

No. 5294. Report of the Committee on Finance for June 5th, 1929, transmitting sundry ordinances and resolutions to council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 5192. An Ordinance entitled, "An Ordinance extending the services of two (2) painters in the Bureau of Recreation, Department of Public Works, from July 1st, 1929, to December 31st, 1929, inclusive."

Which was read.

Mr. McArdle stated

That Mr. Sexton, of the Bureau of Recreation, had informed him when the ordinance was presented that there were funds within the Bureau to take care of this, but had since discovered there were not, and

Mr. McArdle moved

That the bill be recommended to the Committee on Finance.

Which motion prevailed.

Also

Bill No. 5118. An Ordinance entitled, "An Ordinance authorizing and directing the Mayor and the Director of the Department of Public Works to terminate and cancel the lease by the City of Pittsburgh to George T. Byrne for certain property

located at the southwest corner of the Smithfield Street Bridge at Water and Smithfield streets, as authorized by Ordinance approved July 11, 1919." Which was read

Mr. Garland moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time and agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes—Messrs.

Alderdice	Herron
Anderson	McArdle
English	Winters
Garland	Malone (Pres't.)

Ayes—8.

An Ordinance entitled, "An Ordinance directing the City Controller to appropriate and set aside the sum of Thirty-one thousand seven hundred fifty dollars (\$31,750.00) from Account 267, Water Bonds of 1926, and Two thousand six hundred dollars (\$2,600.00) from Account 294, Water Bonds of 1928, to various construction project accounts."

Which was read.

Mr. Garland moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time and agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes—Messrs.

Alderdice	Herron
Anderson	McArdle
English	Winters
Garland	Malone (Pres't.)

Ayes—8.

Noes—None.

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Also

Bill No. 5126. Resolution authorizing and directing the City Controller to set aside in the Contingent Fund, Appropriation No. 42, the sum of \$300.00, for the operation, repair, service and maintenance of the bulldozer on the job of filling in Saline street by the City of Pittsburgh, to be available in cash for the use of the Foreman in charge of the operation.

In Finance Committee, June 4, 1929, ordered returned to council with an affirmative recommendation, subject to the Director of Public Works furnishing explanation.

Which was read.

Mr. Garland moved

A suspension of the rule to allow the second and third readings and final passage of the resolution.

Which motion prevailed.

And the rule having been suspended, the resolution was read a second time.

Mr. Garland also presented No. 5295.

June 7, 1929.

FINANCE COMMITTEE Pittsburgh, Penna.

Gentlemen:—

Replying to your Bill 5126—Resolution authorizing the City Controller to set aside \$300.00 in the Contingent Fund Appropriation No. 42, for repairs, etc., of the bulldozer used in filling Saline street, beg to advise that the filling of the Saline street is a project of very unusual magnitude.

We have been endeavoring to encourage contractors and all those having good fill to haul the same to this very necessary improvement. The machinery and equipment on the job are subjected to very unusual test by reason of the character of the work

and the depth of the fill that is required on this improvement.

I am not in sympathy with a general policy that will permit of segregating funds for any special improvement, but in order to expedite this work and keep the apparatus working day and night as conditions warrant, we are obliged to have parts for the various machines, tools and implements in order to fully carry out the rapid progress of this work, and not in any measure discourage contractors from hauling material to this improvement by reasons of machinery, equipment or tools not being available to meet the conditions, which in this case are somewhat of an emergency.

It is for the reasons above referred to that the fund for parts, tools and equipment was set aside in order that no delay might be had in securing of the necessary equipment to expedite this fill.

Yours truly,
Edward G. Lang,
Director.

Which was read, received and filed. And the resolution was read a third time, and upon final passage the ayes and noes were taken, and being taken were:

Ayes—Messrs.

Alderdice	Herron
Anderson	McArdle
English	Winters
Garland	Malone (Pres't.)

Ayes—8.

Noes—None.

And a majority of the votes of Council being in the affirmative, the resolution passed finally.

Also

Bill No. 4799. Resolution authorizing the issuing of a warrant in favor of Michael J. Carney, Turnkey in the Bureau of Police for the sum of \$340.00, covering lost time on account of sickness during the months of October and November, 1928, and charging the amount to Code Account No. 1443, Item A-1, Salaries, Regular Employees, Bureau of Police.

Which was read.

Mr. Garland moved

A suspension of the rule to allow the second and third readings and final passage of the resolution.

Which motion prevailed.

And the rule having been suspended, the resolution was read a second and third times, and upon final passage the ayes and noes were taken, and being taken were:

Ayes—Messrs.

Alderdice	Herron
Anderson	McArdle
English	Winters
Garland	Malone (Pres't.)

A suspension of the rule to allow the second and third readings and final passage of the resolution.

Which motion prevailed.

And the rule having been suspended, the resolution was read a second and third times, and upon final passage the ayes and noes were taken, and being taken were:

Ayes—Messrs.

Alderdice	Herron
Anderson	McArdle
English	Winters
Garland	Malone (Pres't.)

Ayes—8.

Noes—None.

And there being two-thirds of the votes of council, in the affirmative, the resolution passed finally.

Also

Bill No. 5191. Resolution authorizing the issuing of a warrant in favor of the Korn Plumbing Company, Registered Plumber, of 1257 Center avenue, Pittsburgh, Pa., for the sum of \$134.13, in payment of claims for extending sewer connection from main sewer to curb line at 3890 Brighton road, and charging same to Appropriation No. 42, Contingent Fund.

Which was read.

Also

Bill No. 4560. Resolution authorizing and directing the Mayor to execute and deliver a deed for lots Nos. 13, 14, Greenfield avenue, City, bounded and described as follows: Beginning on the north side of Greenfield avenue, at the corner of property owned by O. H. Jones; thence extending westwardly 45 feet to a point; thence northwardly 77.32 feet to Acorn street; thence eastwardly 45 feet along said Acorn street to a point; thence southwardly 75 feet more or less to corner of property owned by O. H. Jones, and Greenfield avenue, to place of beginning; to Rev. D. S. Scott and W. M. Tibbs, for the sum of \$600.00, providing the purchase money is paid within 60 days from the date hereof.

In Finance Committee, June 5, 1929, Read and amended by striking out beginning with the words "beginning on the north side of Greenfield avenue," and ending with the words "to place of beginning," and by inserting in lieu thereof the following: "Beginning at a point on the north side

of Greenfield avenue, at the line dividing lots Nos. 14 and 15 in said plan; thence extending along Greenfield avenue in a westerly direction 45 feet to the corner of lot No. 12 in said plan; thence extending northwardly 79.49 feet more or less to Acorn street; thence extending along Acorn street, in an easterly direction 45 feet to the corner of lot No. 15 in said plan; thence extending southwardly 79.32 feet, more or less, to Greenfield avenue, at the place of beginning," and as amended ordered returned to council with an affirmative recommendation.

Which was read.

Mr. Garland moved

That the amendment of the Finance Committee be agreed to.

Which motion prevailed.

And the resolution, as amended in committee and agreed to by council, was read.

Mr. Garland moved

A suspension of the rule to allow the second and third readings and final passage of the resolution.

Which motion prevailed.

And the rule having been suspended, the resolution was read a second and third times, and upon final passage, the ayes and noes were taken, and being taken were:

Ayes—Messrs.

Alderdice	Herron
Anderson	McArdle
English	Winters
Garland	Malone (Pres't.)

Ayes—8.

Noes—None.

And a majority of the votes of Council being in the affirmative, the resolution passed finally.

Mr. Winters presented

No. 5296. Report of the Committee on Public Works for May 7th, 1929, transmitting two ordinances to council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 4899. An Ordinance entitled, "An Ordinance widening Shore avenue, in the 22nd Ward of the City of Pittsburgh, from Scotland street to a point 180.96 feet westwardly therefrom, and providing that

the costs, damages and expenses occasioned thereby be assessed against and collected from properties benefited thereby."

Which was read.

Mr. Winters moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time.

Mr. Winters also presented

No. 5297. Communication from L. W. Monteverde, Chairman, Department of City Planning, asking that ordinances for widening of General Robinson street West and Shore avenue, in the 22nd Ward, be recommitted to the Committee in order to give the Commission an opportunity to be heard.

Which was read, received and filed.

Also.

Bill No. 5155. Report of the Department of City Planning submitting negative action on the ordinance widening General Robinson street, from Federal street to Scotland street, and the ordinance widening Shore avenue, from Scotland street to a point 180.96 feet westwardly therefrom.

In Public Works Committee, June 4, 1929, Read and acknowledgement of receipt of letter made and City Planning Commission advised of action on the ordinances and advised that they will be given a hearing on next Wednesday if desired, and referred to the Department of Public Works for report.

Which was read, received and filed.

Also

No. 5298. Release from Schuylkill Improvement Land Company of Philadelphia to the City of Pittsburgh on account of the proposed widening of General Robinson street West.

Which was read, received and filed.

Also

No. 5299. Release from Pittsburgh and Western Railroad Company to the City of Pittsburgh on account of the widening and improvement of streets in the North Side Flood District.

Which was read, received and filed.

Also

No. 5300. Release from Point Improvement Company to the City of Pittsburgh on account of the widening of General Robinson street West.

Which was read, received and filed.

Also

No. 5301. Communication from the Director of the Department of Public Works reporting on Bill No. 5155, being a Report of the City Planning Commission relative to the widening of General Robinson street West.

Which was read, received and filed.

Mr. Herron arose and said,

"Mr. President, I am perfectly in accord with the widening of these streets. The only thing is that I do not want to be put in the position of ignoring the request of the City Planning Commission for a hearing on a matter involving thousands of dollars.

The property owners have signed waivers relieving the City from enormous damages and by passing these ordinances to-day, should cause no interference with the major proposition advocated by the Planning Commission.

I think it is only courteous on Council's part to advise the Commission that these ordinances will not interfere with their recommendation for a major industrial thoroughfare through this district, and at some future time, if it meets with the approval of Council, it can be put through."

Mr. Herron moved

That the Planning Commission be notified of this action.

Which motion prevailed.

And the bill, as read a second time, was agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes—Messrs.

Alderdice	McArdle
English	Winters
Garland	Malone (Pres't.)
Herron	

Ayes—7.

Noes—None.

And there being three-fourths of the votes of council in the affirmative, the bill passed finally, in accordance with the provisions of the Act of Assembly of May 22, 1895, and the several supplements thereto.

Also

Bill No. 4900. An Ordinance entitled, "An Ordinance widening General Robinson street West, in the 22nd Ward of the City of Pittsburgh, from Federal street to Scotland street, and providing that the costs, damages and expenses occasioned thereby be assessed against and collected from properties benefited thereby."

Which was read.

Mr. Winters moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time and agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes—Messrs.

Alderdice	McArdle
English	Winters
Garland	Malone (Pres't.)
Herron	

Ayes—7.

Noes—None.

And there being three-fourths of the votes of council in the affirmative, the bill passed finally, in accordance with the provisions of the Act of Assembly of May 22, 1895, and the several supplements thereto.

Mr. Winters also presented

No. 5302. Report of the Committee on Public Works for June 5, 1920, transmitting sundry ordinances to council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 141. An Ordinance entitled, "An Ordinance authorizing

and directing the grading, paving and curbing of Fairdale street, from Chartiers avenue to Jean street; letting a contract therefor, and providing that the costs, damages and expenses of the same be assessed against and collected from property specially benefited thereby."

Which was read.

Mr. Winters arose and said:

Mr. President, I was wondering if we should pass these grading, paving and curbing ordinances, or whether they should be the subject of some discussion. I have before me a copy of the Controller's debt statement, in which it is reported that there is \$972,647.00 in the councilmanic credit. We have mortgaged that to the extent of \$750,000 \$500,000 for the airport and \$250,000 for the waterway improvement. That leaves us an unencumbered balance of \$222,647. I believe the ordinances before us today total more than \$200,000 and unless we change our commitments, or pursue a new policy regarding them, it will entirely wipe out the bonding power. Therefore, it seems to me unwise at this time to pass these ordinances, which will entirely wipe out our councilmanic borrowing power. The department has only the physical ability to do a certain amount of work during the year and I wondered if it is wise to pass a lot of ordinances, only to have the department inform us that they cannot do the work this year, and at the same time exhaust our councilmanic credit.

Mr. Garland arose and said:

Mr. President, I made the statement in committee last week that I thought we were doing that because of the magnitude of the items going through. We did not have the figures before us then, but we have them now.

The Chair said:

I do not want to interrupt you, but the only way you can define what you are talking about is by the votes on the ordinances in the files. The question of policy is another one.

Mr. Garland said:

Continuing my remarks, Mr. President, I wish to state that I do not

want to be one member of council, and you either, to send legislation to the Controller's office and have it come out that we did not know what we were doing. I made the remark the other day that we were going a little too far in passing these assessment ordinances. I do not believe we ought to dip into these items that we have ear-marked. I think we should withhold action on these ordinances until it can be definitely determined how many can be passed. I do not believe we ought to be put in the position of going beyond our bonding power.

Mr. Winters moved

That the ordinances lay on the table and that Council hold a conference to define a policy.

Mr. McArdle arose and said:

Mr. President, I will not object to laying these ordinances on the table for a week if there will be a meeting and a definite understanding reached as to what is to be done. So far as I am concerned, there is one bill that I am more or less interested in, and that is the grading, paving and curbing of Cadet avenue. It is a street that we were invited to view and it is to enable the St. Joseph Hospital to prepare for its building program on a new street, which is a necessary step in that direction before they proceed with their buildings, and any considerable delay will be a distinct disadvantage to that program. This proposition, if you are going into it, will be with the idea of determining how much is charged against the councilmanic credit, because that is all we are interested in.

In this connection, I might state further that if the Department of Public Works and the Controller will make a careful examination of the records referring to the jobs under contract, and make a reasonable allowance on them, they will be able to realize more councilmanic credit than is involved in the passage of all the bills pending before us today.

The Chair:

Mr. McArdle is right. If you will get a record of the contracts awarded within the past three or four months,

you will find 50 per cent of the amount of the estimates was in excess of the amount of the contract prices.

And the question recurring on the motion to lay the bill on the table for a week and that a conference be held to define a policy.

The motion prevailed.

(Mr. McArdle and President Malone asked to be recorded as voting NO.)

Also

Bill No. 321. An Ordinance entitled, "An Ordinance authorizing and directing the grading, paving and curbing of Yarrow street, from Yarrow way to Boundary street; letting a contract therefor, and providing that the costs, damages and expenses of the same be assessed against and collected from property specially benefited thereby."

Which was read.

Mr. Winters moved

That the bill be laid on the table for one week and that a conference be held to define a policy on all these improvement ordinances.

Which motion prevailed.

(Mr. McArdle and President Malone desiring to be recorded as voting NO.)

Also

Bill No. 323. An Ordinance entitled, "An Ordinance authorizing and directing the grading and paving to the westerly line of property of Yarrow way, from Yarrow street Linden Land Improvement Company; letting a contract therefor, and providing that the costs, damages and expenses of the same be assessed against and collected from property specially benefited thereby."

Which was read.

Mr. Winters moved

That the bill be laid on the table for one week.

Which motion prevailed.

PITTSBURGH RAILWAYS COMPANY

Pittsburgh, Pa., May 31, 1922.

Honorable James F. Malone,
President of Council of
City of Pittsburgh,
City-County Building,
Pittsburgh, Pa.

Dear Sir:—

In response to the request of Council, at its meeting on Wednesday, May 29th, for a statement of the benefits anticipated by the Pittsburgh Railways from the installation of a second track with several connecting curves, all on Ferry street, as provided for in the pending ordinance, please be advised as follows:—

The project in its entirety is based on the relief of traffic. The number of cars which traverse each of the car track streets in the triangle is large. This is due, of course, to the street configuration, particularly the small number of parallel streets which run from the triangle into adjacent sections. Relatively short delays have the effect of damming up long lines of cars to the detriment not only of car service, but to the movement of other traffic.

By providing, through the means of connecting curves, a measure of flexibility, it is anticipated that street car service at outlying portions of the system will be improved, and that the delay to all traffic, of which

Railways is a part, will be greatly reduced.

The only change in regular routing contemplated is that the cars which now turn from Third avenue into Market street, thence into Fourth avenue, will be run down Third Avenue to Ferry street, thence into Fourth avenue. The desirability of this change is based on the narrow width of Market street.

While it is entirely true that the project for the second track on Ferry street is initiated by the Better Traffic Committee for the expediting of traffic and for reasons of safety, it is felt that the addition of the connecting curves adds further value to the plan, and Council's approval is, therefore, respectfully asked.

Very truly yours,

M. W. Cooke,
Superintendent of Traffic.

DEPARTMENT OF PUBLIC SAFETY

June 11, 1929.

To the President and Members of
City Council.

Gentlemen:—

The opening of the new Broad Street entrance to the East Liberty Station will add to the volume of traffic using this thoroughfare with consequent congestion unless parking thereon is eliminated. In addition to contributing to congestion, parking here also creates an accident hazard because of the bend in Broad Street at this point. To correct these conditions I have decided to institute a 60-day trial of the following regulation; effective June 17, 1929.

Broad Street, No Parking At Any Time, Both Sides, From Frankstown Avenue to Hamilton Avenue.

Yours very truly,

James M. Clark,
Director.

Office of the Mayor

City of Pittsburgh,

June 11th, 1929.

To the President,

And Members of City Council,

City of Pittsburgh.

Gentlemen;—

According to Act No. 77, classifying patrolmen, police operators, firemen, fire alarm operators, and officers of the police and fire departments in second class cities for the payment of salaries or compensation, providing an election to ascertain the will of the electors as to the minimum salaries or compensation for such employees, approved March 25th, 1929, provides for a referendum as to the minimum salary or compensation to be paid to said patrolmen, police operators, firemen, fire alarm operators, and other officers of the police and fire departments in cities of the second class, to be submitted to the electors of each city of the second class at the primary election in the year 1929.

This Act provides:

"The expenses of any such election shall be paid by the City."

You will, therefore, appropriate sufficient funds to pay for the cost of this election as specified by the Act.

Sincerely yours,

Charles H. Kline,
Mayor.

Gentlemen:—

Because of the hindrance to traffic and the congestion which parking on the Boulevard of the Allies and on Second Avenue causes, I have decided to institute the following regulations on these important arteries effective June 18, 1929.

On a 60-day trial basis:

Boulevard of the Allies, No Parking at any time, from Grant Street to a point over Forbes Street, both sides.

Second Avenue, No Parking between the hours of 8:00 to 9:30 A. M. and 4:30 to 6:00 P. M.—One-Hour Parking, 9:30 A. M. to 4:30 P. M., both sides.

This trial has the endorsement of the Better Traffic Committee.

Yours very truly,

James M. Clark,
Director.

President and Members of

Gentlemen:—

Fourth Avenue is the only east bound street except Second Avenue between Water Street and Fifth Avenue, and stopping even for a short time results in serious congestion during peak hours. Parking in the evening hours also creates a serious congestion which has been brought out more emphatically by the operation of the traffic signal system.

I have therefore decided to institute a 60-day trial of the following regulation, effective June 18, 1929.

Fourth Avenue, northerly side, No Parking at any time. No stopping (Sundays excepted) between the hours of 8:00 to 10:00 A. M. and 4:00 to 6:00 P. M.

Yours very truly,

James M. Clark,
Director.

Gentlemen:—

Parking in the short section of Liberty Avenue between Seventh Avenue and Ninth Street interferes considerably with the free flow of traffic and is the cause of serious traffic congestion there.

To eliminate this, I have decided to institute a 60-day trial of No Parking at any time on both sides of Liberty Avenue between Seventh Avenue and Ninth Street, with no stopping (Sundays excepted) between the hours of 8:00 to 10:00 A.M. and 4:00 to 6:00 P. M. effective June 18, 1929.

Gentlemen:—

On April 25, 1929, the Chairman of the City Transit Commission received a communication from Mr. L. W. Monteverde, Chairman of the special committee appointed by authority of City Council to study the proposal for a subway for street cars under Grant street and Penn Avenue in its relation to the construction of the proposed new Pennsylvania Railroad Station and to the proposed widening of Penn avenue, in which communication this Commission was asked to study and report upon the feasibility and advisability of the building by the City of this Grant Street Subway in connection with the Penn Avenue improvements.

Since receiving this request, the engineers of this Commission have carefully reviewed the previous plans for a Grant Street Subway heretofore prepared by the Department of City Transit and have also studied other and different plans which have been submitted to them by others. They have sought and obtained the co-operation of the Pittsburgh Railway Company in securing data as to street car traffic on the various routes which might be affected by construction of such a subway and they have studied hypothetical operating plans which might be adopted in the event

of its construction. They have reviewed their previous estimates and have modified these and their previous plans to conform to the latest proposals for the widening of Penn avenue and the location of the new Pennsylvania Railroad station. This Commission has studied the report of its engineers and now begs to submit to you, herewith, its opinion on the questions raised.

The proposal for the construction of the Grant Street Subway, whether for street cars or for train operation, is in no way out of line with the previous proposals made by this Commission in its several earlier reports. In these reports we submitted a plan for a comprehensive rapid transit system for the entire city which, although we did not propose that it be completed in its entirety for many years, nevertheless was suggested as a pattern to which transit development might be fitted by gradual stages. This comprehensive plan included a subway under Grant street as one of its elements. The Commission recommended, however, that the initial subway to be built should be a train-operated rapid transit line from the North Side to the East End passing through the Triangle District, but it also suggested that a portion of the future Grant Street rapid transit line be constructed in conjunction with this North Side-East End Line and be used temporarily by street cars as a means of removing some of these from the surface of the streets in the Triangle and, thereby, in some measure relieving the traffic congestion situation. It is to be seen, therefore, that the proposal for a Grant Street Subway for street cars does not of itself conflict with previous recommendations of this Commission.

However, from the making of its first report this Commission has contended that in starting subway construction the City of Pittsburgh should begin under the advantageous financial conditions made possible only through the application of the special benefit assessment principle. Under this plan of financing the revenues for subway development would come from three sources:

1—From assessments against property specially and peculiarly benefited.

2—From the car rider through operating savings due to the adoption of more efficient facilities for handling mass transportation.

3—From the general revenue of the committee; this latter being justified by traffic relief and by general community benefit.

This Commission sponsored the constitutional amendment which would have given the City of Pittsburgh the power to apply the special assessment plan for subways. Largely through the efforts of this Commission this amendment was passed at two sessions of the Legislature and was submitted to the voters of the State in November, 1928. The amendment was carried by large majorities both in the City of Pittsburgh and in Allegheny County, but unfortunately it was defeated through the unfavorable vote of the people of the State outside of the only communities which it affected. This unfavorable vote can in no way be considered as disparaging to the objects of the amendment, since it was unquestionably due to confusion on the part of the voters resulting from the multiplicity of amendments which were submitted to them at that election.

But now a new situation has come about which may have a very important influence upon the economic questions involved in transit development in this community. The constitutional amendment providing for the formation into a federated city of all the municipalities in Allegheny County makes provision for the application by such a city, if it shall hereafter be brought into existence, of the special assessment method of financing transit facilities, and the charter for the new city to be voted upon June 25 follows the amendment in this respect. If the federated city should be made a reality the community will not only have the power to develop its transit facilities with the help of the special assessment method of financing, for which this Commission has striven so long, but it will also have broader powers with

respect to the serving of a much larger population and area with modernized methods of mass transportation. Only two weeks remains until the people of Allegheny County will decide whether the federated city is to be a reality. This Commission is hopeful that the voters of the County will see the many advantages which may accrue to the community from the ratification of the greater city plan, including those advantages which are within the especial field of the Commission, namely, local transportation.

This situation, therefore, leads us to the belief that no commitments should be made as to the construction of subways at least until the people of the county have decided the question of whether there is to be a federated city. If the hoped-for favorable decision is made by the people it will be possible for the present City of Pittsburgh and the new metropolitan city to pool their interests in this and other important transit improvements and it will be possible for a more extensive plan to be adopted than can be economically justified at present as a purely local undertaking by the present city alone.

In the meantime there need be no delay or interference with the drawing up of agreements between the City and the Pennsylvania Railroad as to the widening of Penn Avenue and construction of the new passenger station. Our engineers have prepared plans which show where the Grant Street subway, if it is to be built, would be located to the best advantage. These plans show that the subway will pass under the property of the Pennsylvania Railroad, as it will exist after the proposed street changes are made, only at one point, that being the southeast corner of the intersection of Grant Street and Penn Avenue as relocated. Elsewhere the subway will be under city streets. We suggest that, in making the agreement with the Pennsylvania Railroad Company covering these street changes, provision be made for an easement for this subway, whether built now or later, under the property of the Pennsylvania Railroad at the point indicated.

Our engineers have also made to the Department of Public Works a report under date of February 11, 1929, which was intended to act as a guide to the City and the various public utility corporations in the locating of sub-surface utilities under the widened Penn Avenue in such a manner that they will not conflict with subway construction. In this report attention was called to various precautions which should be taken in the locating of these utilities and in the building of foundations for the Pennsylvania Railroad improvements so as not to interfere with a future subway and so as to minimize the cost of underpinning or other changes which might be necessary as a result of its construction.

In summing up our recommendations we wish to say:

That it is entirely feasible to build a subway under Grant Street and Penn Avenue from Water street to a point near the proposed Pennsylvania Railroad Station;

That such a subway should be designed so that it can be extended later to form a part of a train-operated comprehensive rapid transit system;

That its operation by surface cars only can never develop its full economic value, nor pay for its investment costs, but should be deemed only an expedient to help in the more general problem of traffic relief in the Triangle District;

That, however, such subway, if built, should be constructed in conjunction with the initial rapid transit line from the North Side to the East End heretofore proposed by this Commission;

That it is very desirable that the City get the proper start in the financing of subway construction by utilizing the special assessment method to help pay for its initial subway construction and thereby make less difficult the application of this plan to later subway projects;

That in view of the nearness of the decision on the creation of the metropolitan city, which may bring about the possibility of using the special assessment plan, no commitment

should be made by the City as to any subway construction until it is determined whether it shall be possible for the City and the proposed metropolitan city to pool their interests in this or in a larger project;

That in the meantime there is no reason why the City may not consummate its agreement with the Pennsylvania Railroad as to street changes, etc., involved in the Railroad Company's plans for a new Passenger Station, provided that a clause in such agreement be included which will give the City an easement for its subway under a corner of the Pennsylvania Railroad property at Grant street and Penn Avenue as relocated.

Respectfully submitted,

Geo. S. Davison,
Chairman.

Which was read, received and filed.

Mr. Herron presented

No. 5409.

WHEREAS, The Historical Society of Western Pennsylvania, on Wednesday, June 19, 1929, at high noon, is to dedicate a tablet to the memory of the late State Senator John P. Harris, on the site of the world's first all-moving picture theatre at 433-435 Smithfield street, Pittsburgh, which he conceived and in partnership with Harris Davis, established in June 1905 and

WHEREAS, This may be rightly considered the genesis of the entire moving picture business which has become the fourth largest industry in all America; and

WHEREAS, The name of this theatre, the Nickelodeon, which has found its way into nearly all the languages of the civilized world, was coined by Senator Harris' business associate and fellow townsman, Eugene L. Connelly; and

WHEREAS, These facts all redound to the glory, the fame, the prestige, and the material advancement of the City of Pittsburgh among the great metropolises of the world, as well as having conducted to the recreation and wholesome amusement of our people; Therefore, be it

RESOLVED, By the Council of the City of Pittsburgh, that we express our felicitations to the widow, Mrs. Eleanor May Harris, the sons, John H. and Harry D. Harris, the daughters, Mrs. Edward W. Horst, Miss Mary Harris, and Miss Geneva A. Harris; and the brothers and the sisters of the late Senator John P.

Harris, Dennis A. Harris, Senator Frank J. Harris, Miss Ellie Harris, Mrs. Christopher T. Durham and Mrs. John Taylor Wertz, and to his lifelong friend and partner, Harry Davis, as well as to his friend and business associate, Mr. Isaac Lisbon of Cincinnati, Ohio, a former Pittsburgher, who was the first manager of this theater, and we do hereby acknowledge the grateful appreciation of the people of the municipality, expressed by their representatives in Council assembled, for the part they played in the highly constructive service rendered by Senator Harris to the community in which he was born and in which he won his well-deserved success.

We also highly and unreservedly commend the Historical Society of Western Pennsylvania for its interest in all things which make for the perpetuation of the notable achievements of the City of Pittsburgh, and its distinguished citizens, and particularly for its enterprise in sponsoring the magnificently-sculptured bronze tablet which is to mark for posterity, the site on which was located this modest little "acorn from which has grown the giant oak" of the cinema.

We, moreover, commend the Mayor of our City, the Hon. Charles H. Kline, the Director of the Department of Public Safety, Mr. James M. Clark, the Pittsburgh Railways Company, Messrs. Frank and Seder, and all other officials, citizens and agencies which are co-operating with the Historical Society of Western Pennsylvania in commemorating this noteworthy epoch.

Council further respectfully requests the general public, as far as may be convenient to assemble in orderly manner at the site on which the tablet is to be unveiled at the time of its unveiling, so that by their presence they may give proof of their loyal support of all movements and events which give Pittsburgh its eminence among the thriving cities of the world. The newspapers of the City of Pittsburgh and the Press Associations which carry the news of the day to unnumbered millions of readers throughout the world, are respectfully requested to give the

event the prominence on the printed page which its historical significance deserves; and be it further

RESOLVED, That a copy of these minutes be made a part of the permanent record of the proceedings of Pittsburgh Council, and that an additional copy, suitably engrossed, be presented to the family of the lamented creator of the Nickelodeon—the Honorable John Paul Harris.

Which was read.

Mr. Herron moved

The adoption of the resolution by a rising vote.

Which motion prevailed unanimously.

Mr. Garland presented
No. 5410.

WHEREAS, The American Water Works Association and the Waterworks Manufacturers Association are this month holding their annual joint convention at Toronto, Canada; and

WHEREAS, This is an important convention and it is very desirable that it be held in Pittsburgh in 1930; this City being well equipped to take care of those who may attend; Therefore, be it

RESOLVED, That the Mayor and the Council of the City of Pittsburgh join in an invitation to the American Water Works Association and the Waterworks Manufacturers Association to hold their joint Annual Convention in this City in 1930, where every provision will be made for the entertainment and welfare of those attending; and, be it further

RESOLVED, That a certified copy of this resolution be sent to the Convention to be held during the present month at Toronto, Canada.

Which was read.

Mr. Garland moved

The adoption of the resolution.

Which motion prevailed.

Mr. Alderdice asked if the hearings could not be postponed from Wednesday until Thursday on account of the many events of public interest that were scheduled for Wednesday.

The Chair stated

That there were many hearings arranged, of which it would be impossible to notify the persons interested of the postponement, and therefore he would ask that the hearings be held on Wednesday.

Mr. Alderdice moved

That the Clerk send notices to the members of Council to meet at the City Clerk's Office on Thursday morning, at 11 o'clock, for the purpose of visiting the various places throughout the City, of which the clerk is to furnish a list.

Which motion prevailed.

Mr. Herron moved

That the Director of the Department of Public Works be asked to report, as soon as possible, when he is going to send to Council the necessary legislation for continuing the widening of Grant street to Water street.

Which motion prevailed.

Mr. Winters moved

That the Minutes of Council, at a meeting held on Monday, June 10th, 1929, be approved.

Which motion prevailed.

And there being no further business before the meeting, the Chair declared

Council adjourned.

June 20th, 1929.

Gentlemen:—

In the early part of this year, just before you closed the annual budget, you appropriated the lump sum of \$150,000 for salary and wage increases to City employees.

Almost half of the year is gone and no move has been made on this important subject.

It is obvious that if it were not intended to give serious thought to this matter the appropriation should not have been made. It would be better to hold out no hope to the employees than one that would mislead them.

It is also obvious that if anything is to be done it should not be delayed until the year is over.

The policemen and firemen have taken their own method of obtaining their increase, viz, by referendum of the people, which, I hope, will carry. In that event I am sure Council will abide by the will of the electorate and vote them the increase they ask. Until the result of that vote is known, they do not wish to be included in any general increase. In fact, I have conferred with their representatives who say their anticipation has been to have their raise made effective January 1st, 1930.

Laying their case aside for the time being, let us see what can be done with the balance of City employees:

On a wage scale basis the number of employees fluctuates. But exclusive of the C. U. W. employees, an appropriation of \$2,032,357 is made to pay the per diem employees. If a 10% increase were given these the cost on a twelve

months basis would be.....\$208,235.

On a salary basis, there are 1776 employees exclusive of those fixed by Act of Assembly, and if a flat increase were given of \$120 per annum, the cost on a twelve months basis would be 213,120.

The total on twelve months basis\$421,355.

My reason for putting the increase for the wage scale employees on a percentage basis is because some of them work overtime and that they may get the benefit of the increase on their hourly overtime. It is not continued to the salary men, who are paid when sick and if absent with leave, because that would give the higher salaried men a much greater increase than low salaried men who need it most.

Let us say we would put this schedule into effect for September, October, November and December, which would be equal to one-third of a year, the cost would be \$140,451. How could this be financed? With the \$150,000 already appropriated for this purpose for 1929, which is now lying dormant.

The next question is could we take care of this yearly increase of \$421,355 for 1930 without raising the millage? My answer would be in the affirmative. How? Assuming that there is the same increase in valuations for 1930 over 1929, as there was for 1929 over 1928, on the same millage next year as this, there will be brought into the City treasury \$355,357 additional or free cash. This will take up all but \$85,998 of this wage and salary increase for 1930 without increasing the millage. How is this balance to be provided? In the budget of 1929 we had to take care of emergency appropriations of \$471,000 made in 1928. Up to date for this year our emergency appropriations total only \$11,000. There is, therefore, very little likelihood of this item reaching anywhere near last year's figure, and a sufficient saving will be made there to take up this balance without increasing the millage.

Therefore the increases can be taken care of for this year on your appropriation of \$150,000 which is untouched and for 1930, without adding taxes to do so.

This would leave only the policemen and firemen's increase to be taken care of in 1930.

I said two years ago that salary increases should await salary standardization. But as Council has deferred action on that recommendation for so long, I think the fair thing is to give all employees an increase and the principle of standardization can be applied as positions become vacant and applied to new appointees, thereby not reducing the salary of any old employees.

Respectfully submitted,

Charles H. Kline,
Mayor.

And Members of Council

Boulevard of the Allies Extension
Mr. Edward G. Lang,
Director, Department of Public Works.
Dear Sir:—

In accordance with motion of Council that the Director of the Department of Public Works submit an alternate plan (to take the place of the traffic circle) at the intersection of Boulevard of the Allies Extension, Halket Street and Coltart Avenue, the Bureau of Engineering submits the following estimate of cost in ac-

cordance with plan prepared by the Department and labeled "Plan showing widening of Boulevard of the Allies and Wilmot Street, from Halket Street to Parkview Avenue, August 29th, 1928".

A. Boulevard of the Allies at Halket Street to Coltart Avenue.	\$19,000.00
B. Through thoroughfare west traffic from Wilmot Street....	105,000.00
This extends from a point south of Bates St. to Halket Street.	
C. Through thoroughfare east and west traffic, Boulevard of the Allies at Halket Street to Coltart Avenue.	16,000.00
C-1. East and west through thoroughfare, Halket Street to Boulevard of the Allies and Hodge Street.	12,000.00
D. Through thoroughfare south and east traffic to Wilmot Street, from Hodge Street to Juliet Street.	38,000.00
E. Bates Street reconstruction from a point west of Wilmot St. to Zulema Street.	10,000.00
F. Outbound traffic from Bates Street passing under Juliet St. to Wilmot Street, near Ward Street.	10,000.00
G. Reconstruction of Juliet Street to connect with new Wilmot St.	7,500.00
H. Wilmot Street connection for inbound traffic from a point near Wellsford Street to Bates Street.	7,500.00
J. Inbound and outbound traffic, Wilmot Street, from a point at north line of Juliet Street to Ward Street.	45,000.00
K. Wilmot Street as widened from Ward Street to a point near Wellsford Street.	12,000.00
L. Wilmot Street as widened, from Ward Street to Wilmot St. Bridge.	30,000.00
Total Cost Physical Improvement, exclusive of widening Wilmot Street, from Ward Street to Wilmot St. Bridge and overhead bridge abutments at street intersections (see attached estimates for abutments).	
Widening Wilmot Street, from Ward Street to Bridge.....	30,000.00
Total.	312,000.00

DEPARTMENT OF PUBLIC WORKS

June 26, 1929.

Subject: Boulevard of the Allies Extension

President and Members of Council,
City of Pittsburgh.

Gentlemen:

Pursuant to request for submission of alternate plan recommended by this Department to take the place of the proposed traffic circle in the vicinity of Halket and Bates Streets on the Boulevard of the Allies, we have to submit herewith a plan providing for the separation of grades for this important traffic intersection, this plan to be used in conjunction with the widening and re-improvement of Wilmot Street from the intersection to the bridge and also the future extension of the boulevard via Bates Street to Schenley Park.

The intersection submitted is designed to allow for the free flow of through traffic reaching this intersection via the Bates Street line and Wilmot Street line and passing through this intersection to the boulevard west of Halket Street and at the same time to provide convenience of access to the Oakland district without interruption of the through traffic on the boulevard.

Under this plan there will only be one grade intersection on the line of through traffic which would occur at the intersection of Coltart, Bates and Zulema Streets with the boulevard and the traffic would be regulated by making Zulema Street and Halket Street extended to Coltart Street one way thoroughfares. This grade intersection could be entirely eliminated by carrying the boulevard traffic overhead but this would greatly decrease the ease of accessibility to and from the Oakland district. The interruption to through traffic at this particular point would be of a very minor nature and it is our opinion that the intersection could be successfully operated by light control.

Comparing the grade separation plan for the intersection with the traffic circle plan we believe that the future traffic which will be heavy,

can be operated over the grade separation plan much more successfully owing to what we believe the impossibility of crossing lines of traffic on the proposed circle.

As to the comparative costs of the two schemes both estimates including the widening of Wilmot Street to Schenley Park, we would state the following.

Cost of the grade separation plan complete and the widening of Wilmot Street to the Schenley Park Bridge.

Physical Work.	\$ 537,000
Damages.	208,000

Total. \$ 745,000

Estimated cost of the traffic circle plan.

Physical Work.	\$ 255,000
Damages.	332,000

Total. \$ 587,000

Both of the foregoing estimates are based on the development of the ultimate plan.

Our recommendation is that the grade separation plan be adopted for the ultimate plan and the next step in the extension of the Boulevard of the Allies should be the widening of Wilmot Street and the taking of additional property so far as finances will permit for the development of the grade separation plan.

In connection with such work as your Honorable Body may desire to have carried out in the near future we would submit the following estimates.

For the widening of Wilmot St. from its present width of 50 ft. to 80 ft. from Halket Street to Schenley Park Bridge, estimated cost is as follows.

Physical Work.	\$ 140,000
Damages.	183,000

Total. \$ 323,000

Additional property at an estimated value of \$25,000 should be taken later for the development of the grade separation plan which need not be acquired in the Wilmot Street proceedings. The total estimated cost of widening and improving Wilmot Street and acquiring all property necessary for the grade separation plan is \$348,000.

The available balance remaining in bond fund 272 is \$290,000 including approximately \$10,000 reserve for engineering expense, leaving \$280,000 available for future commitments. This balance is liable to be increased or decreased from time to time as damage appeals are settled.

Attached hereto find detailed report as to estimated cost of grade separation plan submitted by Chief Engineer Reed of the Bureau of Engineering.

Yours very truly,

Edward G. Lang,

Director.

DEPARTMENT OF PUBLIC WORKS

June 26, 1929.

Subject: Mt. Washington Roadway.
President and Members of Council,
City of Pittsburgh.

Gentlemen:

We are submitting herewith as requested a blue print copy of the opening plan for the Mt. Washington Roadway which plan shows the proposed alignment of the roadway from Arlington Avenue to South 9th Street and shows the properties to be taken by condemnation proceedings either as street widenings or as openings for the new thoroughfare.

The financial statement of the Mt. Washington Roadway project is as follows:

(1). Total funds provided by the bond issues of 1919 and 1926.\$1,801,000.00

Less expenditures prior to Mar. 1, 1926 deducting \$1,000 for bonds not sold. 75,685.03

Funds Available.\$1,725,314.97

Total expenditure to date covering the completion of the roadway from the Liberty Tunnels to Grandview Avenue including all property damages, engineering and legal expenses. 1,215,993.75

Balance available for construction of roadway and property damages between Arlington Avenue and South 9th Street.\$ 509,321.22

(2). The estimated cost to com-

plete the roadway between Arlington Avenue and South 9th Street is as follows:

Estimated damages for property taken.\$ 255,000

Roadway contracts. 170,000

Viaduct contracts for crossing over Pennsylvania Railroad and for special construction near Arlington Avenue. 520,000

Engineering Expenses. 62,792

Total.\$ 1,007,792

(3). Deficiency in funds for completion of project as follows:

Estimated cost of additional contracts and damages for completing lower section.\$1,007,792.00

Less balance available.... 509,321.00

Deficit.\$ 498,471.00

(4). The deficiency in the funds for completing this project which are now estimated at \$498,471.00 is ascribed to increases over and above the estimated cost upon which the bond issue of 1926 was based as follows:

Increase in estimated cost of roadway between Arlington Avenue and South 9th Street as compared with original bond issue estimates.\$ 243,292.00

Due to increased damages for roadway between Liberty Tunnels and Grandview Avenue. 64,181.00

Payment of estimates due on certain contracts awarded in 1925 and cancelled for payments made out of bond funds. 65,957.00

Increased costs of construction and engineering on roadway and bridges between Liberty Tunnels and Grandview Avenue. 124,570.00

Total.\$ 498,000.00

The increase in cost of the easterly or lower section of \$243,292.00 is due to the fact that the original bond issue estimates were based upon incomplete data while the present estimates have been based upon thorough surveys and complete topography, investigations by drilling of sub-surface and soil conditions and by detailed study of the alignment. A considerable part of the increased cost is due to revisions made at the intersection with Arlington Avenue

where special steel construction is now planned. A further reason for the increase in cost of this section is increasing the width of the roadway from 20 ft. to 27 ft.

(5). With regard to the increase in damages, more land was finally taken than was contemplated at the time the bond issue estimates were made. The Department did not anticipate that settlements on account of the cancelled contracts were to be made out of the bond funds. This accounts for a loss of about \$66,000.

The construction costs of the roadway between Liberty Tunnels and Grandview Avenue were increased principally on account of foundation conditions.

The largest increased cost arising out of the necessity for special construction where an abandoned coal mine was encountered necessitating additional work or extra work in construction of retaining walls, filling in the mine and removing the overburden.

The work completed to date including damages has exceeded the original estimate of \$259,177.00.

The original estimated cost of this section was \$764,500 while the final cost is \$1,007,792.00.

Yours very truly,
Edward G. Lang,
Director.

Gentlemen:—

Replying to your communication of June 14, in re meeting of the Committee on Public Works, held on June 11, which had reference to the lowering of the lights on Federal Street, North Side, beg to advise that we recommend that the Duquesne Light Company be authorized to lower these lights and install one-thousand candle power lights instead of six as now operated.

We also suggest that this will be a forerunner of many other requests for similar changes in lighting systems in various parts of the City and of

course it will be necessary to provide additional funds in our Budget for next year.

DEPARTMENT OF PUBLIC WORKS

June 21st, 1929.

President and Members of Council,
Pittsburgh, Pa.

Gentlemen:

We have to inform you that, due to

an emergency condition, this Department has been forced to do a necessary work in connection with Ross Pumping Station, without the usual formality of ordinances or competitive bids.

We have employed the R. Munroe & Sons Mfg. Co. to alter the damper in the main flue, and to install an entirely new damper frame. For this, they have given us a lump sum quotation of \$495.00.

In order to alter this damper and install the frame, it became necessary to remove portions of certain induced draft fans and ducts installed under another contract by the same Munroe Company, and this work, which is uncertain as to extent and time required, is being done on the basis of cost plus 15%. I anticipate that the entire cost of the work will be less than \$1,000.00, and is payable from Bond Funds No. 267 of 1926.

This work is caused by the failure to realize the draft conditions anticipated in the flue installed more than twenty years ago, and the work could only be done when the new 600 h. p. boiler was temporarily out of service; and further, the work could not be done by a contractor other than Munroe without invalidating other contracts with the same Munroe, inasmuch as some of the work that he has installed under that contract must be disturbed.

Inasmuch as we were forced to shut down this boiler for other reasons, this emergency work was started during the past week and should be completed within a few days, although the changes are being accomplished in a flue carrying hot gas from six boilers, and in a boiler room of over 135°.

As soon as this work is completed, we will submit the necessary resolution covering the charges in the case.

Yours very truly,

Edward G. Lang,

Director.

DEPARTMENT OF PUBLIC WORKS

June 25, 1929.

President and Members of Council,
City of Pittsburgh.

Gentlemen:

We beg to advise you that we have
given further study to the location
of the swimming pool in East Park,
North Side, and after looking at the
problem from every angle and con-
sidering the merits of all the sug-
gestions that were made, we con-
cluded that the only thing to be done
was to move the building thirty feet
south from the location last decided
upon.

It would be exceedingly unwise to
turn this building and place the
swimming pool itself exposed to the
highway on the south of the park,
and we believe that our plan as now
contemplated moving it south 130 feet
from its original contemplated loca-
tion will be the very best that can
be done, meet the needs of this pool
and in very great measure eliminate
the objections that have been pre-
sented against the location of the
pool at this point.

We trust that Council will approve
this matter as we are very anxious to
advertise the contract for the same
and have the work begun at the
earliest possible time.

Yours very truly,

Edward G. Lang,
Director.

Which were read and referred to
the Committee on Public Works.

DEPARTMENT OF CITY PLANNING

Pittsburgh, June 25, 1929.

Mr. Robert Clark, City Clerk,
City of Pittsburgh.

Dear Sir:

The Planning Commission received
your letter of the 19th instant, with

respect to two motions adopted by
the Public Service and Surveys Com-
mittee of Council that the Planning
Commission when it has proposals
submitted for approval or disapproval
of lot plans it endeavor to have the
owner pave the streets and install
public utilities and, also, endeavor to
have the owner dedicate an ample
portion of the ground for the estab-
lishment of a play spot for the use of
children.

The Commission heartily concurs
with Council's views in this matter
and begs to report that this has been
the policy of the Commission for some
time past.

Yours very truly,

DEPARTMENT OF CITY PLANNING

L. W. Monteverde,

Chairman.

THE PITTSBURGH COAL
EXCHANGE

Pittsburgh, Pa., June 26th, 1929.

Mr. James F. Malone, President,
City Council,
Pittsburgh, Pa.

My dear Mr. Malone:

Under date of June 15th we wrote
to you relative to the contemplated
lease by the City of Pittsburgh of
part of the lower Monongahela River
Wharf for purposes of aviation. At
that time we requested more informa-
tion relative to the project since we
had none.

Representatives of the Pittsburgh
Aviation Corporation have advised us
of their desire simply to moor two
barges at the wharf for the storage
of aircraft and to have a small float
for the convenience of passengers
boarding or disembarking from their
ships, with no permanent structures
which might possibly interfere with
river commerce.

We want to advise you that this
Exchange offers no objection to the
lease by the City of Pittsburgh of
the river front for use in the above
mentioned manner.

Yours very truly,

THE PITTSBURGH COAL
EXCHANGE

By Alex. W. Dann,

President.

Which was read.

The Chair said:

The City Solicitor did notify Council that we did not have any legal right to lease any of the wharf property for aviation purposes, but under an ordinance passed by Council giving the Director of the Department of Public Works authority to make such a lease, and using his prerogative the Director did make a lease, but when adverse criticism was directed against this proposition the Director cancelled the lease.

I think a motion should go to the Director of the Department of Public Works from Council that so far as we are concerned, we have no desire to interfere with his prerogative under the ordinance.

Mr. Garland moved

That the communication be received and filed, and inasmuch as there is no necessity for a hearing, that the Council notify the Director of the Department of Public Works that they have no desire to interfere with his prerogative in issuing the lease.

Mr. English moved

To amend the motion by substituting the following:

Whereas, Council at the request of the Pittsburgh Coal Exchange asked the Director of the Department of Public Works to withhold making any lease for aviation on the wharf; and

Whereas, The Pittsburgh Coal Exchange has withdrawn any objections or desire for a hearing; Therefore, be it

Resolved, That the Council approves this lease and that the Director of the Department of Public Works proceed to issue the lease.

Mr. English said:

Mr. President, My purpose in offering the substitute motion is because the party or organization interested had made a protest and asked for a hearing, and inasmuch as they have withdrawn their objection or desire for a hearing, we should take definite action.

Mr. Anderson arose and said:

Mr. President, Not knowing what the persons who asked for this hearing were going to say, I believe we should have a hearing on this proposition so that we may know what the proponents propose to do. I am

interested in the welfare of the people of Pittsburgh, and if the conditions are as dangerous as some people say, I believe we should know about it. I have no interest in the gentlemen who asked for the hearing and I do not know what they proposed to say in opposition to this lease, but in order to satisfy myself on certain questions I believe we should have a hearing.

Mr. Winters arose and said:

Mr. President, I think Mr. Anderson is right in some respects. I am surprised at the action taken, because I thought the President of Council had arranged a hearing.

The Chair said:

There had been no hearing arranged. The way this matter left the committee before was, that if the proponents of this ordinance wanted a hearing we would be glad to give them one. Up to this minute they have not asked for one.

Mr. Winters arose and said:

Mr. President, I thought the day we talked on this ordinance in committee there would be a hearing and at that time I raised some questions, which, in a sense, might seem foolish, but represented to me by reputable citizens and among them the possible danger to buildings and to the general public, and for that reason the city ought to be interested enough to safeguard the public. I am not conversant with aviation, but I know that there are certain hazards connected with it. For instance, one gentleman said to me and he is a representative business man, that other cities compel activities of this kind to go outside the city limits for fear of possible danger to the people. We know that only recently we lost our representative on the City Air Board by reason of an accident. If that happened in the heart of the city, we do not know how much damage would have been done and how many people in addition to the flyers would have possibly been killed. The element of falling on buildings in the neighborhood is another question that ought to be raised and I proposed to do that at a public hearing. We ought not to be rushed off our feet and dispose of this without going into every phase of the matter.

We found that the Director of the Department of Public Works had granted a permit, which he had a legal right to do, and that settled that question.

Mr. Herron arose and said:

Mr. President, The first member of Council to fly in the City of Pittsburgh was the gentleman who just finished speaking. I had the privilege of flying with Mr. Winters and I know that he has visible evidence of the fact that it is not going to harm anybody. There is an element of danger in practically every activity. I remember when the first skyscraper was being erected people were afraid to walk on the same side of the street for fear they would be killed by some falling timber or other material. Now, people walk past such operations without giving a thought to the work going on. Yet the element of danger is there. Therefore, I am in favor of Mr. English's motion.

Mr. Little arose and said:

Mr. President, In connection with this subject, I wish to remind the members of Council that it is proposed to erect two more bridges across the Ohio River and at the present time we have the Manchester and Point Bridges and between the latter bridge and the Smithfield street Bridge we have the Railroad bridge, and because of the air current in the river it is going to be difficult for these ships to make a landing. For that reason I believe we should have a hearing to discuss these features. It is our duty to safeguard the interests of the rivermen as well as the general public.

Mr. Winters arose and said:

Mr. President, There has been a question raised why the Director of the Department of Public Works cancelled this lease. I heard no answer to this. The Director is present and with your permission I am going to ask him why he cancelled this lease?

Mr. Edward G. Lang, Director, Department of Public Works, said:

Mr. President, I issued the lease, as I advised Council, under an act providing for that authority and immediately after that had been issued I was approached by several members of Council and also saw in the public

press considerable opposition to it, and in fairness to all concerned, I decided to recall the lease until the problem could be discussed more thoroughly and an agreement of the matter arrived at that would be satisfactory to all concerned. I had no official notice from Council to cancel the lease, but I thought it was the judicious thing to do, and I was within my right in doing it.

And the question recurring on the substitute motion offered by Mr. English, the motion did not prevail.

And the question recurring on the original motion, "That the communication be received and filed, and inasmuch as there is no necessity for a hearing, that the Council notify the Director of the Department of Public Works that they have no desire to interfere with his prerogative in issuing the lease?"

Mr. English demanded a call of the ayes and noes, and the demand having been sustained the ayes and noes were taken agreeably to law, and were:

Ayes — Messrs. English, Garland, Herron, McArdle.

Noes—Messrs. Alderdice, Anderson, Little, Winters, Malone (President).

Ayes—4.

Noes—5.

And there not being a majority of the votes in the affirmative, the motion did not prevail.

Mr. Winters moved

That the President of Council be requested to set a time for a hearing at which all persons for or against the proposition can be heard.

Which motion prevailed.

And the Chair set Monday, July 1st, 1929, at 10:00 o'clock, AM. as the time for the hearing.

UNFINISHED BUSINESS.

The Chair took up

Bill No. 5039. An Ordinance entitled, "An Ordinance authorizing and directing the grading to widths of 47½ feet and 40 feet, paving and curbing of Brushton avenue, from the present paving at Thorn street to City Line; letting a contract therefor, and providing that the costs, damages and expenses of the same be assessed against and collected from property specially benefited thereby."

CITY OF PITTSBURGH

Pennsylvania

June 24, 1929.

Council of the City of Pittsburgh.

Gentlemen:—

In re Bill No. 5366, An Ordinance authorizing an Agreement between the City of Pittsburgh and the Pennsylvania Railroad Company, providing for a location and for the construction of the 33rd Street Trunk Sewer on and across the private property of the Pennsylvania Railroad Company at and near the Herron Avenue Bridge, Article 9 of which ordinance was amended by striking out the following: "Pursuant to a resolution of its Board of Directors, adopted the— day of— 192 ", and upon which Bill a motion was adopted that the City Solicitor advise Council on Monday, June 24, 1929, as to whether this Ordinance is in proper form as amended and whether such an Agreement can be entered into with the

Railroad Company without the authorization of its Board of Directors. I advise you as follows:

I called Mr. Whiter, Vice President of the Pennsylvania Railroad Co, asking him to show authority for the officers here to execute agreements. This authority must have been given by the Directors, as Mr. Whiter informs me that he has such authority and will look same up and let me see it. Until I receive the same from Mr. Whiter, I cannot fully report to you, for the reason that if there is general authority, then, of course, the officers can execute the Agreement. If there is no general authority, then this Agreement must be authorized by the Board of Directors.

Respectfully yours,

Chas. A. Waldschmidt,

City Solicitor.

Which was read, received and filed.

President and Members of

City Council.

Gentlemen:

Operation of the traffic control signal system has brought out the difficulties caused by Shingiss street traffic entering Forbes street so near the approach from the Liberty Bridge. Unless an officer gives special attention to this intersection constantly, serious congestion is caused to the important intersection of Sixth avenue and Forbes street.

To remedy this condition I am instituting a 60-day trial of the following regulation, effective July 1, 1929.

"Shingiss street, from Forbes street to Locust street, southbound only;

Boyd street, from Locust street to Forbes street, northbound only."

There is no doubt but what the proposed regulations will materially improve conditions at this point. These regulations have been approved by the Better Traffic Committee.

Yours very truly,

James M. Clark,
Director.

Charles H. Kline,
Mayor.

President and Members of Council.

City of Pittsburgh.

Gentlemen:—

We beg to advise you that this Department has been prepared to advertise for bids for contract to remove Soldier's Monument from Monument Hill for many weeks. On May 29, 1929, Council appropriated \$400.00 to the Art Commission for the purpose of making studies on this Monument. We are unable to proceed with this removal project until the Art Commission makes a final report, but we are very desirous of having this contract let at an early date, but cannot proceed for the reasons above assigned.

Yours very truly,

Edward G. Lang,
Director.

Which was read.

Mr. McArdle arose and said:

Mr. President, I want to ask the Clerk of Council if we received a communication saying that the monument could not be removed by the department.

The Clerk said:

No, sir, we never received such a communication.

Mr. Little arose and said:

Mr. President, The other day in committee, Council adopted a resolution asking the Department of Public Works to advertise for bids for

the removal of this monument, and the letter from the Director just read is an answer to that resolution.

Mr. Herron arose and said:

Mr. President, I went over to see the monument and because of the intense explosions taking place there every joint in the monument is loose, and every joint is beginning to show where the bonds are broken. Therefore, action should be taken at once to protect the monument, either by removing it or taking it down and storing it until such a time as it can be replaced in the location selected.

If we adopt Mr. Little's resolution and the Director asks for bids to remove the monument, we will at least know what amount it will cost. I think if we advertise for bids for the removal of the monument we will be surprised at the amount it will cost, which I believe will be much less than the sum we have appropriated, namely \$33,000.00.

Mr. Anderson arose and said:

Mr. President, Who wants the monument removed?

Mr. Little said:

Mr. President, The soldiers asked that it be moved. The North Side Chamber of Commerce and other public spirited citizens have agitated its removal for some time.

Mr. McArdle moved

That a copy of the report, with all previous legislation on the question, be furnished to the Mayor with the request that he have the Art Commission make its report so that final disposition of the matter can be made promptly.

Which motion prevailed.

President and Members of Council.

City of Pittsburgh.

Gentlemen:—

The Department considers it most advisable and necessary to straighten out the angle in Sedgwick street and California avenue north and west of the Sedgwick Street Bridge crossing the Pennsylvania Railroad, or in other words to extend California avenue from the Sedgwick Street Bridge along the northerly side of Railroad

to California avenue at the Fulton Street Bridge. This is particularly advisable in connection with the proposed Ohio River Boulevard to be constructed by the County of Allegheny and in addition thereto, will eliminate bad angles and grades on the existing highway.

We are communicating with you on this matter requesting permission to have the appraisers of the Law Department make estimates of damage that will occur on account said relocation of street, which is in reality an opening of a new street.

This is a matter that was considered by the former City of Allegheny more than 20 years ago, at which time the Pennsylvania Company, by an agreement with the former City of Allegheny, agreed to give the necessary ground on their properties without charge for said new street.

We accordingly ask permission to have the appraisals referred to above made in order that we may present ordinances to your Honorable Body for same.

Yours very truly,

Edward G. Lang,

Director.

REPORTS OF COMMITTEES

Mr. McArdle (for Mr. Winters) presented

No. 5524. Report of the Committee on Public Works for June 27, 1929, transmitting sundry ordinances to council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 141. An Ordinance entitled, "An Ordinance authorizing and directing the grading, paving and curbing of Fairdale street, from Chartiers avenue to Jean street; letting a contract therefor, and providing that the costs, damages and expenses of the same be assessed against and collected from property specially benefited thereby."

Which was read.

Mr. McArdle moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time.

Mr. Alderdice arose and said:

Mr. President, I was going to ask that those bills be held over until Monday on account of Mr. Winters being absent, but there seems to be a disposition on the part of the other members of Council to pass these ordinances. I don't suppose a motion to hold them over will prevail. Therefore, I am not going to make such a motion. Out of justice and fairness to Mr. Winters, who is interested in the improvement of Muriel street, a street which had been before Council for some months previous to the present ordinances now before us, I really think it should receive consideration before we pass upon these ordinances. That is my reason for wanting them held over until Monday.

Mr. Anderson arose and said:

Mr. President, I don't understand the gentleman at all. In committee the other day he strenuously objected to the passage of these ordinances for the reason that he feared the Council were exceeding their credit. Now, he advances the reason that he wants them held up because of Mr. Winters' absence. I want to know whether he is satisfied the money is there. That is what he ought to explain.

Mr. Alderdice arose and said:

Mr. President, It is not my purpose to repudiate the stand I took the other day. I objected to taking them up at all because Mr. Winters asked to postpone them until he returned. I never have opposed street improvements as long as we were able to pay for them, and I think as one member to another we should not rush things through when a member, who is interested is absent.

Mr. English arose and said:

Mr. President, I have labored for several days to persuade my colleague, Mr. Alderdice, that these bills were perfectly all right and had nothing to do with Mr. Winters or Muriel street. These bills are not

charged against the councilmanic borrowing power. All of these bills are charged against the People's Bond Fund No. 293, and have nothing to do with Muriel street.

Mr. Winters did make that motion, but since that meeting I talked to him and he was perfectly satisfied that they have nothing to do with Muriel street, and he said that he would be satisfied if the Council passed these bills. Unfortunately he had an engagement which took him out of the city, and I make this statement for him. A gentleman may misunderstand another member's position, and I tried to set Mr. Alderdice right so far as Mr. Winters was concerned.

In justice to the people who live on these unimproved streets, I think it is our duty to pass these ordinances.

Mr. McArdle arose and said:

Mr. President, When the bills were first laid over and then sent back to committee, no reference was made to Muriel street, and since the introduction of the discussion of Muriel street, it has been demonstrated that all of the legislation presented to this body effecting Muriel street has been passed; and as far as this body knows, it is legal and binding legislation, and I presume when further legislation is presented affecting Muriel street, Council will be able to give it the consideration that it has given all other bills.

And the bill, as read a second time, was agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes—Messrs.

Alderdice	Herron
Anderson	Little
English	McArdle
Garland	Malone (Pres't).

When the name of Mr. Alderdice was called, he arose and said

Mr. President, I am voting Aye, because I do not want to be known as an obstructionist, although I do not

think it is the time to pass these ordinances.

When the name of Mr. Anderson was called, he arose and said:

Mr. President, I am voting Aye, because I always vote for street improvements.

When the name of Mr. Little was called, he arose and said:

Mr. President, I vote Aye for the same reason as given by Mr. Anderson.

Ayes—8.

Noes—none.

And there being three-fourths of the votes of council in the affirmative, the bill passed finally, in accordance with the provisions of the Act of Assembly of May 22, 1895, and the several supplements thereto.

MOTIONS AND RESOLUTIONS

Mr. Herron presented

No. 5525. Resolved, That the Department of Public Works be it is hereby authorized and directed to erect a temporary band stand on vacant property on Camfield street between Abner avenue and Rietter street, to be used during the first week of July.

Which was read.

Mr. Herron moved

The adoption of the resolution.

Which motion prevailed.

Mr. Little moved

That the Law Department give a decision as to the authority of the Art Commission to stop the removal of the monument from Monument Hill.

Which motion prevailed.

Mr. Herron moved

That the Law Department furnish an opinion as to the necessity of the printing of the minutes of a regularly called meeting of Council, at which there was no quorum in attendance, when the same had been postponed by the President.

Which motion prevailed.

The Chair said:

One of the purposes of this meeting, as we all know, was for the City Controller to present an ordinance carrying into effect an agreement regarding the garbage and rubbish situation with the American Reduction Company.

There was no ordinance presented along the line of what he proposed to present on Thursday, and he wants to tell you why.

Henry O. Evans, City Controller, said:

Mr. President and Members of Council:—I just received notice a few minutes ago from the company that they repudiated their agreement to enter into an arbitration and all agreements are cancelled. That is the reason there is no arbitration agreement or no agreement ordinance presented. All we ask for is an appropriation for the expenses of continuing the audit at this time. Later on probably certain legal steps on the city's claims will be taken.

Mr. Anderson arose and said:

What is the amount you desire?

Mr. Evans:

I would suggest at least \$10,000.00.

The Chair said:

You have all of the law, all of the authority, for further proceedings; that is, legal proceedings; so far as arbitration was concerned, you have no legislation?

Mr. Evans:

Yes, sir.

The Chair:

So far as entering a lawsuit against the company, you do not need any legislation?

Mr. Evans:

No, sir.

The Chair:

All you want now is for Council to act on the question of an appropriation?

Mr. Evans:

Yes, sir.

The Chair:

When you say you want this money for the audit, do you mean by that you are going to make and complete the audit before you start proceedings?

Mr. Evans:

No, sir; we are at the audit and have been at it right along and are still at it and will continue until the company stops us, if they do stop us. We have not decided on the legal proceedings yet with the legal department. The audit may stop on account of the proceedings, but the auditors will have to work with the lawyers on the audit. So the money is necessary whether the auditors work with the lawyers or not.

The Chair:

When will the proceedings start?

Mr. Evans:

The proceedings in some form will be started next week.

The Chair:

You are holding up the May estimate?

Mr. Evans:

Yes, sir.

The Chair:

Why?

Mr. Evans:

So long as there is any question of the ability of the company to pay the entire claims as may be developed, it is my duty to hold up the money.

The Chair:

The other day you made the statement that you thought the company's assets, from the standpoint of buildings and equipment and good will and bank balances, probably amount to \$1,500,000?

Mr. Evans:

Yes, sir.

The Chair:

I want to give you a little information I have that I believe you should do something immediately. I learn that this company paid out within the last week or ten days in dividends \$500,000 in actual cash.

Mr. Evans:

That is right.

The Chair:

They paid out \$500,000 to the stockholders of the company before the company was sold and took the money out of the treasury. I say to you Controller that we have a good deal to think about, and this company has taken out \$500,000 in cash and sold the company and the purchasers have new kind of agreement that you will have to go through, and he will have to make good on that, and it will not be the American Reduction Company who will pay this money back to the new purchaser. I say the thing you should do is to demand that this company put back into the treasury the \$500,000 dividends and not pay any of these estimates for monthly current accounts until such time, or until we have enough money to guarantee the amounts alleged overcharged, and try to go into court and instruct our Health Department to take the company over immediately. We find the treasury of the company has paid out this money and sold the company, and I think we should immediately start to get back the \$500,000 and take whatever legal proceedings are necessary as a matter of protection to the people of Pittsburgh.

Mr. Evans:

We have already made a demand for the return of this money, and this May voucher or any other voucher would not be paid until this claim is settled.

The Chair:

Do you know the date of this transfer?

Mr. Evans:

I do not know whether it has been transferred.

The Chair:

Do you know the date of the agreement?

Mr. Evans:

I do not know.

The Chair:

It is July 16th and this old company has taken this money out and the new company has not this dividend to work with, and therefore I think we should get busy right away and institute whatever legal proceedings are necessary. Did they repudiate this agreement you mentioned to the members of Council on Thursday?

Mr. Evans:

Yes, sir.

The Chair:

I think some member of Council should move that the City Controller take whatever legal steps are necessary to protect the city's interest as outlined by him, and that the Department of Public Health be instructed to keep in close touch with the Controller's Office regarding this matter.

Mr. Alderdice moved

That the City Controller proceed at once and take the necessary steps to protect the city's interest as outlined by him, and that the Department of Public Health be requested to keep in touch with the Controller's Office to protect the interest of the city of Pittsburgh.

Which motion prevailed.

Mr. Garland, at this time, presented

No. 5526. Resolution authorizing and directing the transfer of the sum of from Code Account No. 1008, Special Contingent Fund, to Code Account 1010, Controller's Audit Fund.

Which was read and referred to the Committee on Finance.

And there being no further business before the meeting, the Chair declared

Council adjourned.

DEPARTMENT OF PUBLIC WORKS

July 1, 1929.

President and Members of Council,
City of Pittsburgh.

Gentlemen:—

Referring to Council Bill No. 5251, Resolution that the Department of Public Works be and it is hereby requested to furnish Council with a report and recommendation, together with an estimate of the cost, as to the advisability and feasibility of constructing steps of wooden or concrete construction leading from the intersection of the Point and Manchester Bridges to the small plot of ground at the junction of the Allegheny and Monongahela Rivers, attached hereto please find copy of report on same from the Chief Engineer of the Bureau of Bridges and Structures.

Yours very truly,

Edward G. Lang,
Director.

June 28th, 1929.

Council Bill No. 5251,
Manchester Bridge.

Edward G. Lang, Director,
Department of Public Works,
City of Pittsburgh.

Dear Sir:—

Council Bill No. 5251, the same being a resolution "That the Department of Public Works, be and it is hereby requested to furnish Council with a report and recommendation, together with an estimate on the cost, as to the advisability and feasibility of constructing steps of wooden or concrete construction leading from the intersection of the Point and Manchester Bridges to the small plot of ground at the junction of the Allegheny and Monongahela Rivers", was referred by you to this Bureau for "recommendation, report and estimate of cost." The following is therefore submitted. There does not appear to be any great necessity for a flight of steps at this place, and their construction cannot therefore be recommended. If in your opinion, the steps should be built, concrete should be used instead of wood. There is no particular difficulties in the construction of either type, except bad foundations.

It is estimated that the wooden steps will cost \$500.00 and the concrete steps \$2,500.00. Attached hereto is blueprint of a sketch showing the location upon which the estimate is based.

Yours very truly,

John D. Stevenson,
Chief Engineer

Bureau of Bridges and Structures.

DEPARTMENT OF PUBLIC WORKS
July 8, 1929.

President and Members of Council,
City of Pittsburgh.

Gentlemen:—

We regret to have to advise you that the Court has ordered a temporary injunction restraining the City of Pittsburgh from using the Stanton Avenue dump on Highland Park property, as a dump from this time. This leaves the Bureau of Highways and Sewers in a very unsatisfactory situation, inasmuch as dumps are becoming more scarce each day because of the development of the properties in the various parts of the City adjacent to our dumps. For the time being, we are using a portion of City property in Highland Park near the Heth's Run valley, but some policy and plan must be promulgated to relieve the City from the continuous annoyance of citizens complaining about dumps, and it seems to me that in a very short time we will be obliged to secure dumping facilities outside the City, which will necessitate the hauling by rail, or by long truck routes, the sweepings from the highways and the material gathered from sewer drops and catch basins.

I have requested the Bureau of Highways and Sewers to endeavor to locate property as close to the City as possible which may be used for dumping purposes and not cause any criticism by reason of the isolation of such properties, and when some-

thing definite is at hand, I shall be glad to advise Council accordingly.

Yours very truly,

Edward G. Lang,

Director.

SOUTH 10th STREET BRIDGE.

President and Members of Council,
City of Pittsburgh.

Gentlemen:—

The County of Allegheny in connection with the proposed reconstruction of the South 10th Street Bridge, has submitted to this Department a plan showing the location and proposed grade of the south approach which affects South 10th Street, from Carson Street northwardly toward the River.

The change of grade and the widened street or the occupancy for street purposes of the full width of the street, portions of which are now apparently occupied by abutting properties and railroad tracks, involves a rather difficult problem of estimating damages, especially account change of grade, and we accordingly submit to your Honorable Body the proposition of granting us authority to have the Law Department, through their expert appraisers, furnish this Department an estimate of damage account said improvement.

Yours very truly,

Edward G. Lang,

Director.

THE COLONIAL TRUST COMPANY

Pittsburgh, Pa., July 6, 1929.

Honorable James F. Malone,
President, and

The Honorable Members of Council,
City of Pittsburgh,

City County Building,

Pittsburgh, Pennsylvania.

Gentlemen:—

We are informed that at a meeting of your Honorable Body held on Saturday, June 29, 1929, the City Controller reported that he was contemplating and preparing a suit against the American Reduction Company, growing out of the interpretation of contracts between the American Reduction Company and the City of Pittsburgh, prior to the year 1929. We are further informed that he was directed by your body to continue to withhold the monthly payments payable to the company under the present contract for the reason that a dividend of \$500,000.00 had recently been declared and paid by the company.

We beg to state that the undersigned, The Colonial Trust Company of this city, and George H. Flinn, Jr., as Executors under the will of the late George H. Flinn, own all of the capital stock of said company. It is true that the dividend mentioned was declared and paid, but this action was not taken for the purpose of evading the payment of any claim of the City. The dividend was declared and paid in pursuance to a contract between the Executors and a prospective purchaser of the stock of the company, and for no other purpose.

In order that there may be no misunderstanding of the position of the Executors and their desire that there be no friction between the City and the American Reduction Company in the carrying out of the 1929 contract for the removal of the garbage and rubbish from the City of Pittsburgh, we, the undersigned, Executors of the Estate of George H. Flinn, hereby propose and agree with the City of Pittsburgh that we will constitute a trust fund of the dividend of \$500,000.00 aforesaid and agree that it shall be immediately and first available for application to any decree or judgment that may be awarded the City of Pittsburgh on any alleged claim the City may have against the American Reduction Company when said decree or judgment becomes final. This will make available to the City of Pittsburgh, in case any claim is established, the same amount of resources that the company had prior to the declaration and payment of the dividend.

We believe that this fulfills your requirements; we are further informed that as Executors we can do no more to safeguard either the interests of the City of Pittsburgh or the American Reduction Company. We, therefore, respectfully ask your Honorable Body, coincident with the placing in trust the \$500,000.00, to request the Controller to release the monthly estimates presently due the American Reduction Company and that the future monthly estimates under the 1929 contract be paid as per the terms of the contract.

It is necessary that the monthly payments under the 1929 contract be made as per its terms so that the company will be able to perform and that there will be no interruption in its service to the City. Furthermore, it must be apparent to you that this company, as a going concern, is much more valuable to the City of Pittsburgh as a source from which the City may be able to collect any claim than can be substantiated.

Very respectfully yours,

THE COLONIAL TRUST COMPANY

Jas. C. Chaplin,

President.

DEPARTMENT OF PUBLIC
WORKS

July 8, 1929.

President and Members of Council,
City of Pittsburgh.

Gentlemen:—

Mr. J. L. Herber, Division Engineer, State Highway Department, for the Local District, has instructed this Department verbally that by an Act of the Pennsylvania State Legislature the sum of \$2,000,000 was set aside and appropriated for the years 1929 and 1930 for construction, repairs, maintenance, etc. of certain main thoroughfares in the State using streets, roads, etc. through cities, boroughs and townships, exclusive of Philadelphia.

As we understand Mr. Herber, the State may build the roadway or the city may build the roadway and bill the state for its share of the work. There is a limitation on the State's work to the effect that the State will not build or be responsible for a width of more than 20 feet on any street or roadway, also if the contracts are awarded by the city the State will not assume any maintenance in the future but the State will assume maintenance where the State does the physical work.

The total mileage within the State of such roads is approximately 295 miles, of which amount approximately 30 miles are within the City of Pittsburgh so that approximately \$200,000 is available from State funds for road and street improvements on

State main highways within the City limits of Pittsburgh.

The State has designated the highways to which this fund may be applied and Mr. Herber and Mr. Reed of the Bureau of Engineering of the City have inspected the 30 miles of streets within the City Limits to make an approximate determination of what shall be done with the allotment of the funds to the City of Pittsburgh district. The streets affected are as follows:

Dallas avenue from Kelly street to Wilkins avenue.

Carson street West from Point Bridge to Chartiers Creek.

Noblestown Road from the City Line as present exists northwardly and eastwardly to the old City Line near Obey avenue.

Dinsmore avenue from a point near Obey avenue on the Noblestown Road 1000 feet westwardly toward Crafton.

Perrysville avenue from Ivory avenue to Franklin Road.

Lebanon street in the former Borough of Hays.

We have made some approximate estimates of the total cost of improving these thoroughfares and have divided same to show the portion that would be paid for by the City and also by the State and submit the following schedule.

Street—Dallas avenue—from Reynolds street to Wilkins avenue. Total Cost, \$14,000; City's Share, \$6,000; State's Share, \$8,000.

Street—Carson street West—Chartiers Creek to Steuben street, State's Share, \$168,000.

Street—Carson street West—Corlies street to Steuben street, State's Share \$118,000.

Street—Noblestown Road—Dinamore to Baldwin Road, Total Cost \$60,000; City's Share, None; State's Share, \$60,000. (This street should be widened and the city pay for the additional cost.)

Street—Dinsmore avenue from Noblestown Road West 1000 feet, Total Cost, \$20,000; City's Share \$8,000; State's Share, \$12,000.

Street—Perrysville avenue — Ivory avenue to Franklin Road, Total Cost.

\$25,000; City's Share, \$15,000 for damages only; State's Share, \$10,000.

The State proposes to make this a 40 foot road and their total cost will be greatly in excess of the \$10,000 which is the estimated cost within the City Limits and the City is to pay the damages and widening within the City Limits.

Lebanon street in Hays Borough.

This is a connecting link between the Pittsburgh-McKeesport Road to the proposed aviation field of the County and at present is an unpaved street. We have made no estimate of this construction work for the reason that same will require a survey and cross sections but should not cost more than \$30,000 or \$40,000.

It will be plainly seen that the \$200,000 appropriated for this district by the State is not sufficient to do all of this work and it is suggested that a conference between Council, the Department of Public Works and Mr. Herber be arranged in the very near future in order that Mr. Herber may explain to Council in detail just how these funds may be used and settle upon a program to improve thoroughfares where same may be applied, as it will undoubtedly be necessary for the City in some cases to include portions of City thoroughfares in the repaving schedule for the year 1930.

An early conference is deemed advisable by this Department and we will await advice from your Honorable Body on this matter.

Yours very truly,

Edw. G. Lang,
Director.

DEPARTMENT OF LAW

City of Pittsburgh, Pennsylvania

July 2, 1929.

Council of the City of Pittsburgh.

Gentlemen:—

As to the following motion adopted at a meeting of Council held June 29, 1929:

"That the Law Department furnish an opinion as to the necessity of printing the minutes of a regularly called meeting of Council, at which there was no quorum in attendance, when the same had been postponed by the President,"

I advise you as follows:

In reference to the printing of the minutes where no quorum is present, this should be done in order to make a record.

No quorum being present, a notation should be made on the minutes as follows:

"No quorum being present, Council shall, therefore, stand adjourned."

This is in pursuance of Rule IV of the Council Rules.

As to whether a meeting of Council can be postponed by The President, would say that the President has no right to adjourn a regular meeting of Council. This must be done by action of the majority of the members of Council present, except

where the provisions of Rule IV apply as above cited.

Respectfully yours,

Chas. A. Waldschmidt,
City Solicitor.

Which was read, received and filed, and the Chair directed a copy be furnished each member.

REPORTS OF SPECIAL
COMMITTEES

Mr. Anderson presented

No. 5621.

Pittsburgh, July 8, 1929.

President and Members
Council of City of Pittsburgh.
Gentlemen:—

Your Committee appointed to draw a resolution on the death of Captain

William J. Snyder, respectfully submits the attached resolution, and recommend its adoption.

Charles Anderson
P. J. McArdle
John S. Herron
Committee.

Which was read and approved.

Also

No. 5622.

Captain William J. Snyder, of the United States Air Service, who represented the City of Pittsburgh on the Board having charge of Rodgers Field, was born in the City of Pittsburgh on May 24, 1896. He was educated in the Parochial and Public Schools of the City of Pittsburgh, and later attended Slippery Rock Preparatory School and Duquesne University and the University of Pittsburgh.

In 1917, he enlisted in the United States Army and was assigned to the Ground School as a Cadet at Tustin, Texas. He later received flying training at Payne Field, Mississippi, and was there commissioned as a Lieutenant. He was later commissioned Lieutenant Pursuit Pilot at Carlstrom Field, Arcadia, Florida. He was later ordered to France, and was en route on the Atlantic Ocean, when the Armistice was signed.

After being mustered out of service, he continued his unflagging interest in the promotion of aviation in all its branches and became a Reserve Officer in the United States Army Air Service, and on June 20, 1923, he was commissioned Captain in the United States Air Service and assigned as Flight Commander of 324th Observation Squadron of the 99th Division.

When the County of Allegheny and the City of Pittsburgh, jointly, promoted the development of Rodgers Flying Field, and provided for a Board of three men to govern it, the Mayor of the City of Pittsburgh appointed Captain Snyder, because of his proven interest in aeronautics, his proven patriotism and his deserved reputation as a highly capable flyer, to represent the City of Pittsburgh upon that Board, in which capacity he served with distinction and loyalty until his untimely death.

on June 20, 1929, while actively engaged in flying.

Because of his loyalty, patriotism and intelligent service rendered to the science of aeronautics and to the City of Pittsburgh in its endeavor to assist in the promotion of aeronautics, it is fitting that due recognition should be given to the splendid services of Captain William J. Snyder and that an expression of sympathy and condolence should be extended by the City to his mother and his family; Therefore, be it

RESOLVED, That the City of Pittsburgh, by its Mayor and the members of Council, does hereby publicly acknowledge the splendid service rendered it, and the science of aeronautics generally, by Captain William J. Snyder, and expresses the belief that the cause of the Air Service has lost a valuable exponent, and that the governing Board of Rodgers Field has lost an able, loyal and intelligent member, and that we extend to his bereaved mother the sympathy and condolences of the City of Pittsburgh, and direct that an engrossed copy of this resolution be furnished to her, and a copy spread upon the records of the Council.

Which was read.

Mr. Anderson moved

The adoption of the resolution.

Which motion prevailed by a unanimous rising vote.

DEPARTMENT OF PUBLIC WORKS

July 12th, 1929.

President and Members of Council,
Pittsburgh, Pa.

Gentlemen:—

Relating to water supply for a portion of Shaler Township. This Department has a letter from the Board of Commissioners of Shaler Township, as follows:

"The Board of Commissioners of Shaler Twp. wish to know if the City of Pittsburgh would furnish them with water from the Cabbage Hill Reservoir at your regular rates to municipalities.

The Township of Shaler are contemplating building their own water plant, if such an arrangement could be made, and would probably need water for about 500 houses at first."

In addition to the above letter, the Commissioners and the Engineer employed by Shaler Township, have talked with the Managing Engineer of the Bureau of Water in the case. The facts are as follows:

Shaler Township desires to install a water system—the portion of the Township to be first supplied being in the vicinity of Glenshaw, where a typhoid epidemic was recently experienced. It is the present intention of the Board of Commissioners to enlarge this system as moneys become available. They have employed an engineer to lay out such a system, but desire to have some assurance from the City of Pittsburgh that water would be sold to them before proceeding with an extensive engineering plan.

The City of Pittsburgh is selling water to Blawnox and Homestead Boroughs, and portions of Ross and Reserve Townships.

Without doubt, the most favorable source of supply for Shaler Township is the Pittsburgh water works at Cabbage Hill Reservoir. This City is interested in selling water to Shaler Township for the following major reasons:

1. It is a money making proposition, as water supplied to Cabbage Hill Reservoir costs the City less money than that supplied to any other reservoir.

2. The supplying of Shaler Township will not require additional equipment to be installed in the Pittsburgh Plant for a great many years.

3. The City desires to supply water to territory which is liable to be annexed to the City of Pittsburgh, rather than to have a charter for the water supply of such annexed district in the hands of some private water company.

In view of the above, the Department recommends that Your Honorable Body pass a motion to the effect that City Council would look with favor on the proposition of supplying water to Shaler Township under the laws and regulations applying to the supplying of water by one municipality to another, and under contract mutually satisfactory to the Commissioners of Shaler Township and to the Mayor and Council of the City of Pittsburgh, and that the Director of the Department of Public Works is requested to proceed with the necessary negotiations.

Yours very truly,

Edward G. Lang,

Director.

DEPARTMENT OF PUBLIC WORKS

July 12th, 1929.

President and Members of Council,

City of Pittsburgh.

Gentlemen:—

By letter dated July 9th, 1929, we submitted a resolution authorizing the transfer of funds in the sum of \$4200.00 from Code Account No. 42, Contingent Fund, for the reason that no other funds were available from any other source in this Department, to various code accounts in the Bureau of Engineering.

To date we have not been informed of any action, affirmative or otherwise, taken by your Honorable Body, on this resolution, and for your information will state that we expect to have another advertisement within two weeks for street and sewer improvement but cannot do so unless funds are provided for blueprinting, which funds are now exhausted; further, the funds are exhausted for the purchase of grade and curb stakes; supplies in the Division of Design, and for miscellaneous service, which is carfare, in the Division of Streets, and accordingly we are calling this matter to your attention in order that funds may be provided for the Bureau of Engineering to function and carry on the contract work now under way and to be advertised, as no debt will be incurred by this De-

partment when funds are not available to pay the cost of same.

Yours truly,

Edward G. Lang,

Director.

Mr. Little presented

No. 5699.

Pittsburgh, July 15th, 1929.

To the President and Members of Council.

Gentlemen:—

Your Special Committee on Motor Vehicles, to whom was referred Bill No. 5558, Resolution for a transfer of \$6,700.00 to the Division of Asphalt, Bureau of Highways & Sewers, for the purchase of trucks, respectfully report that your committee inspected these trucks and found them to be in good order.

These trucks are to be sold for \$6,700.00. We have been advised by the Director of the Department of Supplies that \$1,200.00 of this amount is to be expended in repairing and repainting these trucks.

It is the opinion of your committee that these trucks, if assigned to the Asphalt Division, will do the work as well as new trucks, with a great saving over the purchase price of new trucks.

Respectfully submitted,

W. Y. English,
John S. Herron,
Harry A. Little,
Chairman.

Which was read, received and filed.

Which motion prevailed.

And the resolution was read a second time.

Mr. Winters arose and said:

Mr. President, I wish to say a few words on this resolution relating to the controversy with the garbage and rubbish company. I think it would not be amiss to say at this time that I noticed in the newspapers severe criticism by Dr. Lewin of the Allied Boards of Trade (who incidentally is a member of the Board of Public Education), and Mr. Kountz, President of the Allied Boards of Trade. They severely criticize Council for the conference or executive session held upon this subject.

While we of course do not want to pay any attention to all the criticisms offered regarding Council's action—and there are two kinds of criticisms, constructive and destructive, I think it would not be amiss to say at this time, if there ever was an action of Council that was defensible, it was in this instance.

The executive session was called by the Controller (in whom the Allied Boards of Trade seem to have the utmost confidence), and at his suggestion and that of the City Solicitor this session was held, and it was pointed out by these two men, who have an important part to play in this matter, that it was imperative to have an executive session of the Council

with the Law Department and the Controller for the reason to have discussed publicity and pointed out the things that they were considering in this case would be in a sense to give the city's position away and would be very harmful to the city's interest, and we were requested that this be done to conserve the city's interest in the suit.

No organization, no matter how large, gives to the opposition all the ammunition it expects to shoot in a court proceeding, and our action in this matter was defensible and was taken on the advice of the City Controller and the City Solicitor, upon whose judgment we must largely depend for the outcome of this case.

Mr. Anderson arose and said:

Mr. President, There has been no privacy of action by Council in the entire garbage case. From time to time this Council set up different amounts of money for audits of this company, and no support or encouragement has been given Council by the gentlemen who seem to be so much concerned about the matter now. I don't think council should be criticized for its action in holding an executive session with the City Controller or the City Solicitor or anyone else who wishes to concern himself in this affair.

It was the Controller's wish to have the Council appropriate sums of money to carry on the audit, and everyone knows that there was no privacy about that. Mr. Kountz appeared before Council a while back and claimed that he could save the City a million dollars, and when he was asked to furnish an itemized statement as to where this saving could be made, he failed to give Council any satisfaction. If there was a lack of co-operation on the part of anyone in this garbage affair it was the Allied Boards of Trade, for, when Council asked for figures from Mr. Kountz, he failed to produce them.

I never knew Dr. Lewin was taking such an interest in the garbage case. He is a member of the Board of Public Education and as a member of the board has never been criticized and should not criticize us. I would like to know what Dr. Lewin has done to

help Council better the garbage situation during a fight which was started over 10 years ago. I think that the criticism was unwarranted.

The Chair presented
No. 5701.

City of Pittsburgh, Penna.,

July 11 1929.

To the Honorable, The Members
of Council,

Gentlemen:—

In reference to the resolution pending before Council for the employment of assistant counsel in the matter concerning the American Reduction Company, would say that the Mayor has instructed this Department to cooperate with the Controller to the fullest extent and give him every assistance the Administration can command.

As the Controller has expressed a desire that assistant counsel be had in this matter, I wish to inform Council that the Law Department, with the consent of the Mayor and Council, will appoint assistant counsel satisfactory to the Controller, that this Department will cooperate with him to the fullest extent and will provide him with all such assistance as he may desire.

Yours respectfully,

Chas. A. Waldschmidt,

City Solicitor.

CITY OF PITTSBURGH
PENNSYLVANIA

DEPARTMENT OF LAW

Chas. A. Waldschmidt,
City Solicitor.

July 10, 1929.

Council of the City of Pittsburgh.

Gentlemen:

In reference to Bill No. 5602, An Ordinance, amending an ordinance entitled "An Ordinance authorizing the Mayor and the Director of the De-

partment of Public Works for and on behalf of the City of Pittsburgh, to enter into a contract with The Pennsylvania Railroad Company, providing for the widening and improvement of Pike Street, Eleventh Street, Twenty-first Street, and Twenty-third Street, the vacation of certain streets, the change of grades of these streets, and for a river-front street, to enable the Company to construct and maintain a freight and produce terminal adequate for the service of the people of the City of Pittsburgh and that street facilities may be maintained", approved the twenty-fourth day of October, 1928, which was read at a meeting of the Committee on Public Service and Surveys of Council, held July 9, 1929, and ordered returned to Council with an affirmative recommendation, subject to a report from the Department of Law to Council on Monday, July 15, 1929, that the ordinance is in legal form, I advise you as follows:

The line of 11th St. as established in the former Ordinance is changed so that the widening of 11th St. is to be mostly on the westerly side instead of on the easterly side. I took this matter up with the Director of the Department of Public Works and he believes that the line as changed for the establishment of 11th St. as an 80-foot street will be a better alignment.

As to the paragraph marked "Second" in the form of Contract under Section 1 of the Ordinance known as Bill No. 5602, this is a change from the original Ordinance and reserves to the Railroad Co. the right to project footing of abutting wall below the street grade 18 inches beyond the street line. The general Ordinance provides that where the footing course extends into the street it must be at a depth of 15 feet below the street line. At a conference with Mr. Wiggins, Vice President of The Pennsylvania Railroad Co., he said it would be satisfactory to the Railroad Co. to amend the Ordinance by striking out paragraph Second. The Ordinance should be amended to take out this paragraph.

Respectfully yours,

Charles A. Waldschmidt,
City Solicitor.

SPECIAL COMMITTEES

Mr. Winters presented
No. 5714.

Pittsburgh, Pa.
July 15, 1929.

President and Members of Council.
City of Pittsburgh.

Gentlemen:—

We, the undersigned, committee appointed by the President to confer with the Borough Officials of Mount Oliver relative to the drainage conditions of Otilla street, which street is the dividing line between a portion of the Borough of Mt. Oliver and a portion of the City of Pittsburgh, beg leave to report that we met with the Borough Council of Mt. Oliver, together with engineers and a number of the residents of the neighborhood, and learned the condition is due to the lack of a drainage sewer which must be built within the City limits, and which would drain a territory lying within the City Limits.

The cost of said sewer would approximate \$9,000.00 which would be apportioned as to cost at about 80% against the City of Pittsburgh and 20% against the Borough of Mt. Oliver, this estimate being based upon figures agreed upon by the engineers of the two municipalities.

As the need for this drainage is urgent, your Committee has consulted with Mr. Palmer of the Division of Sewers, and requested him to prepare the necessary legislation and present it to Council for your consideration and action, which action your Committee believes should be favorable.

Respectfully submitted,

Daniel Winters,
P. J. McArdle,
Committee.

Which was read.

Mr. English moved

That the Report be approved.

Which motion prevailed.

MOTIONS AND RESOLUTIONS

Mr. Winters at this time obtained leave, and presented

No. 5715. An Ordinance authorizing and directing the construction of a public sewer on Perryview avenue (formerly Ross Township), from a point about 20 ft. north of Unnamed way; thence northerly along Perryview avenue to a point about 180 ft. north of Unnamed way; thence westwardly across Perryview avenue to the private property of Wm. A. Wilson; thence continuing westwardly on, across and through the private property of Wm. A. Wilson to the private property of L. Kopps in Ross Township; thence southwardly on, over, across and through the private property of L. Kopps in Ross Township to an Unnamed way in the City of Pittsburgh; thence westwardly along Unnamed way to the existing sewer on Bascom street, and providing that the costs, damages and expenses of the same shall be assessed against and collected from property specially benefited thereby and further authorizing and providing for the letting of a contract therefor.

Which was read and referred to the Committee on Public Works.

DEPARTMENT OF PUBLIC WORKS

July 18, 1929.

President and Members of

City Council,

City of Pittsburgh.

Gentlemen:—

Under date of April 11th, I transmitted to you for your consideration a resolution authorizing the transfer of funds from Code Account No. 1620 to various Code Accounts within the Bureau of Highways & Sewers, for the purpose of stabilizing these various Code Accounts in order that they would reflect the actual cost of the function to which they belong.

This resolution was prepared after consultation and conference with Mr. Kidd of the Government Research Bureau who desired and advised, that the transfer should be made in order that our Bureau would comply with the revised accounting system and furthermore would allocate correctly the proper Code Account to which the cost of the function should be charged, and in addition would reflect the actual deficit to the proper function, rather than the general deficit that existed heretofore.

This resolution has not been acted upon by your body; the result now is that Code Accounts Nos. 1631 and 1632, Repairing Highways, are completely exhausted and practically one half the season is yet to be met, but there are no funds with which to perform this work.

Therefore, there is but one avenue of action and that is either the system will have to revert to its former status and the cost of Repairing Highways, funds for which will be withdrawn from Cleaning Highways which, of course, will not reflect the actual expenditure for the repairing of highways.

I would, therefore, thank you to give immediate consideration to this problem in order that we can continue the vast amount of work which

still awaits us in these two Code Accounts.

Yours very truly,

Edward G. Lang,
Director.

Also

No. 5761. Communication from Geo. L. Iseman, claiming damages in the sum of \$102.95 for injuries received by his wife, Hazel M. Iseman, due to falling on boardwalk on Orator street, April 19, 1929.

DEPARTMENT OF PUBLIC WORKS

July 18, 1929.

President and Members of Council,

City of Pittsburgh.

Gentlemen:—

In connection with the Irvine Street improvement and shortly after the work of grading was started, a slide developed on the hillside approximately opposite Marion Junction. Later, a second slide started in toward Greenfield Avenue. This second slide has affected property at the top of the slide, which property is not within the lines taken for the Irvine Street improvement, but faces Sylvan Avenue.

Four properties, as follows:—4120 owned by Jno. V. Sciarrette; 4122, owned by Emidio and Mary-Valentino; 4124 owned by Luigi Veenezia, and 4126, owned by Libno Peruzzi, have been affected by this slide.

Thorough investigations on the ground by our engineers and by Mr. Fred Hering, house raiser, and by Mr. West S. Brown, realtor, show conclusively that the buildings in question, while showing cracks, have not and apparently will not be affected by the slide which, to all indications, has

now reached its limit. The cracks in the buildings are old ones, the same as might be expected on any building erected on a hillside of this character. The rears of the properties are affected as a portion of same has slid down over the hillside.

To construct walls and restore the yards of the rear of the buildings to their original elevation would cost more than the properties are worth, as we figure that Nos. 4120, 4124, 4126 have a value of \$2500.00 each, and No. 4122 has a value of \$1500.00. It is our opinion that alterations could be made to the rear of these properties to make same usable at an expense of about \$250.00 each.

It is suggested that this matter be referred to the Department of Law to arrange, if possible, a settlement with the above named property owners affected by the slide.

Yours truly,

Edward G. Lang,
Director.

President and Members of

Gentlemen:—

Because of the narrow width of Bellefonte and Filbert Street, and the parking of automobiles on both sides, which leaves only one lane open for traffic, it is believed desirable by the residents that both streets be made one-way, and this has been confirmed by our careful investigation of the situation in that section.

I have therefore decided to institute the following 60-day trial regulation, effective July 23, 1929.

Bellefonte Street, one-way, from Walnut Street to Ellsworth Avenue, northbound;

Filbert Street, one-way, from Ellsworth Avenue to Walnut Street, southbound.

President and Members of

Gentlemen:—

Because of the narrowness of Carson Street at South 27th Street, it is considered that parking should be prohibited for a distance of several hundred feet east, giving a better view to both motorists and pedestrians. Three serious accidents have occurred at this point during the past ninety days, one boy being killed and two men now in the hospital with serious injuries.

All of the property abutting on Carson Street in the territory in question is owned by the Jones & Laughlin Steel Corporation, who are very anxious that parking be prohibited. The zone mentioned will include 120 feet on Carson Street from Soda Street east, in which parking is already prohibited, as well as two fire plugs on the north side of Carson Street.

I have therefore decided to institute a 60-day trial of the following regulation, effective July 23, 1929.

No Parking at any time on the south side of Carson Street from South 27th Street to a point 270 feet east thereof, and on the north side of Carson Street from South 27th Street to a point 285 feet east thereof.

Gentlemen:—

The one-hour parking at present allowed on the west side of Grant Street, between Second Avenue and Water Street, considerably hinders the movement of traffic, especially in peak hours, as only one line can move along Grant Street toward Water Street, and it has been noted that automobiles going to Water Street do not use the curb lane on Grant Street from Fourth Avenue to Second Avenue, especially in crossing Second Avenue, for fear they will be squeezed in and forced to wait. Prohibition of parking in order to clear the curb lane in this section is very much to be desired.

Consequently, I have decided to institute a 60-day trial of the following regulation, effective July 23, 1929.

"No Parking on the west side of Grant Street, between Second Avenue and Water Street, from 8:00 to 9:30 A. M. and from 4:30 to 6:00 P. M."

Gentlemen:—

Referring to Bill No. 5517—"An
Ordinance creating additional position
of Caretaker in Magee Park, Bureau

Yours very truly,

July 15, 1929.

Edward G. Lang, Director,
Department of Public Works,
City of Pittsburgh, Pa.

Dear Sir:

Complying with the request of the
Finance Committee transmitted to
this office under date of July 13th
for a report on Bill 5517, An Ordi-
nance creating additional position of
Caretaker in Magee Park, Bureau of
Recreation, Department of Public
Works."

No funds are available in Code Ac-
count 1914, Salaries and Wages, Reg-
ular Employees, Division of Grounds
and Buildings, for the position which
this bill would create.

On June 28, 1928, an ordinance was
passed creating additional positions
in the Bureau of Recreation, with
the assurance that funds to take care
of same would be provided later.
However, we were informed at a
later date, that no funds were avail-
able and when the code account was
completely exhausted, it became
necessary to lay off our entire staff,
the wages of whom were charged to
this code. If, therefore, an ordinance
is passed creating additional positions
in the Bureau, we wish to recommend
that the funds for same be provided
so as to avoid a recurrence of this
situation.

We are in need of additional all-
year caretakers in order to care for

and protect our property at various locations, but in order to make the best use of the services of such caretakers when provided, we would recommend that the positions be so set up as to make possible the use of these men at more than one location during the winter months, when the full services of a caretaker are not required at any one ground.

Respectfully yours,

W. C. Batchelor,
Superintendent.

No. 5792.

July 19, 1929.

President and Members of Council,
City of Pittsburgh.

Gentlemen:—

In accordance with letter of July 14th submitted to this Department by the City Clerk, stating that at meeting of Committee on Public Works, held July 16th, 1929, Bills Nos. 4576, 4577, 4578 and 4579, ordinances opening, widening, changing and widening Woodruff Avenue, and relocating the course of Saw Mill Run, were read and ordered returned to Council with an affirmative recommendation, and report requested from this Department for the meeting of Council to be held Monday, July 22nd, as to whether these ordinances were urgent, if they are to be considered as part of the

improvement of Saw Mill Run Boulevard, and also to furnish an estimate of costs, we report as follows:

These ordinances were prepared by the City Planning Commission. We have repeatedly requested the Planning Commission to furnish us with data in order that we might make estimates of the cost of physical work and damages occasioned by said improvement. We are informed by Mr. Arthur of the Planning Commission that this data will be furnished early in the week of July 22nd, so that we can make no estimates until we receive the necessary data.

The lower part of the Woodville Avenue improvement we consider as the main connection between Saw Mill Run Boulevard at Woodruff Avenue, and Woodville Avenue at Banksville Road. The upper portion of Woodruff Avenue we consider as a feeder from the Mt. Washington District, and further, we consider this general improvement as urgent to connect up the City street system with the Saw Mill Run Boulevard.

Yours truly,

Edward G. Lang,

Director.

No. 5795.

CITY OF PITTSBURGH Pennsylvania.

July 22nd, 1929.

Committee on Public Service and Surveys.

Gentlemen:—

In reference to Bill No. 5551, An Ordinance authorizing an Agreement between City of Pittsburgh, The Baltimore and Ohio Railroad Company and its affiliated companies, and the Pittsburgh Railways Company, with

respect to the improvement of Irvine street, would say that the same was drawn by the Law Department in accordance with the request of the Department of Public Works.

We went over the improvement as outlined, with the idea of having the Baltimore and Ohio Railroad Company and the Pittsburgh Railways Company contribute their share.

The above ordinance is in proper form and has been approved by the Pittsburgh Railways Company and by Mr. Clarke of The Baltimore and Ohio Railroad Company. The total cost of this improvement is approximately \$1,486,595, and the amount to be contributed by the Railways Company and the Railroad Company for the work to be done by them is \$724,038.00, leaving the balance as the City's share of the cost, or approximately \$705,187.00.

The plans as contained in the ordinance have been approved by the Department of Public Works, the Railroad Company and the Pittsburgh Railways Company and are in accordance with the latest arrangement for Irvine street.

We, therefore, recommend the approval of this ordinance.

Respectfully yours,
Chas. A. Waldschmidt,
City Solicitor.

The only thing before the Council on this subject is the transfer of \$5,000.00 from Salaries to Equipment.

Mr. Garland said:

Has any other legislation been passed in regard to it? What is the transfer intended for? Is there any communication accompanying the resolution?

The Chair:

There is attached to the resolution a communication from the Mayor and one from the Director of the Department of Public Safety. I will ask the clerk to read them.

And the Clerk read.

MAYOR'S OFFICE.

Pittsburgh, July 22nd, 1929.

To the President,
And Members of Council,
City of Pittsburgh, Pa.
Gentlemen:

I am transmitting herewith a resolution transferring the sum of Five Thousand (\$5,000.00) Dollars from Code Account No. 1462, Salary Deficit 1928, Bureau of Fire, Department of Public Safety, to Code Account No. 1017, Equipment, Mayor's Office.

The reason for this transfer is to take care of the expense incident to the moving pictures in parks on Sunday evenings. It is estimated that it will take approximately this amount to buy the necessary equipment.

Sincerely yours,

Charles H. Kline,
Mayor.

DEPARTMENT OF PUBLIC SAFETY
Pittsburgh, July 24th, 1929.

Dear Sir:

SUBJECT:—In re Balance of \$5,778.00
in Code Account No. 1462, Bureau
of Fire, Salaries, Deficit 1928.

Please be advised that the amount of deficit in the salaries account for the Bureau of Fire for 1928, to-wit, \$87,000.00, was not estimated by this Department, but doubtless the amount thus stated was furnished to City Council by the Accountant in the City Controller's Office.

At the time that the estimates for the year 1929 were furnished to Your Honor and transmitted to City Council, it was expected there would be a deficit in the salaries account for the Bureau of Fire for the year 1928, but the employees of my Department were unable to determine the exact amount at that time.

All salaries for employees of the Bureau of Fire for the year 1928 have been fully paid and the balance now in Code Account No. 1462 remained after the payment in full of salaries for employees for the Bureau of Fire for the year 1928.

Yours very truly,

James M. Clark,
Director.

Honorable Charles H. Kline,
Mayor, City of Pittsburgh,
Pittsburgh, Pa.

Which was read.

Mr. Anderson arose and said:

Mr. President, There is nothing definite there as to how far we can go with \$5,000.00, or are we going to stop at \$5,000.00? We should get some information as to where it is going to finish. I am not going into this thing blindly. Every member of Council knows that we cannot take care of this unless we appropriate for it in the budget. I do not think this is the proper time to bring this up. Before going into it we should give it more study and get some idea as to how much money it is going to cost. I do not think the bill should pass today, and therefore I am going to vote against it.

Mr. Winters arose and said:

Mr. President, I think the bill answers all the questions raised by Mr. Anderson. This bill has been before Council for some time. In addition to the band concerts in the parks, for which Council appropriates the money, it is the Mayor's proposal to give to the public moving picture entertainment. At the time the bill was presented I raised the question as to where the money was to be secured, and I made the suggestion that the Mayor file a communication with Council giving the code account from which the money could be taken. That has been done, and the bill is now before Council in proper form.

As to how long it shall continue or the amount of money to be spent, that is within the jurisdiction of Council. The present bill limits the expenditure to \$5,000.00 and the control of the future is with Council. We have been assured by the Mayor

that \$5,000.00 will be sufficient to carry on this activity during the remainder of the season on every Sunday night in the particular parks selected.

It is an experiment and if the experiment does not prove satisfactory Council may decide that it shall not continue, and if successful we will if so disposed, appropriate sufficient money to carry on the activity for the year. It is in the same category as every other new innovation carried on by the City government.

This is the time to make a decision; there is sufficient time for a test. If postponed much longer it will be too late to put it on trial.

The idea seems to be popular. Unless it proves successful, we should not want to continue it.

I hope nothing will enter into the judgment of Council on this bill but the merits of it.

Mr. Anderson arose and said:

Mr. President, Mr. Winters says the bill answered my question. It don't to my way of thinking. The Mayor in his communication to Council has specified four parks to show pictures in. We have in the city at least 12 parks. If we are going into an expense of \$5,000.00 for the few Sundays from now until the season is over in 4 parks, you will have to face the other proposition next year. That is what is worrying me in regard to what amount the city shall expend on an activity of this kind. We know what the band concerts cost. We do not know where we are going to land with this. It is going to last the entire season. Therefore, it is an expenditure that will amount to 10 or 12 times the amount that is now asked for. I venture to say, and I would be pretty sure to an estimate, when I say it will cost \$70,000 or \$80,000, this to include all parks. Why discriminate against any particular section? It is not a question of movies here or there; we must supply everybody, and I venture to say that the estimate will be closer \$100,000; and that is the question I want answered. Therefore, we should give serious thought to it before we go into the proposition of spending this money.

We have now until our budget time to act upon this matter.

Mr. Winters arose and said:

Mr. President, If Mr. Anderson wants to extend this activity to every section of the city, I for one will be glad to consider such a proposition. There are many cities where such activities are held in one central park. In Pittsburgh the Sunday band concerts are not held in all the parks and playgrounds. As to how much money is to be spent on this activity now or in the future, that is within the province of Council to decide.

Mr. Garland arose and said:

Mr. President, There is just one thing about it. We are starting an entering wedge for a big future expenditure. I endorse everything that Mr. Anderson said. We should go into every park. It is stated that we will get the film free and the labor free; but I can see the time coming when we will not get them free. Operators are paid \$10.00 or \$12.00 a night. Ultimately we must have a regular payroll to handle this thing. I would like to have more time to study it. I will vote against it.

Mr. McArdle arose and said:

Mr. President, As I said when the matter came to us originally, I haven't any definite view as to whether or not it will be a good thing for the city to embark in a policy such as outlined in the Mayor's communication; but I am very definitely convinced that when it does, it should be after a thorough study has been made of the proposition. It is all right for the Mayor or anybody else who favors this to say it is for Sunday evenings and it is for a few parks, and all that is necessary is to purchase \$5,000.00 worth of equipment. All of us are sufficiently experienced in the government to know where these innovations lead. May be they are worth \$100,000, but they should not be done in my judgment by a hurried decision on the part of anyone connected with the city government without trying to forecast what will be the results of it.

I do not believe that this plan, once started, will stop with a few parks. If it does it will not be in

accordance with our past experience in such matters.

I am willing to set down and give this question the fullest study it deserves and consider a recreation or amusement policy for the city; but I am not ready to vote for it in the middle of the fiscal year when no word was said about it when we were considering our appropriations for the fiscal year.

Mr. Herron arose and said:

Mr. President, I want to support this, and I am not the least bit afraid of its cost. I remember when we thought swimming pools cost too much. Who would refuse the money for them today. I know that this is the first opportunity we will have of finding out just how popular moving pictures in the parks will be. We have plenty of time to give this thing a test. It is within our power to stop it at any time in the future.

Mr. English arose and said:

Mr. President, As every member of Council knows, the City of Pittsburgh is not permitted under the Constitution and the Charter of the City to engage in any business enterprise. I had wondered when this was first broached several weeks ago if the moving picture industry, of which there are many representatives in Pittsburgh, would not protest against this innovation of the City going into the moving picture business. I also wondered if the Sabbath Day Association and the Ministerial Union in their meetings would not take some action against council desecrating the Sabbath Day.

I watched this very carefully, and I want to declare myself against commercializing Sunday in Pittsburgh. However, it seems to me if the Mayor has offered the suggestion of free moving pictures in the City Parks under careful supervision, which has not brought any objection from the moving picture interests, the operators, owners or the people who have money invested in this industry and has brought no protests from the Sabbath Day Association or the Ministerial Union, then why should not the members of Council permit the Mayor to make the experiment.

It is like Mr. Herron said, about the swimming pools. I can remember many years ago people criticized some of us as members of Council for attempting to spend the public's money for the construction and operation of swimming pools. We have seen the day when every district is clamoring from a swimming pool. Just today we had presented to us a petition from a great number of the people of the southern section of the city asking for the construction of a swimming pool.

It seems to me if we can keep out the commercialized feature and give people entertainment that is not objectionable, the people will determine for us in 1930 whether or not they want us to spend any more of their money. Certainly the sum of \$5,000.00 is not much to experiment with, in view of the fact that we have received no objections to this proposal.

Mr. Alderdice arose and said:

Mr. President, I was not going to say anything on this bill, because of the fact that most of the people know that in the City of Pittsburgh picture houses, and therefore it does not behoove me to say one word either for or against this proposal.

I think the time has come when the Members of Council and the Mayor should seek ways and means to reduce taxes, rather than find new ways to increase them. Every member of Council sitting around this table, as well as those in the room, knows that in the City of Pittsburgh there are at least 10,000 vacancies in private homes and business places.

I know a little about this business and I want to say that we do not know what this is going to cost. It is the future cost that I refer to and perhaps Mr. Anderson's figures are not far wrong. Therefore, I cannot see my way clear to voting for an expenditure of \$5,000.00 for something I think is going to cost \$100,000.00.

And the resolution was read a third time, and upon final passage the ayes and noes were taken, and being taken were:

Ayes—Messrs.
English
Herron

Winters

Noes—Messrs.

Alderice

Anderson

Garland

Little

McArdle

Malone (Pres't.)

Ayes—3.

Noes—6.

And a majority of the votes of council being in the negative, the resolution was rejected.

Mr. Winters moved

DEPARTMENT OF CITY
CONTROLLER

Pittsburgh, July 31, 1923.

To the Council.

Gentlemen:—

This office has completed its compilation and listing of real estate acquired by the City through tax sales and begs leave to refer to the Council the question of the method of turning this property, now unused, to useful purposes, to suggest the method to be used.

Our suggestion is that a committee be appointed consisting of a representative of the Pittsburgh Real Estate Board, the Chamber of Commerce, the Allied Board of Trade, the Civic Club of Allegheny County, the City Planning Commission and the Board of Public Education.

The reason for the selection of these bodies is, perhaps, obvious, viz: to secure the sale of such as can be sold with the least interference with the rights of those engaged in the private sale of real estate and to secure local and general cooperation in the utilization for small playgrounds, rest centers, planting, gardening, etc., of that which is not salable or presently sold.

We would suggest, also, that the list be referred to the several City Departments for study as to possible use of parts of this property for City use and withdrawal from the list and allocation for that use.

We suggest that upon the report of the Committee, which should be by Fall, at least, the Council should decide, also, what department of the City should handle the detail of any method of disposal agreed upon.

Respectfully submitted,

Henry O. Evans
City Controller.

Which was read and referred to the Committee on Finance and copy ordered furnished each member.

Also

No. 5883. Communication from Henry T. Farr urging the installation of bowling greens in the City Parks.

Which was read and referred to the Committee on Finance.

UNFINISHED BUSINESS.

The Chair took up

Bill No. 5448. An Ordinance entitled, "An Ordinance amending an ordinance entitled, 'An Ordinance regulating and restricting the location of trades and industries and the location of buildings designed for specified uses and regulating and limiting the height and bulk of buildings hereafter erected or altered, and regulating and determining the area of yards, courts and other open spaces in connection with buildings hereafter erected or altered, and establishing the boundaries of districts for the said purposes; conferring certain powers upon the Superintendent of the Bureau of Building Inspection; providing for a Board of Appeals, and imposing penalties,' approved August 9, 1923, by changing the Zone Map, Sheet Z—0—E30, so as to change from a Second Area and Thirty-five foot Height District to a Third Area and Forty-five foot Height District, all that certain property bounded by Wightman street, Hobart street, a line parallel with and 510.61 feet east of Wightman street and a line parallel with and 100 feet north of Phillips avenue."

In Council, July 29, 1923, Bill read and laid over.

And the bill was read a second time.

Mr. Anderson stated

That he had visited the property affected by both ordinances, and he could see no objections to their passage.

And the bill, as read a second time, was agreed to.

Mr. Winters moved

A suspension of the rule to allow the third reading and final passage of the bill.

Which motion prevailed.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes—Messrs.

Alderdice	Little
Anderson	McArdle
English	Winters
Garland	Malone (Pres't.)
Herron	

Ayes—0.

Noes—None.

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Also

Bill No. 5473. An Ordinance entitled, "An Ordinance amending an ordinance entitled, 'An Ordinance regulating and restricting the location of trades and industries and the location of buildings designed for specified uses, and regulating and limiting the height and bulk of buildings hereafter erected or altered, and regulating and determining the area of yards, courts and other open spaces in connection with buildings hereafter erected or altered, and establishing the boundaries of districts for the said purposes; conferring certain powers upon the Superintendent of the Bureau of Building Inspection; providing for a Board of Appeals, and imposing penalties,' approved August 9, 1923, by changing the Zone Map, Sheet Z—0—E30, so as to change from a Second Area and Thirty-five foot Height District to a Fourth Area and Forty-five foot Height District, all that certain property bounded by Phillips avenue, Wightman street, Hobart street and a line parallel with and 510.61 feet east of Wightman street."

In Council, July 29, 1929, Bill read and laid over.

And the bill was read a second time and agreed to.

Mr. Winters moved

A suspension of the rule to allow the third reading and final passage of the bill.

Which motion prevailed.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes—Messrs.

Alderdice	Little
Anderson	McArdle
English	Winters
Garland	Malone (Pres't.)
Herron	

Ayes—0.

Noes—None.

And there being three-fourths of the votes of Council in the affirmative the bill passed finally, in accordance with Section 2 of the Act of Assembly of May 11, 1921, which provides that where a protest is filed against a proposed zoning amendment, a three-fourths vote of all the members of Council shall be required.

Mr. Garland moved

That the City Clerk be authorized to enter into a contract or agreement with the Post-Gazette Publishing Company for the advertising as covered by the Resolution which will be passed at the next meeting of Council.

Which motion prevailed.

Mr. Herron stated

That the Phipps School of Botany, adjoining the conservatory in Schenley Park, was not used, as the Board of Education had its own school, and that the offices of the Bureau of Parks in the conservatory were inadequate and unsatisfactory, and that with very little cost the building could be converted into offices.

Mr. Herron moved

That Mr. Shine be instructed to have the Phipps School of Botany fixed up for office purposes for the Bureau of Parks; the Park Bureau having the necessary funds in its appropriation.

Mr. McArdle stated

That this matter had been before the committee and discussed and the committee was to get certain information before final action was taken.

The Chair stated

That the matter should lay over until the information asked for has been furnished.

REPORTS OF COMMITTEES

Mr. Garland presented

No. 5884. Report of the Committee on Finance for July 30, 1929, transmitting ordinances and sundry resolutions to council.

Which was read, received and filed.

Mr. Garland moved

That, in order the various committee reports may be considered, Rule VIII be suspended, providing for mailing printed copies of ordinances and resolutions at least 48 hours previous to their consideration by Council.

Which motion prevailed.

Also, with an affirmative recommendation,

Bill No. 5809. An Ordinance entitled, "An Ordinance providing for the purchase of two (2) loadometers for the Department of Public Safety, and providing for the payment thereof."

Which was read.

Mr. Garland moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

tested against the passage of Bill Nos. 5440 and 5441, Ordinances providing for the widening to a width of 50 feet of Sunset avenue and Gershon street, in the 26th Ward of the City of Pittsburgh; and

WHEREAS, It is the opinion of the members present that a 40 foot width, which is recommended by the Planning Commission, will be adequate to serve the public needs; Therefore, be it

RESOLVED, That the Department of Public Works be requested to prepare and present to Council ordinances for the widening of the above named streets to a width of 40 feet instead of 50 feet, and that these ordinances be presented at the earliest possible date so that action may be had which will permit the development of the adjoining property.

Which was read.

Mr. McArdle moved

The adoption of the resolution.
Which motion prevailed.

Mr. Garland moved

That the Director of the Department of Public Safety have the traffic officers instructed to warn the pedestrians to observe the traffic lights and not to cross against the red lights and to cross the streets at street crossings.

Which motion prevailed.

Mr. Little stated

That the residents in the vicinity of Monument Hill were complaining of the nuisance caused by dust on account of the removal of earth from Monument Hill, and would ask that the Director of the Department of Public Works try to eliminate this nuisance by having the road oiled.

The Director appeared and stated

That the Department would do what it could to better condition caused by this work.

Mr. Winters stated

That this would involve the expenditure of money and the Director should not be asked to do this unless the funds were provided.

Mr. English moved

That the Director of the Department of Public Works proceed with the oiling of this road and take the money out of the appropriation for

the contract for doing the work, and if any legislation is necessary to bring it in later.

Which motion prevailed.

Mr. McArdle said

Inasmuch as the conditions complained of are caused by the overloading of the trucks, it would be a good time to give this matter some attention.

Mr. Winters presented

No. 5894. Resolved, That the Department of Public Works be and it is hereby requested to construct steps leading from the street adjoining Arlington Playground to the Swimming Pool in said Playground.

Which was read.

Mr. Winters moved

The adoption of the resolution. Which motion prevailed.

Also

No. 5895. Resolved, That the Department of Public Works be and it is hereby requested to furnish Council at the earliest possible date an estimate of constructing concrete sidewalks surrounding the Arlington Playground.

Which was read.

Mr. Winters moved

The adoption of the resolution. Which motion prevailed.

Mr. Alderdice stated

That he would like to know what the City intended doing about the property at Smithfield and Water streets in the widening of the street.

Mr. Waldschmidt, City Solicitor, being present, stated

That the company had been served with a notice to vacate.

Mr. Alderdice moved

That the City Solicitor be asked to take immediate steps to get the people out of this building and turn it over to the City at once.

Which motion prevailed.

Mr. Waldschmidt, City Solicitor, appeared, and stated that he would like Council to hold an executive session to take up the rubbish and garbage matter.

Mr. English moved

That Council take a recess for five minutes to take up this matter with the City Solicitor.

Which motion prevailed.

And Council recessed.

And the time of the recess having expired, Council reconvened, and there were present:

Messrs.—

Alderdice	Herron
Anderson	Little
English	Winters
Garland	Malone (Pres't.)

Absent:—Mr. McArdle.

And Mr. Waldschmidt, City Solicitor, given the privilege of the floor said:

Mr. President and Members of Council:—The Law Department and the City Controller have had a conference with the representatives of the American Reduction Company and counsel for the Colonial Trust Company, the Executors of the Estate of George H. Flinn, Deceased, and they came to an arrangement, if satisfactory to Council, authorizing the City Controller to make an agreement that the Colonial Trust Company agrees (1) that the payments due the American Reduction Company, under its contract for the year 1929, for the months of May and June, 1929, shall be retained by the City of Pittsburgh pending the determination of the equity suit, and the mandamus proceeding shall be discontinued; (2) that the Colonial Trust Company agrees that securities or other good assets of the Estate having a value of \$500,000.00 shall be retained by it as a fund first payable and liable for the payment of any judgment which may be finally obtained under the bill in equity filed by the City; (3) that all current payments for the months of July, 1929 and the subsequent months under the contracts of the American Reduction Company of Pittsburgh with the City of Pittsburgh for the year 1929, shall be paid upon warrants prepared and issued by the Controller in the usual course of business, and shall in no event be retained or delayed pending the determination of the said equity suit.

The American Reduction Company agrees that, until final judgment has been obtained in the said equity suit, it will not encumber, sell or dispose of its property and assets except in the ordinary course of business, and

will not declare and pay any dividend, without the written consent of the Controller of the City of Pittsburgh.

It is further stipulated that this agreement is made without prejudice to any of the parties hereto as to any issue arising under the said suit in equity and without the waiver of any defenses by the defendants therein.

I might state further that the Controller, the Law Department and the special counsel have agreed with the stipulation and submit it to Council for its approval.

The Chair said:

The Council has already gone on record two or three times authorizing the Controller's Office and the Law Department to take care of the city's interests in this matter, and if it is

necessary for any legislation to be acted upon to bring about a ratification of this agreement, you have it prepared and presented, so that it will be legal. In the meantime the matter is in the hands of the Controller and the Law Department.

Mr. Winters arose and said:

Mr. President, I want to say that no action is to be taken today, but when the ordinance comes in I think it should be accompanied by a communication signed by the Controller and the City Solicitor stating that it meets with their approval.

Mr. Waldschmidt said:

We shall be glad to do this.

Mr. Garland moved

That Council adjourn to meet at the call of the Chair.

Which motion prevailed.

And Council adjourned.

Also

No. 6005. Communication from Otto Section No. 5, Bavarian Society, requesting refund of sewer assessment against their property on Attica street.

In the letter of transmittal, we stated that within a week we would furnish Council with an estimate of damage to property other than Pittsburgh & Lake Erie property, between Smithfield street and the Point Bridge. For your information will state that the Law Department, through their appraisers, have furnished this Department with an appraisal of damage of all properties other than that owned by the Pittsburgh & Lake Erie Railroad for the proposed widening and reimprovement of Carson street West, between Smithfield street and the Point Bridge.

The entire damage estimate for all property for the ultimate carrying out of this proposed widening, relocation and reimprovement, is \$285,000.00. For the carrying out of that portion of the improvement covered by the immediate commitments of the Agreement Ordinance now before Council, the damages are estimated at \$165,000.00. In other words, \$120,000.00 of the damage need not be incurred until such time as the entire physical widening of this portion of the street takes place.

As stated in previous correspondence on this subject, the available funds, that is—\$288,000.00 appropriated by the City and \$82,000.00 which we expect to obtain from the State Highway Department, are sufficient only to improve Carson street West from Corliss street to a point near Steuben street, including the damage to the Wabash Railroad Company and the physical work on the relocation of Carson street for a distance of approximately 1600 feet between the Point Bridge and Smithfield street, which is the immediate requirement contained in the Ordinance Agreement now before Council.

There are no funds available, set up by Ordinance, to pay the damages amounting to \$165,000.00, referred to in this letter.

DEPARTMENT OF PUBLIC WORKS

August 22, 1929.

President and Members of Council,
City of Pittsburgh.

Gentlemen:—

The breaking of a valve chamber casting on Pump No. 6 at Brilliant Pumping Station has created an emergency, necessitating the immediate replacement of this chamber. To defer action until a contract ordinance could be passed and contract awarded in the usual manner, would jeopardize the operation of this station.

The Allis Chalmers Company, who made the pump, and who have the pattern for same, are the only people qualified to do this work. They have given us a bid of \$5,830.00 for furnishing and supervising the erection of this chamber, which is a fair and reasonable amount. The approximate total cost of the work will be \$8,000.00, of which amount \$5,830.00 will be paid to the Allis Chalmers Company, as above noted, and the balance of \$2,170.00, will be used for the work of installing this chamber by our forces.

In view of the above, you are respectfully requested to pass a motion to the effect that the Bureau of Water, Department of Public Works, is authorized to engage the Allis Chalmers Company to deliver and supervise the erection of a Pump Chamber for No. 6 Pump at Brilliant Pumping Station for an amount not to exceed \$8,000.00.

We do not have at the present time sufficient money in our current

appropriations to designate any special account from which this amount can be taken, but believe that by the time the work is completed, which will be approximately December 1st, 1929, we will be able to pay this amount from our funds, or request the money in the budget for 1930.

Yours very truly,

Edward G. Lang,

Director.

This is to advise you that the condition of the hillside on Second avenue, near the Armstrong Tunnels, is in such dangerous condition that the over hanging rock must be removed at once.

We have some of our Bridge Bureau Workers on this job now, but in order to do the work thoroughly, it would require a steam shovel and some additional trucks other than the trucks from the Highways and Sewers and Asphalt Plants, which we are working Saturdays and Sundays.

It would require about \$5,700.00 to do this work in a satisfactory manner, and as there are no available funds to complete this work, we shall be glad to have Council give this early consideration.

The Chair presented

No. 6046. August 21, 1929.

SUBJECT: Boulevard of the Allies Hillside.

President and Members of Council, City of Pittsburgh.

Gentlemen:—

An emergency has arisen by reason of the dangerous condition of the hillside lying below, and to the south of, the paved portion of the Boulevard of the Allies between Jumboville and Magee street. The hillside in question is largely on property owned by the City and its condition is such that extensive rock falls may be expected at any time. Such rock falls would be extremely dangerous to traffic on the B. & O. Railroad and on Second avenue, and could easily block both the railroad tracks and the thoroughfare.

We have been advised by the Director of the Department of Public Works that immediate action must be taken to remove these rocks in order to insure the safety of the public. We are informed by the Department of Public Works that the cost of the work involved in this emergency action will be approximately \$10,000.00.

We, therefore, declare that an emergency exists and request that you pass an emergency appropriation accordingly.

Yours very truly,

Charles H. Kline,

Mayor.

Henry O. Evans,

Controller.

Which was read, received and filed.

Also

No. 6047. An Ordinance authorizing an Emergency Appropriation in the sum of Ten Thousand (\$10,000.00) Dollars for the purpose of providing funds to pay for the cost of rock removal on the hillside below the paved portion of the Boulevard of the Allies between Jumboville and Magee streets, and authorizing the Mayor and the Director of the Department of Public Works to award a force account contract or contracts for the removal of the

rock, and providing for the payment of the costs thereof.

Which was read.

Mr. Garland moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time.

Mr. McArdle stated

That this bill, and similar bills, should not be passed on the day of introduction unless so requested in the emergency communication.

The Chair stated

That as Council was not holding regular meetings, it would be well to pass the bill at this time.

And the bill, as read a second time, was agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes—Messrs.

Alderdice	Little
English	McArdle
Garland	Winters
Herron	Malone (Pres't.)

Ayes—8.

Noes—None.

And the bill having received the unanimous affirmative vote of all the members of Council present, was passed finally, in accordance with the provisions of the Act of Assembly of May 31, 1911, as provided in case of public emergency.

August 9th, 1929.

To the President and Members of
City Council,
City of Pittsburgh.

Gentlemen:—

I return herewith Bill No. 5448, without my approval, for the following reasons:—

Bill No. 5448 changes the classification of all the property fronting on Wightman and Hobart streets extending eastwardly to the line of property of the Board of Public Education, leaving unchanged the property fronting on Phillips avenue having a depth of 100 feet.

I have signed Bill No. 5473 which changes the classification of all property fronting on Wightman street between Hobart street and Phillips avenue, extending eastwardly to the property of the Board of Public Education.

These two bills are conflicting and as I have signed Bill No. 5473 it will not be necessary to sign Bill No. 5447, as it is purely a repetition.

Sincerely yours,

Charles H. Kline,

Mayor.

City of Pittsburgh.
Gentlemen:—

I return herewith Bill No. 5231, without my approval, same being a resolution for a warrant in favor of Mrs. Anna K. Hurley for Three Hundred Nineteen (\$319.00) Dollars, in full settlement of any and all claims for damages which she might have against the City of Pittsburgh arising out of an accident which occurred to her on the Welfer street boardwalk, September 27th, 1928, for the following reasons:—

This resolution was referred to the City Solicitor for his opinion and he is of the opinion that Mrs. Hurley was guilty of contributory negligence and in view of recent decisions of the courts he is further of the opinion that the City is not in any way liable to the complainant.

Sincerely yours,
Charles H. Kline,
Mayor.

Which was read, received and filed.
Also

Bill No. 5231. Resolution authorizing the issuing of a warrant in favor of Mrs. Anna K. Hurley for \$319.00, in full settlement of any and all claims for damages which she might have against the City of Pittsburgh arising out of an accident which occurred to her on the Welfer street boardwalk on September 27, 1928, and charging the same to Code Account No. 42.

In Council, August 1st, 1929, Read, committee amendments agreed to, rule suspended, read a second and third times and finally passed by a two-thirds vote.

Which was read.

Mr. McArdle stated
That this is of the class of legislation that requires the Mayor's signature and cannot be passed over his veto, and moved

That the resolution be received and filed.

Which motion prevailed.

CITY OF PITTSBURGH
Office of the Mayor.

August 15th, 1929.

To the President and Members of
City Council,
Pittsburgh, Pa.
Gentlemen:—

I return herewith Bill No. 4753, being an ordinance regulating and restricting the location of trades and industries and the location of buildings designed for specified uses and regulating and limiting the height and bulk of buildings hereafter erected or altered, and regulating and determining the area of yards, courts and other open spaces in connection with buildings hereafter erected or altered, and establishing the boundaries of districts for the said purposes; conferring certain powers upon the Superintendent of the Bureau of Building Inspection; providing for a Board of Appeals and imposing penalties, without my approval for the following reasons:—

I readily realize that certain sections of this vicinity are fast changing from residential to commercial districts, but notwithstanding this fact when a change is asked which is detrimental to large investments such as churches and schools and such change would work great detriment to the value of such property, I am of the opinion that at the present time a change in classification would be inadvisable.

Sincerely yours,
Charles H. Kline,
Mayor.

Which was read.

Also
Bill No. 4753. An Ordinance entitled, "An Ordinance regulating and restricting the location of trades

and industries and the location of buildings designed for specified uses and regulating and limiting the height and bulk of buildings hereafter erected or altered, and regulating and determining the area of yards courts and other open spaces in connection with buildings hereafter erected or altered, and establishing the boundaries of districts for the said purposes; conferring certain powers upon the Superintendent of the Bureau of Building Inspection; providing for a Board of Appeals, and imposing penalties, approved August 9, 1923, and supplements thereto, by changing the Zone Map, Twenty-ninth Ward, formerly Carrick Borough, so as to change from an 'A' Residence Use District to a Commercial Use District, all that certain property bounded by Brownsville Road, Stewart avenue, Vita way, Claus avenue, Windfall way and Merritt street."

In Council, August 1st, 1929, Bill read, rule suspended, read a second and third times and finally passed by a $\frac{3}{4}$ vote.

Which was read.

Mr. McArdle moved

Committee on Public Works,

Council of the City of Pittsburgh.
Gentlemen:—

In connection with the contract for the widening and improving of the Boulevard of the Allies, from Craft avenue to Halket street, it has been

found necessary to increase Item C-32, 9" T. C. Sewer House Lateral, in order to connect the sewers of new structures along the south side of the Boulevard where a new main sewer was constructed.

As Item C-32, 9" T. C. Sewer House Lateral, increased from 70 lin. feet to 204 lin. feet is a contingent item, the contractor has submitted an extra work price of \$2.50 per lin. foot for that portion of work over and above a 100% increase, or 64 lin. feet, amounting to \$160.00, which will be paid as extra work according to stipulations of Section 3-B of the contract and 140 lin. feet will be paid for at the unit price of \$1.50 per lineal foot bid on the original contract, amounting to \$210.00.

The total cost of this extra work, amounting to \$160.00 will not result in causing the total cost of the work to exceed the estimated cost of same.

This letter is written requesting the authorization of this extra work and if no word to the contrary is received from your Committee, the Department will proceed with this work, as outlined.

Yours very truly,

Edward G. Lang,
Director.

WESTERN AVENUE SEWER
President and Members of Council,
City of Pittsburgh.
Gentlemen:—

Referring to the contract between Ralph Bucci and the City of Pittsburgh for the construction of a sewer on the south sidewalk and roadway of Western avenue, from a point about 130 feet west of Bidwell street to the existing sewer on Western

avenue, at Fulton street, we find that it will be necessary to change the depth of the sewer to about 1½ foot deeper than that shown on the contract plan. The cuts on the contract plan vary from 15 to 17 feet. This depth, however, is not sufficient to properly drain the new building constructed near Bidwell street. It appears that the cellar of said building was lowered after the information was given to our Field Engineer prior to the preparation of the contract plan.

As the sewer is intended for the drainage of this commercial district, it is necessary to have same sufficiently deep to give adequate drainage. This additional depth for a distance of about 360 feet is in rock which will undoubtedly add a very heavy expense to the Contractor. The Contractor has submitted a price of \$1.00 per lineal foot for a distance of about 360 feet for this extra depth, which we consider reasonable, and we recommend the approval of the same.

The total increase in cost will amount to \$360.00 which will not exceed the money set up in the ordi-

nance for this contract, and unless advised to the contrary, we will proceed with the construction of this sewer at the increased depth for a distance of 360 feet at an increase in cost of \$1.00 per lineal foot.

Yours truly,
Edward G. Lang,
Director.

SUBJECT: AIKEN AVENUE BRIDGE
President and Members of Council,
City of Pittsburgh.

Gentlemen:—

I am in receipt of a communication from Director Clark of the Department of Public Safety, stating that complaint had been filed with City Council and referred to his office "as to excessive noises by the Contractor erecting the Aiken Avenue Bridge across the Pennsylvania Railroad, hauling along South Negley avenue on Sundays."

In connection therewith, I wish to advise that there has been no hauling along South Negley avenue on Sundays by any of the Contractors engaged in the erection of the Aiken Avenue Bridge.

Yours very truly,

Edward G. Lang,
Director.

President and Members of
City Council.

Gentlemen:—

Numerous complaints having been received from residents in the vicinity of Friendship avenue and St. Clair street as to the nuisance caused by all-day parkers, this being also the subject of Council Bill No. 5391, Series 1929, a survey has been made of the situation, and I have decided to institute a 60-day trial of the following regulations, effective September 13, 1929.

One-hour Parking, 8:00 A. M. to 6:00 P. M., on:

Friendship avenue, from Negley avenue to Baum Boulevard, both sides;

St. Clair street, from Mignonette street to Baum Boulevard, both sides;

Amber street, from Eva street to Baum Boulevard, both sides.

Yours very truly,

Edward G. Lang,
Director.

Which were severally read and referred to the Committee on Public Safety.

Approved:

Charles H. Kline,
Mayor.

No. 6112. September 11, 1929.
SUBJECT: AIKEN AVENUE BRIDGE
CONTRACT No. 5, RAILING.

President and Members of Council,
City of Pittsburgh.

Gentlemen:—

1. In connection with the contract with the Independent Bridge Company for the Aiken Avenue Bridge over the Pennsylvania Railroad, Contract No. 5, Railing, conditions have arisen which in the opinion of the Department have made it necessary to issue an Extra Work Order.

2. The Extra Work Order provides for the following work to be done as provided in Paragraph 17-B, Page 15 of the "Contract for Construction, Edition of June 1928,"

"For Furnishing Five Light Poles Delivered at the site at an estimated cost of \$130.00."

3. The work to be done under this Extra Work was not covered by unit prices in the contract, and the necessity for doing the same was caused by conditions having arisen since the contract was executed, namely, it was the intention to have the Duquesne Light Company furnish these poles which Company now declines to furnish these poles and still provide light on the bridge with underground service at overhead rates. The saving to the City on the difference in rates on this bridge will amount to \$25.00 per year and as the life of the bridge will greatly exceed six years, the saving to the City is very material.

4. The Contract for this improvement is authorized by Ordinance No. 585, approved by the Mayor September 28, 1928, and the estimated cost of this contract is \$10,000.00. The total estimated cost of this Extra Work is \$130.00. The total estimated cost to complete this contract including this Extra Work Order is \$8,070.00. There are sufficient funds within the estimate to complete the work within the estimated cost.

5. This information is furnished to you so that you may have full knowledge as to the financial status of this contract and so that you may be fully advised when later a resolution authorizing payment for the above Extra Work Order will be submitted for your approval. Unless you advise to the contrary, we will proceed with this work.

Yours very truly,

Edward G. Lang,
Director.

CITY OF PITTSBURGH

September 20th, 1929.

To the President, and Members of Council,

City of Pittsburgh.

Gentlemen:—

I return herewith without my approval bill No. 5538 for the following reasons:—

This bill has been disapproved by the City Planning Commission. This is in a residential section and the passage of this bill would tend to destroy the district now consisting of small homes by the injection of industry therein which is absolutely non-essential and provides only for a plot of ground eighty by one hundred feet. The Act should not be changed to meet individual views but should be general.

Sincerely yours,

Charles H. Kline,

Mayor.

Which was read.

Also

Bill No. 5538. An Ordinance entitled, "An Ordinance amending an ordinance entitled, 'An Ordinance regulating and restricting the location of trades and industries and the location of buildings designed for specified uses and regulating and limiting the height and bulk of buildings hereafter erected or altered, and regulating and determining the area of yards, courts and other open spaces in connection with buildings hereafter erected or altered, and establishing the boundaries of districts for the said purposes; conferring certain powers upon the Superintendent of the Bureau of Building Inspection; providing for a Board of Appeals, and imposing penalties," approved August 9, 1923, by changing the Zone Map, Sheet Z—N10—E15, so as to change from a Commercial Use and Fourth Area District to a Light Industrial Use and Fifth Area District, all that certain property at the southwest corner of Cypress and Gross streets, having a frontage of 80 feet on Cypress street and 100 feet on Gross street."

In Council, September 12, 1929, Bill read, rule suspended, read a second and third times and finally passed by a three-fourths vote.

Which was read.

Mr. English moved

That the communication and bill be laid over until the next meeting.

Which motion prevailed.

Also

No. 6239.

CITY OF PITTSBURGH

September 20th, 1929.

To the President, and Members
of Council,

City of Pittsburgh.

Gentlemen:—

I am returning herewith without my approval bill No. 5640 for the following reasons:—

This bill has been disapproved by the Planning Commission and covers only a single lot in a thickly populated residential district. A change should be made for districts and not individual lots and for his reason and the disapproval of the Planning Commission, I return the bill without my approval.

Sincerely yours,

Charles H. Kline,

Mayor

Which was read.

Also

Bill No. 5640. An Ordinance entitled, "An Ordinance amending an ordinance entitled, 'An Ordinance regulating and restricting the location of trades and industries and the location of buildings designed for specified uses and regulating and limiting the height and bulk of buildings hereafter erected or altered, and regulating and determining the area of yards, courts and other open spaces in connection with buildings hereafter erected or altered, and establishing the boundaries of districts for the said purposes; conferring certain powers upon the Superintendent of the Bureau of Building Inspection; providing for a Board of Appeals, and imposing penalties,' approved August 9, 1923, by changing the Zone Map, Sheet Z—N10—E15, so as to change from an 'A' Residence Use District to a Commercial Use District, all that certain property bounded on the west of Fisk street, on the north by the line dividing properties now

or late of M. E. Smith and W. L. Unverzagt, on the east by Bowery way and on the south by the line dividing properties now or late of M. Doering and W. L. Unverzagt."

President and Members of Council,
City of Pittsburgh.

Gentlemen:—

This is to advise you that we have practically agreed with the Baltimore & Ohio Railroad Company on the terms of a lease for their property on the North Side abutting the Ohio River immediately below the Manchester Bridge. These terms are in keeping with the suggestions made to Council, and as soon as a survey is made, which is now under way, the Department will prepare a lease for this property on which the rail and river terminal is to be built and submit the same to Council for its approval. We hope to have this ready to present to Council within a week

Yours very truly,

Edward G. Lang.

Director.

Which was read, received and filed.

Also
No. 6287.

CITY OF PITTSBURGH

October 7, 1929.

Honorable Members of Council,

City of Pittsburgh.

Gentlemen:—

An emergency has arisen by reason of the heavy rainfall of October 1st, which caused a considerable amount of earth to slide from the hillside on the northerly side of East Ohio street in the vicinity of Walker Bridge, the earth slide having extended out onto the roadway of East Ohio street blocking all traffic.

We have been advised by the Director of the Department of Public Works that immediate action had to be taken to remove the material from the street and open same up for traffic. The Department further informs us that this work will cost approximately \$10,000.00.

We, therefore, declare that an emergency exists and that you pass an emergency appropriation at your next meeting of Council.

Yours very truly,

Charles H. Kline,

Mayor.

Henry O. Evans,

Controller.

Which was read, received and filed.

Also

No. 6288. An Ordinance making an emergency appropriation in the sum of \$10,000.00 for the purpose of paying the cost of removing the earth slide on East Ohio street in the vicinity of Walker's Bridge, and authorizing the Director of the Department of Public Works to have the Bureau of Highways and Sewers, with their own forces and equipment, carry out as much as possible of this work, and to let a contract therefor for the portion of the work which the Bureau of Highways and Sewers cannot handle.

Which was read.

Mr. Garland moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time and agreed to.

Mr. Tom M. Reed, Chief Engineer, Bureau of Engineering, appeared and explained the necessity of this appropriation; stating that East Ohio street was in very dangerous condition owing to overhanging rock and that the street was closed to through traffic.

And the bill, as read a second time, was agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes—Messrs.

No. 6302.

3370 Perrysville Avenue,

N. S., Pittsburgh, Pa.,

Magistrate Leo Rothenberg,

October 1, 1929.

Dear Sir:—

Over ten weeks ago on July 23, 1929, five men were brought into your Court for tearing down a newly built shelter house in the 3300 block of Perrysville avenue. The inclement weather has begun and that shelter house is badly needed when waiting for street cars as nothing but the wind sweeping up from the park hollow serves as a shelter.

The tax-payers in this neighborhood have faith in you and think that you also wish to see justice done. You evidently did not realize the dire need of this shelter or you would have dealt otherwise with these thrill seekers.

Now as a just punishment, don't you think those men would get just as much joy out of rebuilding such a shelter or paying to have it done? They boasted about the hard work it was to pry it loose from the base so it would tumble into the park. They enjoyed tramping it down so surely they would enjoy working hard to rebuild what was willfully destroyed. I'm sure you would not deny them this fun.

Perhaps you have forgotten their names, so I will name them.

1. Harry Walters, 35, of 2449 Charles street.

2. Joseph Murphy, 41, of 2429 Snyder street.

3. Edward Heiber, 20, of 3026 Perrysville avenue.

4. Russell Brown, 19, of 3100 Perrysville avenue.

5. Gibson Brown, 18, of 3104 Perrysville avenue.

I hope you will take this matter up at once and retain your reputation as a dealer of justice. If these men are employed by day, Saturday afternoons and evenings are excellent times for such fun and thrills of rebuilding.

Yours truly,

F. C. Boyd.

Which was read, received and filed.

Also

No. 6303. Resolution authorizing the Director of the Department of Public Works to grant William S. Miller, a clerk in the Bureau of Water, a leave of absence with full pay for a period of 60 days, effective September 14, 1929, on account of ill health, and to charge same to the regular Salary Code Account of the Bureau of Water, Department of Public Works.

Which was read and referred to the Committee on Finance.

Mr. Alderdice moved

That the following members be excused for absence from Council and Committee meetings:—

Mr. Alderdice on May 16; June 4; July 8, 17, 24 and 31, 1929;

Moore Avenue—Railing For Steps
President and Members of Council,
City of Pittsburgh.

Gentlemen:—

The attention of the Department has been called to the necessity for the installation of a hand railing on existing concrete steps on Moore avenue between Knox avenue and Brownsville Road. Upon investigation we find that there is considerable risk, particularly in winter weather to users of the steps owing to the fact that there is no hand railing, and we therefore recommend that a hand railing be installed at a cost of about \$300.00.

We would request that an appropriation be made available in which event the Department will proceed to take letter bids so that the railing may be placed before winter weather sets in.

Yours very truly,

E. G. Lang,

Director.

Subject—2nd Avenue Hillside Removal
of Rock.

President and Members of Council,
City of Pittsburgh.

Gentlemen:—

Early in the summer the condition of the rock on the hillside above Second avenue, and to the West of the Armstrong Tunnel, became so dangerous that its removal was necessary for the protection of the traveling public on Second avenue. Therefore,

a barricade was constructed on the north flank of Second avenue close to and paralleling the inbound car track. The overhanging and loose rock was barred down by hand from the hillside by the employees of this Department and is now piled behind this barricade. The barricade is substantial and has held this rock for some months. However, one bulge has appeared and this rock cannot be permitted to remain, with safety, piled behind the barricade for any great length of time.

It is estimated that \$5,000.00 would be required to remove this rock and the Department has no available funds for this operation. Neither has the Department the equipment necessary to handle the work.

Under date of August 7th, Council was advised of this condition and requested to provide funds for the removal of the rock. If Council will indicate how it wishes funds provided to take care of this situation, the necessary legislation will be introduced in Council for your consideration.

Yours very truly,

E. G. Lang,

Director.

Chas. M. Reppert,
Chief Engineer.

Which were severally read and referred to the Committee on Finance.

Subject: Carson Street West Widening
President and Members of Council,
City of Pittsburgh.

Gentlemen:—

In the execution of the contract with the John F. Casey Co. for the widening of Carson street West, interference has been found with the high tension wires and signal lines of the P. & L. E. R. R. These wires will have to be removed to permit the execution of the contract and afterwards restored. In as much as the City has entered into an agreement with the P. & L. E. R. R. covering the encroachment of the City on their right-of-way, which agreement does not provide that the P. & L. E. R. R. remove their lines nor be placed to any costs in connection therewith, an extra work order has been given the Contractor, the John F. Casey Company, to assume the costs of the removal of these wires and the additional costs to the P. & L. E. R. R. for current furnished them while these wires are out of service. The estimated cost of the extra work order is \$1,255.00, which figure does not cover the replacement of these lines when the same can be permitted. There is a very small margin between the amount setup for this contract and the contract price. It is, however, about sufficient to cover this extra work. It is, however, possible and even probable, that other additional work necessary on this contract will have to be done and that the present extra work order will

cause the contract to exceed the estimated cost. In this case, Council will be asked to authorize the setting up for this contract for such additional funds as may be necessary. Unless you advise to the contrary, the work will proceed as outlined in this letter.

This information is being sent you so that you will have full knowledge of the financial status of this contract and be cognizant of the facts when later a resolution is presented to you covering the payment of this work.

Yours very truly,
E. G. Lang,
Director.

DEPARTMENT OF PUBLIC WORKS

October 10, 1929.
President and Members of Council,
City of Pittsburgh.
Gentlemen:—

The Department has awarded a contract and work has been started on the construction of the overhang on Carson street West to provide for a widened thoroughfare. The work now under contract will not be sufficiently completed to permit the starting of the repaving of Carson street West from Corliss street eastwardly toward Steuben street until very late in November, or early in December and weather conditions may retard the completion of this particular work.

We are prepared to advertise for bids for the repaving of Carson street to provide the widened roadway and will endeavor to complete as much of this repaving as weather conditions will permit before the Winter season will close down the work. There is no doubt that weather conditions will be such that but a small portion if any of the repaving can be com-

pleted during the present season, and as the paving in the northerly street car track and the northerly shoulder will be torn up on account of the work now in progress it will be necessary to do a certain amount of temporary repaving by laying the old blockstone on a slag base to permit traffic to traverse this street during the Winter season, which temporary repaving will have to be removed in the Spring of 1930 in order to properly repave the street. Just how much repaving of a temporary nature will be required cannot be determined at this time as weather conditions will govern same.

This matter is brought to your attention in order that you may be informed that the contract for the repaving of Carson street West from Corliss street eastwardly toward Steuben street will include items of work for temporary paving which will entail an expense that may amount to \$10,000, but this action must necessarily be taken in order to make Carson street between the points above mentioned passable for vehicular traffic during the Winter season.

Yours truly,

Edward G. Lang,

Director.

DEPARTMENT OF PUBLIC WORKS

Subject: East Street Bridge to connect Charles and Essen Streets, Contract No. 4, Charles Street Approach.

President and Members of Council,
City of Pittsburgh.

Gentlemen:—

(1.) In connection with the contract with the Booth and Flinn Co., for the Construction of the East

Street Bridge to connect Charles and Essen streets, Contract No. 4, Charles Street Approach, conditions have arisen which in the opinion of the Department have made it necessary to issue an Extra Work Order.

(2.) The Extra Work Order provides for the following work to be done as provided in Paragraph 17-B, Page 15 of the "Contract for Construction, Edition of June 1928,"

"For furnishing and installing approximately 42 lineal feet of 1-½" Wrought Iron Pipe Conduit at an estimated cost of \$75.00"

(3.) The work to be done under this Extra Work was not covered by unit prices in the Contract, and the necessity for doing the same was caused by conditions having arisen since the contract was executed, namely, the furnishing and installation of approximately 42 lineal feet of 1-½ inch wrought iron pipe.

(4.) The contract for this improvement is authorized by Ordinance No. 586, approved by the Mayor September 28, 1928, and the estimated cost of this contract is \$90,000.00. The total estimated cost of this Extra Work is \$75.00. The total estimated cost to complete this contract, including this Extra Work Order is \$65,075.00. There are sufficient funds within the estimate to complete the work within the estimated cost.

(5.) This information is furnished to you so that you may have full knowledge as to the final status of this contract and so that you may be fully advised when later a resolution authorizing payment for the above Extra Work Order will be submitted for your approval. Unless you advise to the contrary, we will proceed with this work.

Yours very truly,

Edward G. Lang,
Director.

The Clerk read

CITY OF PITTSBURGH
Pennsylvania

October 15, 1929.

Grandview Avenue Sewer
President and Members of Council,
City of Pittsburgh.

Gentlemen:—

In answer to your request of October 10th, Bill No. 6197, as to the properties to be assessed by reason of the construction of a public sewer on the south sidewalk of Grandview avenue, from a point about 100 feet west of Shiloh street to the existing sewer on Maple Terrace, we submit herewith the following list of properties abutting on this improvement: M. H. King, E. P. Einert, E. L. Sullivan, L. Solomon and M. Rosenthal, L. A. Smith, K. Q. Bingham.

The above mentioned properties are at present drained by a private sewer of which we have no record. This sewer is causing the flooding of the property of L. A. Smith, who has requested the City to construct a public sewer to relieve this nuisance.

Yours truly,

E. G. Lang,

Director.

Council

Gentlemen:

At your meeting held June 12, 1929, the following motion was adopted:

"That the City Solicitor furnish an opinion as to the statement made by Wm. S. Dalzell, Esq., counsel for the Pennsylvania Railroad Company, that when the city grants a franchise to a street railway company or any other public utility company the right to use and occupy public streets, that that right is only a license and can be revoked at the will of Council, and that such decisions were handed down by the Supreme Court of the State of Pennsylvania as well as the Supreme Court of the United States."

I believe the law to be that within reasonable limits the police power can be exercised to compel a Public Service Company to adjust its structures to the necessities of a municipality in the control of its streets, etc.

It was held specifically in one case, not in this State:

"So, for the convenience and welfare of the public, a municipality may require the tracks of a railroad company to be shifted from one street to another, or from one part of the street to another."

All public service franchises, grants or licenses are subject to the police power of the State, and within reasonable limits this power is exercised by municipalities. Accordingly, all public service companies, such as telephone and telegraph companies, water companies, street car companies, etc., may be required to move or relocate their utilities when the necessity for that has arisen due to changes being made by the municipality or where the traffic or safety conditions are such that it should be done. Of course, a municipality cannot ruin a franchise-holding corporation by cutting its franchise so as to disconnect its system. Within reasonable limits, I am of the opinion that the municipality can compel the shifting of franchise such as the street railway franchise on Liberty avenue within the proposed Pennsylvania terminal limits from Liberty avenue to Penn avenue, and the same principle applies to all other public

utility companies operating therein.

It was held by the Supreme Court of the United States in a famous case, that where a railroad crossed a stream by a bridge and it became necessary for the public to widen the stream, the railroad was compelled to reconstruct the bridge at its own expense so as to get the piers outside the line of the stream and to remove the old piers, etc. The case was that of *C. B. & Q. R. R. Co. vs. People ex rel.*, etc., 200 U. S. 561.

Our own Supreme Court, in *Scranton Gas and Water Company vs. Scranton City*, 214 Pa., 586, held:

"The easement which a gas or water company has in the streets of a municipality is subject to the superior right of the public, both in the surface and the soil beneath the surface.

Where a city changes the grade of a street in order to do away with a railroad grade crossing and a gas and water company is obliged to move its pipes from the street by reason of the change of grade, the company can recover no damages for the injuries sustained."

The Supreme Court also held, in *Titusville Amusement Company et al. vs. Titusville Iron Works Company*, 286 Pa., 561;

"A public service company which has occupied a street not specifically named in the consenting ordinance but only by virtue of a general power to occupy the streets of a municipality, cannot enjoin the vacation of part of one of the streets occupied by it."

In *Easton City vs. Miller*, 69 Sup'r Ct. 554, the Superior Court held:

"A company accepting a franchise that involves the use of a public street of a city or other municipality must accept it subject to the continuous right of such municipality to perform its strictly legal functions and obligations, even though such performance may entail some expense upon the holder of the franchise in readjusting pole lines, water and gas pipes, street car tracks and

the like, to the new situation brought about by the lawful acts of the city."

Respectfully submitted,

Chas. A. Waldschmidt,

City Solicitor.

Which were severally read and referred to the Committee on Public Service and Surveys.

Gentlemen:—

We have almost completed the removal of the slide, quarrying down and removal of loose earth and stone where the slide occurred on East Ohio street.

West of this slide there is considerable overhanging rock that may at any time cause another slide as bad or worse than the one we had to dispose of recently, and we believe much can be done now more favorably and at less expense, if we are permitted to take care of this overhanging rock at this time, while our forces and equipment are in the vicinity.

In addition to the removal of the material, the present slide had destroyed a portion of the main sewer from Hechelman street, which will have to be reconstructed without further delay, and we estimate the cost of this sewer at \$2,500.00.

We request that you authorize us to expend \$10,000.00 additional to remove the rock, and to present legislation authorizing the letting of a contract for the reconstruction of the broken sewer, at an estimated cost of \$2500.00.

Will you please give this matter your prompt and favorable consideration, advising this Department so we can continue the operation with the force and equipment now on the job, and present legislation authorizing the reconstruction of the sewer.

Yours very truly,

E. G. Lang,
Director.

Gentlemen:—

Subject—Bill No. 6301.

Your letter of the 8th instant received.

The above bill is a Resolution requesting the Department of Public Safety to take certain action in connection with the damage to a shelter house on Perrysville avenue.

Replying thereto please be advised that I have a report from Mr. Peter P. Walsh, Superintendent of the Bureau of Police, as follows:

On July 23rd, 1929, at 11:20 P. M. Patrolman Robinson and Willis arrested Edward Heiber of 3026 Perrysville avenue, aged 20; Gibson Brown of 3100 Perrysville avenue, aged 18; Russel Brown of 3100 Perrysville avenue, aged 19; Harry Walters of 2448 Charles street, aged 35; and Joseph Murphy of 2429 Snyder street, aged 41; all of whom were charged with "Disorderly Conduct" in connection with the pushing of the shelter house located at No. 3344 Perrysville avenue over the hill into Riverview Park. The prisoners were given a hearing in Morals Court and discharged by Magistrate Rothenberg. The shelter house was removed by Superintendent Foley of the Riverview Park.

Trusting this is the information desired by your Honorable Body, I am,
Yours very truly,

Director.

Gentlemen:—

By reason of the improvement of Carson street from South Main street to City Line, it is necessary to install the following parking regulations for a 60-day trial, to-wit:—

First—No Parking on the west side of South Main street from Carson street to Wabash avenue between the hours of 4:00 and 6:30 P. M. daily;

Second—No Parking on the east side of South Main street from Carson street to Wabash avenue from 7:00 A. M. to 9:30 A. M., daily;

Third—No Parking on Steuben street from Carson street to Chartiers avenue both sides 24-hours daily, Sundays included;

Fourth—No Parking on Chartiers avenue from Steuben street to Corliss street both sides 24-hours daily, Sundays included.

The above regulations to become effective October 30th, 1929.

Very truly yours,

Jas. M. Clark,

Director.

Approved:

Chas. H. Kline,

Mayor.

Which was read, received and filed.

Also

No. 6465. October 28, 1929.
President and Members of

City Council.

Gentlemen:—

Since our occupation of the new Engine House and Police Station at the corner of Broad street and North Euclid avenue, the advisability of prohibiting parking on Broad street in that vicinity has become apparent, in order to eliminate interference with the free movement of the fire apparatus, which is an important and essential consideration.

I have therefore decided to insti-

tute a 60-day trial of the following regulation, effective October 30, 1929.

"No Parking at Any Time on Broad street, between North Highland avenue and North Negley avenue, both sides, with the exception of the north side of Broad street between North St. Clair street and North Negley avenue, on which one-hour parking is permitted."

Very truly yours,

Jas. M. Clark,

Director.

No. 6467.

CITY OF PITTSBURGH

Pennsylvania

October 15, 1929.

Council of the City of Pittsburgh.

Gentlemen:—

In reply to your motion, passed at your meeting held October 14, 1929, to-wit:—

"That the Law Department be asked for an opinion:—Does a regular repeal ordinance affecting zoning, which repealer would in effect change zone conditions, legally pass Council by a majority vote? This is asked for the reason that an amending ordinance, having the same effect

might under certain conditions require seven votes."

We beg to advise you as follows:

The Act of Assembly regulating zoning provides:

"Section 6. Changes. Such regulations, restrictions and boundaries may, from time to time, be amended, supplemented, changed, modified or repealed. In case, however, of a protest against such change, signed by the owners of twenty (20) per cent or more, either of the area of the lots included in such proposed change, or of those immediately adjacent in the rear, or adjoining on the sides thereof extending one hundred (100) feet therefrom, or of those directly opposite thereto extending one hundred (100) feet from the street frontage of such opposite lots, or when disapproved by the City Planning Commission, such amendment shall not become effective except by the favorable vote of three-fourths of all the members of the council of such city: Provided, That before any such amendment, supplement or change shall be voted on by the council, the City Planning Commission shall have been given twenty (20) days' notice thereof and of the date of hearing. The provisions of the previous section relative to public hearings and official notice shall apply equally to all changes or amendments."

Where an Ordinance has been passed amending the Zone Map, so that a district was changed in area, a repeal of the Ordinance thus amending the Zone Map would have the effect of changing the Zone Map, and, therefore, it is our opinion that Section 6 of the statute applies. Where a protest of property owners, as provided in said statute, has been made, or the disapproval of the City Planning Commission has been given, the repealing Ordinance must be passed by a favorable vote of three-fourths of all the members of Council, to-wit, by the favorable vote of at least seven (7) members.

Respectfully yours,

Thomas M. Benner,

First Asst. City Solicitor.

No. 6481. Pittsburgh, Pa.,
(East Liberty Chamber of Commerce)
October 25th, 1929.

Mr. James F. Malone, President,
City Council,
City of Pittsburgh,
Pittsburgh, Pa.

Dear Mr. Malone:—

Our Civic Affairs Committee would like a hearing before Council to take up the matters intended to be brought before your body at a meeting some-time ago, which was cancelled because of certain things not being completed which we wish to discuss.

Cordially yours,

A. Patrick Flood,
Manager.

Which was read and referred to the Committee on Public Works.

Mr. Garland presented

No. 6482. WHEREAS, The electro-rate of Pennsylvania in the General Election of 1928 approved by a substantial majority a constitutional amendment to permit the use of voting machines in elections throughout the state; and,

WHEREAS, The General Assembly of the Commonwealth in regular ses-

sion in 1929 passed a measure permitting each city, county, township and borough to decide for itself whether it would avail itself of the opportunity of employing voting machines for municipal and general elections and primaries; and,

WHEREAS, Pursuant to that measure, there will appear on the ballot in the November election in every municipal division of Allegheny County the question of whether voting machines shall be adopted, not only for the county as a whole, but for the City of Pittsburgh and all other cities, boroughs and townships individually; and,

WHEREAS, We believe that the use of voting machines will bring greater efficiency in elections; provide a more accurate count than often occurs under existing conditions; obviate the sometimes protracted delays in returning results; reduce the opportunity for fraud or error, and bring about a substantial saving in the cost of elections as well as affording greater convenience to voters; Therefore, be it

RESOLVED, That this Council and the members thereof hereby indorse the use of the voting machines, and pledge themselves to exert every legitimate influence towards its adoption for the City of Pittsburgh.

Which was read.

Mr. Garland moved

Also

No. 6484. WHEREAS, The City of Pittsburgh has suffered a great loss by the death of its City Treasurer, Wallace Borland, which occurred suddenly at Cincinnati on Tuesday, October 22, 1929; and,

WHEREAS, Wallace Borland, a native Pittsburgher, being born in East Liberty on May 5, 1867, had long been a faithful employe and official of the City of Pittsburgh, having first served under Mayor Magee as inspector in the Bureau of Food Inspection, and in 1914 was appointed a police magistrate by Mayor Armstrong, in which capacity he served for eight years, being reappointed by Mayor Babcock. In the fall of 1921 he was elected a member of City Council, serving in that capacity for four years, when he became City Treasurer; and,

WHEREAS, As a member of Council his services were particularly beneficial to the City, as he was always alert in promoting the best interests of the community, and as City Treasurer he was both capable and trustworthy, and endeared himself to all with whom he came in contact by his uniform courtesy and cheerfulness and by the tact and ability with which he discharged his duties; Therefore, be it

RESOLVED, By the Mayor and the Council of the City of Pittsburgh, That in the death of Wallace Borland the City has lost a good and faithful official, and the members of this body has suffered a great loss; and, be it further

RESOLVED, That these resolutions be spread in full upon the records of Council, and a duly engrossed copy be sent to the family.

Which was read

Mr. Winters moved

The adoption of the resolution.

Which motion prevailed by a unanimous rising vote.

Mr. Winters moved

That when Council adjourns, it will adjourn in honor of the memory of Wallace Borland.

Which motion prevailed.

Mr. English moved

That the Minutes of Council, at a meeting held on Monday, October 14, 1929, be approved.

Which motion prevailed.

The Chair stated

That he would appoint a committee to confer with a committee from the Board of Public Education relative to the exchange of properties of Peabody High School and Arsenal Playgrounds, consisting of Messrs. Garland, Herron and Alderdice, and would ask that Mr. Aaron, of the School Board, notify this committee, through Mr. Garland, its chairman, when his committee is ready to meet.

The Chair stated

That the Civics Classes from the Langley High School and the South Hills High School were present and on behalf of the Council he welcomed them and hoped they would pay another visit at some future time, and he then explained the procedure of Council, and called upon several members of the classes for remarks, which members responded in turn.

And there being no further business before the meeting, the Chair declared

Council adjourned.

President and Members of
City Council.

Gentlemen:—

Complaints have come to me that excessive parking at Hazelwood avenue and Second avenue is creating hazardous conditions there for both pedestrians and vehicles. This has been confirmed by our investigation of the general conditions and the present parking practice in that vicinity.

I have therefore decided to institute a 60-day trial of the following regulations, effective November 6, 1929.

No Parking from 8:00 A. M. to 3:00 A. M. and from 5:00 P. M. to 6:00 P. M., with three-hour parking from

9:00 A. M. to 5:00 P. M. on—Second avenue from Tipton street to Hazelwood avenue, both sides.

No Parking At Any Time on Hazelwood avenue from Osprey way to the B. & O. R. R. tracks, both sides.

Yours very truly,
Jas. M. Clark,
Director.

Approved:

Charles H. Kline,
Mayor.

City of Pittsburgh, Penna.
November 4, 1933

To the Council.

Gentlemen:-

Bill No. 6405, which authorizes and directs a change in the manner of payment to Dunn & Ryan Contracting

Company, Contractors, for the construction of the 33rd Street Drainage Main Sewer, has been referred to this office for report.

The Ordinance which authorized this improvement was passed and approved as an assessment ordinance and therefore payment is governed by Section No. 38, B, of the Specification for Contracts, which is predicated upon Ordinance No. 329, approved July 7th, 1923, which directs that the payment of 80% of the amount of said estimates, but not in excess of the City's share of the cost of the work, shall be the basis upon which payments will be made in such cases.

The contract for this improvement, when submitted to this office for counter-signatures, provided that payments be made under Section 39, B, which directs the payment of 90%, which was in violation of the ordinance authorizing the improvement.

Very truly yours,
Henry O. Evans,
City Controller.

REPORTS OF SPECIAL COMMITTEES

Mr. Alderdice presented

No. 6607.

Pittsburgh, November 8, 1929.

To the President and Members of Council.

Gentlemen:

Your Committee appointed to attend the convention of Street and Sanitation Engineers at Jacksonville, Florida, October 18th, begs leave to report that it attended to that duty and wish to record that the trip was very beneficial in that lot of good reports were made by some of the largest cities in the country in regard to improvements, which they are making to streets and sewers.

A further report will be made on this in book form, which will be of interest to all the members of Council.

Yours respectfully,

John S. Herron

R. J. Alderdice

Which was read.

Mr. Garland moved

That the report be accepted and approved, and a vote of thanks be extended to the committee.

Which motion prevailed.

MOTIONS AND RESOLUTIONS.

Mr. English moved

That the Minutes of Council, at a meeting held on Monday, November 4th, 1929, be approved.

Which motion prevailed.

And on motion of Mr. English

Mayor's Office

November 15, 1929

Subject: Shadeland Avenue Bridge.
President and Members of Council,
City of Pittsburgh.

Gentlemen:

An emergency has arisen by reason of the dangerous condition of the Shadeland Avenue Bridge over Woods Run. The concrete in the sidewalk and roadway paving base has disintegrated to such an extent as to require its entire replacement, while extensive repairs are necessary to the railing, expansion dams and supporting steel work.

We have been advised by the Director of the Department of Public Works that immediate action must be taken to affect the above listed work necessary to place the bridge in condition for its safe use by the public. We are informed by the Department of Public Works that the cost of the work involved in this emergency action is estimated at Thirty Thousand (\$30,000.00) Dollars.

We therefore declare that an emergency exists and request that you pass an Emergency Appropriation accordingly.

Yours very truly,

Charles H. Kline
Mayor.

Henry O. Evans,
Controller.

Which was read.

Also

No. 6646. An Ordinance authorizing an Emergency Appropriation in the sum of Thirty Thousand (\$30,000.00) Dollars for the purpose of providing funds for repairing the Shadeland Avenue Bridge over Woods Run and authorizing and directing the Mayor and the Director of the Department of Public Works to advertise for proposals and to award a contract or contracts for making repairs to the said bridge and providing for the payment of the costs thereof.

The Chair presented

No. 6658.

Office of the Mayor

November 12th, 1929.

To the President and Members
of City Council,

City of Pittsburgh,

Gentlemen:

I return herewith Bill No. 6403, without my approval, for the following reason:

Mr. Charles W. McKee, Clerk in the Paymaster's Office, has been absent on account of illness for more than a year, during which time he has received full pay, necessitating our taking men from other departments to aid the Paymaster in the performance of his duties. This resolution gives him an additional Leave of Absence with full pay for a period of three months beginning November 1st, 1929, which to my mind is an imposition upon the City.

My advice based upon human sympathy would be to have Mr. McKee make application for pension under permanent disability.

Sincerely yours,

Charles H. Kline,
Mayor.

Which was read.

Also

Bill No. 6403. Resolution authorizing and directing the City Treasurer and Collector of Delinquent Taxes to grant Charles W. McKee, Clerk in the Paymaster's Office, a leave of absence with full pay for three months, beginning November 1st, 1929.

In Council, Nov. 4, 1929, Read, rule suspended, read a second and third times and finally passed by a two-thirds vote.

Which was read.

Mr. Winters moved

That the communication and resolution be laid over for one week.

Which motion prevailed.

Mr. McArdle asked

That the Clerk ascertain from the Pension Fund Association, whether or not, the Mayor's suggestion regarding a pension for Mr. McKee can be carried out.

The Chair presented

No. 6659. Communication from the Director of the Department of Public Safety, dated November 12, 1929, relative to accidents involving property loss and damage.

Also

No. 6660. Communication from the Director of the Department of Public Safety, dated November 12, 1929, relative to accidents involving property loss and damage.

Which were read and referred to the Committee on Finance.

Mr. McArdle moved

That the Minutes of Council at a meeting held on Tuesday, November 12, 1929, be approved.

Which motion prevailed.

And there being no further business before the meeting, the Chair declared

Council adjourned.

President and Members of

City Council.

Gentlemen:

A request has been made that Eloise street, North Side, be given a sixty-day trial as a "One-Way" street, and our investigation confirms the statements of the residents as to the hazardous conditions existing on this narrow street, due partly to many people using the street to by-pass the "Stop and Go" signals on North avenue, thereby endangering the school children who pass through Eloise street in large numbers. It is believed that a one-way traffic regulation will remedy the situation to a considerable extent.

I have therefore decided to institute a 60-day trial of the following regulation, effective November 27, 1929.

Eloise street, one-way traffic from Sherman Avenue eastwardly to Federal street.

Yours very truly,

James M. Clark,

Director.

Approved:

Gentlemen:

My attention has been called to the traffic congestion on Fifth Avenue Extension between Liberty avenue and Penn avenue caused by the parking of automobiles, badly affecting both street railway operation and free wheel vehicular traffic.

It is believed that the elimination of parking on the easterly side of the street will be of great benefit in avoiding traffic congestion at this very complicated location.

I have therefore decided to institute a 60-day trial of the following regulation, effective November 27, 1929:

No Parking at Any Time on the easterly side of Fifth Avenue Extension between Liberty avenue and Penn avenue.

Yours very truly,

James M. Clark,

President and Members of

City Council.

Gentlemen:

My attention has been called to the hazardous conditions existing on Reddour street, due to unlimited parking.

It is a narrow street and cars are parked in a solid line on both sides of the street, particularly every evening, leaving a clear space in the middle barely wide enough for a small car to pass, and fire apparatus cannot get into the street.

In case of a fire on Reddour street, or in any of the seven ways, courts and streets opening into it, or in the Garden Theatre or the other three halls at Reddour and North avenue, there isn't an evening in the week when the fire apparatus would be able to get into Reddour street. As it is a thickly built up section, any delay in case of fire might result in a serious conflagration.

I have therefore decided to institute a 60-day trial of the following regulations, effective November 27, 1929:

No Parking At Any Time on Reddour street from North avenue to Eloise street, one block, both sides;

No Parking At Any Time on Reddour street from Eloise street to Sampson street, westerly side.

Yours very truly,

James M. Clark,
Director.

President and Members of
City Council.

Gentlemen:

In compliance with the urgent request of the East Liberty Chamber of Commerce that parking on the west side of South Highland avenue be eliminated entirely between Penn avenue and Baum boulevard, I have decided to institute a 60-day trial of the following regulation, effective November 27, 1929

No Parking At Any Time on the westerly side of South Highland avenue from Penn Avenue to Center avenue.

Our investigation confirms the complaint of the Board of Governors of the East Liberty Chamber of Commerce. The condition is very bad and extends past Baum boulevard to Center avenue.

I believe that the No Parking regulation as set forth will be of great benefit.

Yours very truly,
James M. Clark,
Director.

Charles H. Kline,
Mayor.

Department of Law

Pittsburgh,

November 18, 1929.

Council of the City of Pittsburgh.

Gentlemen:

In re Bill No. 6547, Resolution requesting the Law Department to furnish Council with a report as to the decision rendered by the United States Supreme Court with reference to the rights of a City to erect water works and to supply its residents with water where a private corporation has a franchise in said City antedating the erection of a plant by the City, I have to say as follows:

An examination of the case of the Southern California Utilities, Inc. vs. City of Huntington Park et al., reported in 22 Fed. (2) 868, discloses that the

United States District Court of California held that where the County had granted to an individual a franchise to furnish water to residents of a district, and he had made a legal assignment of his rights to a corporation which was rendering service, and subsequently a city lying in the district supplied by said corporation was incorporated, the said City could not be restrained from erecting a water works and supplying water to the inhabitants of the City. A petition for an appeal to the United States Supreme Court was denied, which means that the finding of the District Court was sustained.

In arriving at its conclusion the Court in this case distinguishes between a franchise granted by a mere Resolution by a County Board and an Ordinance of a City, and confines itself to the law in the State of California.

This case, to my mind, bears no resemblance to the situation which presents itself to the City of Pittsburgh regarding the rights of the Pennsylvania Water Co.

The Pennsylvania Water Co. is operating under a charter granted by the State of Pennsylvania and franchises granted by municipalities as they existed prior to annexation to the City of Pittsburgh. In such case the Supreme Court of Pennsylvania in 1896 held that where a water company has been chartered by the Commonwealth to supply a City with water and the City has permitted, by proper legislation, the Company to lay its pipes and supply water, it cannot subsequently erect and maintain its own water works.

White vs. Meadville, 177 Pa. 643.

The Act of 1907, P. L. 355, supplies a method of procedure in such a case. It provides that any municipality desiring to acquire a water works operated by a private corporation shall apply to the Court for viewers to fix the value of the plant. The viewers, thirty days after their appointment, file their report in Court. After such value is fully determined, the private corporation may or may not sell to the municipality at the price fixed by the viewers. In case it does not so sell it loses its exclusive privilege and the municipality may proceed to erect its own plant.

Regarding an agreement with the Pennsylvania Water Co., similar to that between the City and the South Pittsburgh Water Co., I have to report that I have written to counsel for the Pennsylvania Co., requesting him to lay the matter before that organization for action. The result of this will be reported later.

Respectfully submitted,

Chas. A. Waldschmidt,

City Solicitor

CITY OF PITTSBURGH

Office of the Mayor.

November 25th, 1929.

Charles H. Kline

Mayor.

To the President,

And Members of Council,

City of Pittsburgh.

Gentlemen:—

The 1930 estimates for the City of Pittsburgh are submitted herewith carrying an aggregate of \$27,533,350.

This represents an increase of \$1,938,750 over the amount appropriated for 1929, namely \$25,594,600.

To provide for the amount shown in this budget, it would require a tax levy for 1930 of 26 mills on land and 13 mills on buildings.

This represents an increase of one

mill on land and one-half mill on buildings, or an average increase of less than one mill.

Included in this amount of \$1,938,750 over the 1929 appropriations is the amount necessary to fulfill the will of the people as expressed in the referendum to grant the policemen and firemen an increase in salary. This amount totals \$921,000.

Included also in this increase is the recommendation made by me to grant a ten percent increase to all per diem employees except those on the C. U. W. basis, and a flat increase of \$1.20 per year to all employees whose salary is not fixed by Act of Assembly. This would require \$421,000. The total of these two increases is \$1,342,000.

If we eliminated these two items we could provide for all of the other increases recommended on a tax rate of 24.2 mills on land and 12.1 mills on buildings. In other words a levy which would be .8 of a mill less of land and .4 of a mill less on buildings, less in 1930 than in 1929.

However, I do not believe that such a course could in all fairness be considered. The people have recommended the increase to the policeman and firemen. The increase to the other employees, representing only about one-half, would I believe, commend itself to them in view of their favorable action on the proposed increase for the policemen and firemen on which they voted.

In making an estimate of the millage required for 1930, the actual cash received for ten months for 1929, plus the estimated receipts during November and December, has been used as a basis, with an estimate which indicates land valuations of \$574,000,000 and building valuation of \$580,000,000.

In going over the original departmental requests every effort was made to reduce them to the minimum required for proper administration and operation of the City's functions. However, in addition to the increases already mentioned for salaries and wages, I found it necessary to recommend the following increases which as I have stated before if the salary and wage increases were elim-

inated could be financed on a lower tax rate for 1930 than for 1929:

Mayview Homes and Hospitals—Increase\$181,000

Deficit for 1929 garbage and rubbish\$125,000

Increase for 1930 garbage and rubbish\$150,000

\$275,000

Deficit for 1929 South Pittsburgh Water 30,000

Increase for 1930 South Pittsburgh Water \$60,000

\$90,000

Increase in tax levy salary schedules: Bureau of Engineering..... \$36,000

Bureau of Bridges and Structures \$21,000

Bureau of Tests 32,000

\$89,000

Water meter tests and repairs \$86,000

Traffic Planning Increase \$59,000

Street lighting schedule increase 21,000

Carnegie Library of Pittsburgh increase 39,000

Many desirable and perhaps necessary items of expenditures which were included in the departmental estimates as presented to me, are not recommended in this budget. This for the reason that I was not convinced that all of them are proper matters for tax levy appropriation, but more properly should be covered by short term bond issues. Among these items are the following:—

1. **Bridge repairs.** I have included in this budget \$60,000 for this purpose. The original request was for \$297,000. The balance is for five major items of replacement and reconstruction.

2. **New Fire Engine Houses.** The Bureau of Fire requested \$87,500 for new engine houses; \$37,500 for re-location of one, \$75,000 for reconstruction of two others and \$22,000 for increased real estate holdings with which to make these improvements.

3. **Signal Lights.** This is one of our pressing problems. I am highly appreciative of the time and effort

spent by the Better Traffic Committee. The members thereof requested an appropriation of \$421,000, an increase of \$237,000 over 1929. The greater part of this increase, other than that required for operation and maintenance cost due to installation of our comprehensive downtown signal system, is a proposal for the extension of signal systems to other parts of the City. This in itself, aggregates \$140,000. I have recommended a total appropriation for this activity of \$243,000, approximately \$60,000 more than provided for in 1929. A short term ten year bond issue for additional signal equipment following the course we pursued for our downtown system can be considered.

4. **Extension of Police and Fire Signal Systems.** We must extend this system to Overbrook and Mifflin Township, and reconstruct our system in the Penn Avenue district affected by the Pennsylvania Railroad Improvements. It seems to me entirely proper that this should be financed by a five year bond issue, maturing at the rate of \$9,000 per year. This bond issue can be purchased by the sinking fund for investment and will spread the cost of this extension over a five year period, using our own sinking fund reserve for this purpose.

Other items which were included in the department estimates but which I have not recommended in this budget are as follows:—

Three hundred fifty additional patrolmen and seventy-eight other employees in the Bureau of Police, at an annual cost of \$814,000.

Fifty-eight additional hosemen and ladderman and twenty-five other employees in the Bureau of Fire, at an annual cost of \$180,000.

Twelve additional employees in the Bureau of Building Inspection, at an annual cost of \$29,000.

Motor Fire Equipment\$ 53,000

Repairs to Engine Houses..... 110,000

Motor equipment in the

Bureau of Police 51,000

In the original estimates there was a request for \$20,000 to be used for the completion of our fire alarm box replacement. I have cut this to \$10,000 for 1930, the same as pro-

vided for in 1929, and will recommend the same amount for 1931, which will complete that undertaking on a three year basis.

Permit me to say in conclusion, that all of these recommendations have been made with the thought in mind of conducting the administration of the City's affairs on a most economical basis.

The budget as presented represents great study and effort on the part of the executive branch of the administration to keep the cost as low as possible and at the same time provide all the services necessary in a modern city.

In the consideration of this budget you may be assured that my department heads will be at your service to co-operate with you to the fullest extent to produce the lowest tax rate possible.

Respectfully submitted,

Charles H. Kline,
Mayor.

No. 6737.

CITY OF PITTSBURGH,
Penna.

November 27, 1929.

President and Members of Council,
City of Pittsburgh,
Pittsburgh, Penna.

Gentlemen:—

I hereby respectfully tender my resignation as Controller of the City of Pittsburgh, to take effect immediately. I take this action upon receipt of information that a Certificate of Election has been issued by the proper authorities to my successor, so that the mandate of the public, as evidenced in the last election, may become immediately effective.

Respectfully yours,

Henry O. Evans,

Controller.

Which was read.

Mr. Garland moved

That the communication be received and printed in the record; and that the resignation of Henry O. Evans as City Controller be accepted; and that the Clerk so notify by letter the Mayor and the Heads of the several Departments of the City Government.

Mr. English arose and said:

Mr. President, Before voting on this motion to approve the resignation of the City Controller, it seems to me that Council ought to have a meeting with Mr. Evans to find out the status or situation of affairs in his office, and I ask that Council recess until we can summon Mr. Evans.

Mr. Garland arose and said:

Mr. President, I object to that for this reason: The resignation is be-

fore us and speaks for itself, and the letter which Mr. Evans sent to Council speaks for itself. Mr. Evans has a right to resign, and you cannot take away a man's inalienable right to do as he pleases.

Mr. English arose and said:

Mr. President, In answer to the gentlemen, I want to say that this is the worst situation in political skulduggery into which this Council has been forced. It is true, as Mr. Garland has said, that a man has a right to resign, but there are certain things about this office concerning which Council should have knowledge and for that reason I desire to have Council hold a meeting with Mr. Evans before it acts on his resignation.

Mr. Garland on the other hand is defending a man who is cheating the people, and at the same time depriving me of an opportunity to talk to him if this motion prevails; and if the rest of the members of Council support Mr. Garland's motion, I warn you it will come down on your heads. If this motion is adopted it will be done without giving me or any other member of Council an opportunity to discuss certain phases of the Controller's Office with Mr. Evans.

If you will give me the opportunity, I will explain my reasons. In the first place this man does not resign; he is still acting as City Controller. Do you know he has discharged Mr. Schilpp today to prevent him from functioning as Controller? I ask you, Mr. President, if you know that Mr. Schilpp has been discharged today by Mr. Evans, and Mr. Evans' resignation has been in your hands for 48 hours; do you know that Mr. Schilpp has been relieved of his duties?

The Chair said:

I do not know.

Mr. English said:

Mr. President, that is why I desire Council to hold a meeting with Mr. Evans before his resignation is accepted.

I think Mr. Evans ought to be allowed to continue his work in the garbage and rubbish case.

In talking with Mr. Winters, I suggested to him that he retain Mr.

Evans as counsel or in some capacity in the garbage and rubbish case and I would like to ask Mr. Evans a few questions about the case. If you deprive me of that opportunity by accepting his resignation prior to this meeting with Mr. Evans, I warn you that it will come down on your heads.

Mr. Garland arose and said:

Mr. President, I again say that a man has a right to resign his office. If the new Controller desires to keep Mr. Evans in any particular function that is up to him. The matter before us is simply the acceptance of his resignation, which he has a right to expect the Council will accept.

Mr. Herron arose and said:

Mr. President, We accepted Mr. Evans largely on faith, but I am disappointed. I was not acquainted with Mr. Evans, but the gentlemen on my right recommended him to me as a man of high character and ability, and on his recommendation I accepted him. I am not so sure Mr. Evans has not played fast and loose with the people's business and today for the first time we learn of the discharge of the deputy controller. We all know that Mr. Schilpp has been a wonderful assistant and Mr. Evans not only severed his connection with the city, but in doing so destroyed the machinery when he quit work.

I would like to have the privilege of sending for the City Solicitor to interrogate him as to whether the City Controller had the right to discharge Mr. Schilpp today, and whether Council can compel Mr. Evans before his resignation is accepted to make an audit of his accounts.

When the Controller assumed office he asked for an appropriation of several thousands of dollars and several employees, and I question whether they worked for the City. I do not want to be accused of accepting a man's resignation without permitting him to make an accounting of his stewardship, and for that reason I ask that the City Solicitor be asked to come here to help solve this problem.

Mr. Garland arose and said:

Mr. President, The gentlemen is under bond, as I understand it, as all Controllers are, and if there is anything to be looked into it can be done, but it will take more than a day if an audit is to be made. We have before us a simple resolution accepting a resignation, which we have no right to refuse, and I ask for a call on the original question.

Mr. Herron arose and said:

Mr. President, I do not like to arise to a question of personal privilege. I would like to know whether I, as a member of Council, can be privileged to have the City Solicitor come here so that I can interrogate him on this resignation. I am asking for that privilege to which a member of Council is entitled.

The Chair said:

There is no great harm in that. Is the City Solicitor here?

Mr. Anderson arose and said:

Mr. President, You allowed both gentlemen to get off the question before us. Mr. English has threatened Council because of something he thinks they are going to do. I want to make my position clear in this matter. I have never done anything underhanded. My actions here have always been honest and above board, and I believe that the members of Council feel that way about me.

I have never talked to the Controller regarding his resignation, but I freely admit my interest in Mr. McArdle. The newspapers made a statement that the Mayor, or a group of men, are interested in who is going to control this Council. As far as I am concerned there is no man or group of men controlling me.

I do not think there is a member in this Council who is more qualified, or has more ability to fill any vacancy which may arise in Council, than Mr. McArdle. I am not ashamed to be active in his behalf. I have spoken to the members of Council about him and every one said that it would be a pleasure to vote for him. They all recognize his ability. There is not a man in this Council of the ability of Mr. McArdle, and I am not ashamed to be active in his behalf.

In fact, I am proud of it. If the people made a mistake in defeating him for re-election, we as City Fathers should rectify that and allow him to sit here. In all my experience, in legislative bodies and conventions, and I travelled the length of this country and visited nearly every large city, and I have sat with the members of Council and watched Mr. McArdle's actions from day to day and week to week, and I know of no one that is better qualified than he.

I do not want to drive any man out of Council, and if Mr. Winters were in the same situation as Mr. McArdle, I would be breaking my neck to get him the job.

It does not make any difference to me who controls Council. I will be independent whether the vote is 8 to 1 or not.

I have no quarrel with any member of Council, and do not care how members vote; but as I said before it does not make any difference to me whether or not Evans resigns; you have his resignation. There is no man telling me how I shall vote. And no man is going to threaten me because of my vote, because I will do what I please and what I think best for the city just as long as I am a member of this Council.

I say again that the newspapers have printed statements in regard to Mr. McArdle, and I say that my activities in his behalf are true and I am not ashamed of it. I am proud of it and every member of this Council will say the same thing as I am saying on the floor today in regards to Pete McArdle as a member of this Council.

I do not wish to prevent any member of this Council getting information. That is what they are entitled to. They are entitled to say what they please and do what they please and not let anyone else tell them what or how to do it. As far as Mr. English is concerned, I will not be threatened by him or anybody else. As long as I am a member of Council I will use my own judgment, no matter how much it may displease some people. I am pleasing myself

and I am honest about that, and that is what I am here for.

Mr. English arose and said:

Mr. President, I made no threat against him or anybody else. I merely made a protest that if any member of Council votes for this resignation without giving me an opportunity to question Mr. Evans before it is accepted, such activity by any member of Council is not fair to me.

The gentlemen admitted in his last statement that members of Council are entitled to information. If the gentleman understood I threatened him, I beg his pardon. I merely made the prediction that if any man votes for this resignation today and deprives me of the opportunity to send for Mr. Evans, such action is absolutely unfair to me as a member of Council. I repeat my prediction that such action will return to haunt every man who so votes. The gentleman now admits that I did not threaten him.

If this resignation is accepted today you will deprive me of questioning the City Controller who is guilty of questionable practices and is going to cheat the people of Pittsburgh. The very fact that he has taken this action because of the certificate of election being given to the newly-elected Controller, is no reason for his hasty action in resigning. I want to ask him where he got the information and when and from whom.

The members of Council elected Mr. Evans to this office and we should be given the opportunity to quiz him as to how he conducted the affairs of this office. Within 48 hours after transmitting his resignation to the President of Council, he discharged the Deputy Controller, a man who has been here for years and years and grew up in this office. Therefore, the office of Controller cannot function, and I would like to ask him about that, as I believe he had an ulterior motive.

I further wish to call attention that he discharged another employe in his office and yet allowed this man to work for the auditor in the office. Some of these things ought to be explained. Certainly we came through an election and Mr. Evans presented

his claims and requests for support. He did not get the support of the public, and it seems to me it comes with bad grace that a member of Council should want to rush this resignation through to deprive another member of Council the opportunity to seek information he desires.

Mr. Garland arose and said:

Mr. President, How many times may a member of Council speak?

Mr. Herron arose and said:

Mr. President, I call attention to the fact that the gentleman has already talked three times. I asked Mr. Waldschmidt to come here and he is present.

Mr. Herron said further:

Mr. Waldschmidt, We have before us the resignation of Mr. Evans as of date, November 26th. Is that correct, Mr. Clark?

Mr. Clark (Clerk) said:

November 27th is the date of the communication.

Mr. Herron said:

November 27th. We have just been informed by Mr. English that today Mr. Evans has given a discharge notice to an employe. If we were to accept Mr. Evans' resignation as of November 27th, would there be any legal effect on the letter that he writes today?

Mr. Waldschmidt said:

You cannot accept it as of November 27th. The resignation is not in effect until accepted by Council, and therefore until accepted his acts are good.

Mr. Herron said:

Mr. Chairman, That is what I wanted the gentleman to say. Mr. Chairman, my answer to that is, that there is no compulsion on the part of Council to accept this resignation today unless they see fit. One of the gentlemen talks of what has been in the newspapers. The newspapers say we have to accept it, because of an ultimatum coming from him, and Mr. Waldschmidt says it is up to Council.

Mr. Waldschmidt said:

Until the resignation is accepted, he is the Controller of the City.

Mr. Herron said:

We elected this gentleman to the position of Controller, Mr. Waldschmidt. In a previous statement I said we took him on faith and gave him a large sum of money. Is there any wrong in asking for an accounting of that?

Mr. Waldschmidt said:

That is a matter of Council's prerogative.

Mr. Herron said:

It is a matter of right and fair play.

Mr. Garland said:

The gentleman is under bond.

Mr. Waldschmidt said:

That is up to Council, and you can hold up his resignation until such time as you feel satisfied to let him go from the office.

Mr. Herron said:

If that is the case, and I grant you that is right, would the position of City Controller be vacant so long as we refuse this resignation?

Mr. Waldschmidt said:

No, sir.

Mr. Herron said:

I am correct in saying that Mr. Evans has all the authority vested in him until such time as Council accepts the resignation?

Mr. Waldschmidt said:

Yes, sir.

Mr. McArdle said:

Will Mr. Waldschmidt remain?

Mr. Herron said:

Mr. President, I hope all the members of Council got what Mr. Waldschmidt said. This gentleman has seen fit to resign and in resigning he has cleared the decks by discharging one of the employees who is best able to guide Council in the making of the budget. In his statement to the public, he said that the Controller would be of wonderful help to Council in making the budget, and we accepted that statement. Therefore, in postponing his resignation today I do so because I say the City of Pittsburgh has a sum of money invested

in this office and he had certain duties to perform, and we say he has a perfect right to give us the knowledge gained in that office in making the budget. As long as the Controller continues in his office, there is no excuse for the School Board to hold up the teachers' pay, known as the Christmas pay, and as long as the Controller functions the School Board will accept him and his authority to sign vouchers, and our City Solicitor says that he is eligible to hold office until the first Monday of January.

Mr. Waldschmidt said:

He is the Controller of the City of Pittsburgh until his successor is sworn and qualified. Now by the Act of 1911 there is a question arising as to whether Mr. Winters could take his office prior to the first Monday of January. A decision by the Judges of Cambria County stated that all municipal officers elected in the odd numbered years take their office on the first Monday of January and they held that Councilmen elected who were appointed by the Court and another elected by the Council, and held their office, extended to the first Monday of January, 1930, excepting upon an election by Council for the interim.

Mr. Herron said:

Am I correct in saying you question the right of Mr. Winters to take this position before the first Monday of January under this decision? I think the best interests of the city would be served if Mr. Evans were to continue in this office. During the recent campaign he made certain references to the members of Council and what he would do if given continued authority, and now he is deserting the guns and seeking the cyclone cellar, and I as one member of Council would like to see him continue in office until the first week of January, 1930.

Mr. Garland arose and said:

Mr. President, May I ask the City Solicitor a question? Does any man holding office have a right to resign? Can you take away his inalienable right?

Mr. Waldschmidt said:

There is a decision in Pennsylvania that no public officer can resign until his resignation is accepted.

Mr. Garland said:

Does he have that inalienable right under the common law or the Magna Charter to resign?

Mr. Waldschmidt said:

It all depends on what you mean.

Mr. Garland said:

I want an answer yes or no, does he have the right to resign?

Mr. Waldschmidt said:

He does not, have the right to resign a public office until his resignation is accepted.

Mr. Garland said:

He is putting himself in the position to have it accepted?

Mr. Waldschmidt said:

Yes, sir.

Mr. Garland said:

Then when his resignation is accepted he is through?

Mr. Waldschmidt said:

Yes, sir.

Mr. Garland said:

We cannot compel him to function?

Mr. Waldschmidt said:

He holds office.

Mr. Garland said:

My question is answered. We cannot by unanimous vote or otherwise compel him to stay there.

Mr. Waldschmidt said:

You cannot compel a man to stay in that office or function, but he is Controller until you accept his resignation.

Mr. Herron said:

Isn't he in the same position as a man on the payroll who will not work?

Mr. Waldschmidt said:

Yes.

Mr. McArdle arose and said:

I would like to ask the City Solicitor what Act of 1911.

Mr. Waldschmidt said:

Pamphlet Laws, No. 8. There is a decision in Cambria County by the Judges of the Court of Common Pleas, and it is the Act of 1911, Pamphlet Laws No. 8, Section 5, that provides the term of all public elected officers

shall begin on the first Monday of January succeeding their election. This section provides, "The terms of all public officers elected in odd-numbered years shall hereafter begin on the first Monday of January succeeding their election instead of the first Monday of December as prescribed in the schedule of the amendments to the Constitution, adopted November 2, 1909."

Mr. McArdle said:

Did I understand the City Solicitor to say that under the Act of 1911, as he interprets it, Mr. Winters is not eligible to take this office until that time?

Mr. Waldschmidt said:

I say there is a big question as to when Mr. Winters shall take office, and by this decision it seems to repeal the Act of 1867, and the Act of 1911 supersedes the Act of 1867, and in that case Mr. Winters cannot take office until the first Monday of January.

Mr. McArdle said:

Is it your opinion that the act from which you are quoting would be interpreted as repealing the special Act of 1867 applying only to the City of Pittsburgh?

Mr. Waldschmidt said:

Yes, for this reason. There is a number of cases under the Act of 1867 where the Courts have held that the Act is not applicable as far as the City of Pittsburgh is concerned.

Mr. McArdle said:

That of course is true. You must have the cases before you as to whether the special acts were repealed in the Legislature that determined the case before the Court.

Mr. Waldschmidt said:

This decision applies to the act thing and was concurred in by the Three Judges of the Common Pleas Court and the Judge of the Orphans Court of Cambria County, speaking presiding.

Mr. McArdle said:

One other question, please: Is the accepted rule of law that the resignation must be accepted and that there are no other means of a man resigning his office?

Mr. Waldschmidt said:

I said a resignation must be accepted or the person to whom the resignation is addressed must have done some act to show his acceptance. If you appoint a man to a position from which one has resigned, that is an implied acceptance of the resignation.

Mr. McArdle said:

In other words it is a resignation by implication.

Mr. Waldschmidt said:

Yes. It is an acceptance of a resignation by implication.

Mr. McArdle said:

And would not it be interpreted on the action of the holder of the office?

Mr. Waldschmidt said:

No, it would not be interpreted by the holder of the office, but the persons to whom the resignation was addressed.

Mr. McArdle said:

You answered in the middle of the question. Haven't the courts decided that a man even without going through the performance of tendering his resignation, can have his acts interpreted as a resignation?

Mr. Waldschmidt said:

I do not know of any decision. I do not know to what you refer.

Mr. McArdle said:

Suppose, I as a member of Council continued to ignore the duties of the office, not attending meetings, to be indifferent about the duties of the office?

Mr. Waldschmidt said:

That cannot be considered as a resignation. Council as a penalty would have to dismiss you from Council.

Mr. McArdle said:

It would be an expulsion?

Mr. Waldschmidt said:

I think you will find that would be the case.

Mr. English moved

That the motion to accept the resignation be laid on the table until the meeting next Monday.

Mr. Winters arose and said:

Mr. President—

The Chair said:

Do you desire to speak on the motion?

Mr. Winters said:

Yes, in view of the motion, I think the motion ought to prevail at this time for the purpose expressed by Mr. Herron that he might have some talk with Mr. Evans of what has taken place in that office during his short tenure.

His resignation came as a surprise and at first thought I considered that the reasons given in his public statements were the reasons for his resignation.

My friend, Mr. Anderson, whom I have always considered my friend, in his honesty, said that the reason for Mr. Evans' resignation was for the purpose of filling the vacancy in Council which would result by my succeeding to the office of City Controller. I think the Controller is guilty of hypocrisy and deceit in his statement. He is being used just for the purpose of creating a vacancy in Council which would result by my assuming the duties of the office of Controller.

Mr. Evans wrote me a letter tendering his services, which I thought was very nice of him, and I considered that letter in the spirit in which it was written, and it was my desire to reply in a like strain. However, I found that this letter was given to the newspapers and printed before I received it. Therefore, I think that letter was intended for publicity purposes only and not for the real purpose of helping me.

There is some question as to the legality of the matter and about some of the things that might take place in the office before he leaves. I think he used bad judgment in discharging one of the city's most faithful employees, the Deputy Controller.

Mr. Anderson arose and said:

Mr. President, I did not say that the reason for Mr. Evans' resignation was for the purpose of forcing Mr. Winters to resign his seat in Council to take office as City Controller, and his place in Council to be filled by Mr. McArdle. I said that I read statements in the newspapers that Mr. McArdle's name was mentioned and that it would be well for Council in case of Mr. Winters retirement to

the office of City Controller, to elect Mr. McArdle to fill his unexpired term.

At this time the Clerk read Mr. Anderson's statement.

Mr. Winters arose and said:

Mr. President, I accept Mr. Anderson's statement.

Mr. McArdle arose and said:

Mr. President, I regret that my name has been injected into this matter. Mr. Anderson said that what he read in the newspapers regarding me had nothing whatever to do with the resignation of Mr. Evans and that it had nothing to do with any interest that he might have in me.

The Chair said:

Does Mr. Winters understand that now to be the case?

Mr. Winters arose and said:

Yes, sir; I accept that statement. However, I would like in the meantime to send down for the Controller to ask him his reasons for the discharge of John Schilpp, the Deputy Controller.

Mr. English arose and said:

Mr. President, That was my purpose of making the motion to lay the resolution on the table.

Mr. McArdle arose and said:

Mr. President, Just on this point—the injection of the question of some act of Mr. Evans. I think all of us know first that no controller would be obliged under the Act creating the Deputy Controller to withdraw the authority which that appointment gives him. That is entirely in his hands. I think any man who had vested in him the same authority would do the same thing and when he was about to leave the office would take the same precaution of revoking the authority that he had given to someone else. Not perhaps that it involves any great risk, but we all do understand that the Act providing for the appointment of a deputy controller makes the Controller responsible for all his acts. To me it is quite clear that when there is no controller there is no deputy, and the present controller being a lawyer thought it wise to take all the precautions that he should take himself.

Mr. Herron arose and said:

Mr. President, That is a generous defense of the controller's action, but I do not think it was the right thing to do.

Mr. English arose and said:

Mr. President, Let me say something please. You called me from other arrangements for the purpose of attending this special meeting to consider the resignation of Mr. Evans and other matters have been thrust into the discussion. I do not like Mr. McArdle's explanation for the controller's reason in discharging the deputy controller. It is going back too far behind the goal line. I do not think it was fair for the Controller to prevent the deputy controller from functioning until the new controller takes office. For that reason I ask that action be deferred on this matter for a few days so that we might interrogate Mr. Evans on this point and discuss with him certain other phases pertaining to the operation of his office.

Mr. Little arose and said:

Mr. President, There is very little left for me to say. On the question of the discharge of the Deputy Controller, Mr. McArdle has covered that thoroughly. I had hoped that the Deputy Controller would remain so as to act as Clerk to the Budget Committee which the Chairman would call in a few days. I believe it is the wise thing for the councilmen to withhold action on this resignation until Monday so that an opportunity may be given to those members who desire it to interrogate Mr. Evans, and for that reason I would like to see this motion lay on the table until next Monday. Mr. Evans' resignation has not been accepted yet; he is still the Controller and can act as the Controller until his resignation is accepted, even though he does not intend to work. I think the Deputy Controller will work and his salary still goes on. I do not know when the Controller-elect is going to take office. We should, for the best interests of the city, take this thing a little slow.

And the question recurring on the motion to lay the acceptance of the resignation on the table.

The Chair ordered a call of the ayes and noes, and the ayes and noes were taken and were:

Ayes—Messrs:

English	Little
Herron	Winters

Noes—Messrs:

Alderdice	Garland
Anderson	McArdle
	Malone (Pres't.)

Ayes—4.

Noes—5.

And there not being a majority of the votes in the affirmative, the motion did not prevail.

Mr. Herron arose and said:

Mr. President, I again renew the motion that Mr. Evans be asked to appear before Council, and I ask you, Mr. President, to send for him. There is some information I desire from him.

The Chair said:

I have no authority to send for him.

Mr. Herron said:

As President of Council, you are given authority to do this.

The Chair said:

How long do you want to wait for him?

Mr. Herron said:

I do not believe we would have to wait long. He can be located either in the Controller's Office or in his own office.

The Chair said:

The Chair will not take it upon himself to find Mr. Evans.

Mr. Winters moved

That the Chair be requested to send for Mr. Evans.

Mr. Garland arose and said:

Mr. President, The Controller is under bond and we might as well get through with it now. There is no reason why we should refuse to accept this resignation. Mr. Evans can say I will not be there tomorrow morning, and if I were in his place I would do that. This motion was made for the purpose of delaying action on the acceptance of Mr. Evans' resignation. A man may do as he pleases.

Mr. Herron arose and said:

Mr. President, The gentleman says a man can do as he pleases. A lot of men are in the workhouse because they thought they could do as they pleased. I have not had any secret con-

ferences with Mr. Evans, and I think you have?

Mr. Garland arose and said:

I have not.

Mr. Herron arose and said:

I do not think you have a right to deny any member of Council information he seeks. You had secret meetings with him.

Mr. Garland arose and said:

Neither in his office or home.

Mr. Herron arose and said:

Is the gentleman going to deprive me of the opportunity of interrogating a gentleman who I voted for on his recommendation? I am holding this gentleman absolutely responsible for my vote.

Mr. Garland arose and said:

Does the gentleman desire me to tell him all that I know? It was not I who convinced him to vote for Mr. Evans.

Mr. Herron arose and said:

I wish you would.

Mr. Garland arose and said:

You did not do it for me.

Mr. Herron arose and said:

Mr. President, I am trying to be respectable, but the gentleman will not let me. For the time being I will assume the role of a bricklayer. I voted for Mr. Evans on the recommendation of Mr. Garland and I accepted him in good faith. I desire to interrogate him as to how he performed the duties of that office. I question his ability and his acts, and I do not want to be put in the position of talking behind a man's back. I would like to have him here to ask him some questions.

The Chair said:

If you did want to question him before you should have made preparations to have him here.

Mr. Herron arose and said:

The Chairman of the Finance Committee has not spoken about a budget meeting.

The Chair said:

The budget is not before you today.

Mr. Herron arose and said:

Mr. President, Mr. Winters made a motion, seconded by Mr. English, that you send for the City Controller.

And the question recurring on the motion "that the Chair be requested to send for Mr. Evans.

Mr. Herron demanded a call of the ayes and noes, and the demand having been sustained, the ayes and noes were taken, and were:

Ayes—Messrs:

English	Little
Herron	Winters

Noes—Messrs.

Alderdice	Garland
Anderson	McArdle
	Malone (Pres't.)

Ayes—4.

Noes—5.

And there not being a majority of the votes in the affirmative, the motion did not prevail.

And the question recurring on the motion of Mr. Garland, that the communication be received and filed and printed in the record, and that the resignation of Mr. Henry O. Evans as City Controller be accepted, and that the Clerk so notify by letter the Mayor and the Heads of the several departments of the City Government.

The Chair ordered a call of the ayes and noes, and the ayes and noes were taken, and were:

Ayes—Messrs.

Alderdice	Garland
Anderson	McArdle
	Malone (Pres't.)

Noes—Messrs.

English	Little
Herron	Winters

Ayes—5.

Noes—4.

And a majority of the votes being in the affirmative, the motion prevailed.

Mr. Herron arose and said:

Mr. President, I move you that this matter be made a special order of business on Tuesday and a matter of audit at that time be taken up, so that we can have the accounts of the Con-

troller audited and in shape for the new Controller who will succeed Mr. Evans. That was the procedure taken in Mr. Henderson's case and in this case, and I am sure the audit is necessary. I want to find out how much money is necessary and on Monday take the necessary steps to carry out whatever action is required.

I move you, in the absence of a controller, that we appoint Mr. Schilpp the Deputy Controller. Our answer to Mr. Evans is that we accepted his resignation as of November 27th and he did an illegal act today, so we, the members of Council, today notify Mr. Schilpp to pay no attention to the communication he received from the Controller discharging him because the resignation of the Controller was accepted.

Mr. Garland arose and said:

Mr. President, the City Solicitor ruled that the resignation was not in effect until accepted by this Council. The Controller is out of office only two or three minutes. The gentleman knows that. He is trying to pull the wool over your eyes.

Mr. McArdle said:

The business for the special meeting having been disposed of, Mr. President, I move that Council do now adjourn.

Mr. Herron arose and said:

Wasn't the call "for any other business that may come before the meeting?"

The Chair said:

No, sir.

Mr. Herron said:

I may say you did it perfect.

And the question recurring on the motion, that Council do now adjourn.

The motion prevailed.

And Council adjourned.

REPORTS OF COMMITTEES.

Mr. Garland presented

No. 6780. Report of the Committee on Finance for November 26, 1929, transmitting an ordinance and sundry resolutions to council.

Which was read, received and filed.

Also

Bill No. 2734. An Ordinance entitled, "An Ordinance appropriating certain real estate in the Fourth Ward of the City of Pittsburgh belonging to the Estate of J. P. A. Sullivan, deceased, and Emma E. Pittock, or who-soever may be the owner or owners thereof, for public purpose, authorizing condemnation proceedings and providing for the payment of damages."

In Finance Committee, Nov. 26, 1929, Read and amended in Sections 2 and 3 and in the title by striking out the words "the Estate of J. P. A. Sullivan, deceased," and by inserting in lieu thereof the words "Estate of Edwin R. Sullivan, deceased, in the hands of the Fidelity Title and Trust Co. and James C. Clow, Executors and Trustees," and by striking out "Section 4," and as amended ordered returned to council with an affirmative recommendation.

Which was read.

Mr. Garland moved

That the amendments of the Finance Committee be agreed to.

Which motion prevailed.

And the bill, as amended in committee and agreed to by council, was read.

Mr. Garland moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time and agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes—Messrs.

Alderdice	Herron
Anderson	Little
English	McArdle
Garland	Winters
	Malone (Pres't.)

Ayes—0

Noes—None.

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Also, with an affirmative recommendation,

Bill No. 6391. Resolution authorizing and directing the Mayor to deliver a deed for lot No. 90 in John Brown's Plan of Barry Hill Farm, 16th Ward, City, to C. F. Otto Klingler, for the sum of \$125.00, providing the purchase money is paid within 60 days from the date hereof.

Which was read.

Mr. Garland moved

A suspension of the rule to allow the second and third readings and final passage of the resolution.

Which motion prevailed.

And the rule having been suspended, the resolution was read a second and third times, and upon final passage the ayes and noes were taken and being taken were:

Ayes—Messrs.

Alderdice	Herron
Anderson	Little
English	McArdle
Garland	Winters
	Malone (Pres't.)

Ayes—0

Noes—None.

MOTIONS AND RESOLUTIONS.

Mr. Garland presented

No. 6784.

WHEREAS, On December 22nd, 1928, due to the death of Hon. John H. Henderson, then City Controller, a vacancy occurred in the office of City Controller; and

WHEREAS, In accordance with the requirement of the law in case of vacancy due to death, the City Council elected Henry O. Evans to fill said vacancy, as by law provided, until his successor should be elected and qualified; and

WHEREAS, At the municipal election held November 5th, 1929, the electors of the City of Pittsburgh elected Hon. Daniel Winters to the office of City Controller, to fill the unexpired term of the Hon. John H. Henderson, and on November 26th, 1929, a certificate of election was issued by the Prothonotary of Allegheny County to Hon. Daniel Winters, Controller elect; and

WHEREAS, On November 27th, 1929, Henry O. Evans tendered to City Council his resignation from the office of City Controller, which resignation City Council accepted on November 29th, 1929; and

WHEREAS, The City Controller elect has not yet qualified for the said office as by law provided; and

WHEREAS, Said failure or neglect to duly qualify is resulting in the prevention of the City from meeting its financial obligations to its employees and its contractual obligations with others, which failure may result in undue hardship on said parties as well as substantial financial loss to the City by failure to avail itself of discounts allowed under terms of sale and purchase; and

WHEREAS, Should said failure or neglect to qualify continue, the health and welfare of several thousand employees and patients in the hospitals operated by the City may be very detrimentally affected; Therefore, be it

RESOLVED, That the Council of the City of Pittsburgh does hereby respectfully request and urge the Honorable Daniel Winters, Controller elect, to promptly do all things necessary to qualify for the office of City Controller, and enter upon the discharge of the duties of said office.

Which was read.

Mr. Garland moved

NINETY-FIFTH COUNCIL

COUNCIL

JAMES F. MALONE.....President
ROBERT CLARK.....City Clerk
E. W. LINDSAY.....Ass't. City Clerk

Pittsburgh, Pa.,

Thursday, December 5th, 1929.

Council met pursuant to the following call:

Pittsburgh, Pa.,
December 3, 1929.

Mr. Robert Clark,
Clerk of Council.

Dear Sir:

Please call a special meeting of Council for Thursday, December 5, 1929, at 2:30 o'clock, P. M., for the purpose of electing a City Controller to fill the unexpired term of Henry O. Evans, resigned, to the first Monday of January, 1930, in accordance with a motion adopted December 3, 1929, by the Committee on Finance.

Yours very truly,

James F. Malone,
President.

Which was read, received and filed.

Present: Messrs.

Alderdice	Herron
Anderson	Little
English	McArdle
Garland	Winters
	Malone (Pres't.)

The Chair stated

That the purpose of the meeting was to elect a successor to Henry O. Evans as City Controller.

Mr. English nominated

Daniel Winters for the office of City Controller to fill the unexpired term of Henry O. Evans resigned, to the first Monday of January, 1930.

Which nomination was seconded by Mr. Herron.

And there being no further nominations, the Chair declared the nominations closed and the Chair ordered the clerk to call the roll on the name of Daniel Winters:

For Mr. Winters:

Messrs:

Alderdice	Herron
Anderson	Little
English	McArdle
Garland	Malone (Pres't.)

(Mr. Winters not voting.)

And Daniel Winters having received the unanimous vote of the members of Council, was declared duly elected City Controller to fill the unexpired term of Henry O. Evans, resigned, (to the first Monday of January, 1930.)

The Chair said,

Ladies and Gentlemen: Allow me to present the Controller of the City of Pittsburgh, Daniel Winters.

Mr. Winters, Controller-elect, said:

Mr. President, Members of Council, Ladies and Gentlemen:— First, I want to say that I realize taking the oath of office of Controller of the City of Pittsburgh severs my connection with Council. For record purposes I present in proper form today my resignation to be acted on at the next meeting of Council.

And Mr. **Winters** presented

No. 6792.

Pittsburgh, Pa.,
December 5th, 1929.

To the Honorable, The Members of
Council of the City of Pittsburgh.

Gentlemen:

In acquiescence to the Resolution of Your Honorable Body, Bill No. 6784, enacted the 2nd day of December, 1929, and in compliance with my election by Your Honorable Body as Controller of the City of Pittsburgh on the 5th day of December, 1929, I have qualified as Controller of the City of Pittsburgh, and therefore, submit my resignation to you as a member of Council of the City of Pittsburgh.

Very truly yours,

Daniel Winters.

Which was read.

I am filled with gratitude for your kind expressions here today and the outpouring of my friends who came to witness this event. I take it as quite a tribute to my public service.

I have been a member of Council for ten years. Ten years ago when my good friend, Dr. J. P. Kerr, went to war and relinquished his seat in Council, the members of Council together with then Mayor, E. V. Babcock, elected me to the unexpired term of Dr. Kerr. I am deeply grateful to all of them for having done this. I esteem it a tribute that both Dr. Kerr and former Mayor Babcock are present here today and to say to them that I have carried the flag for ten years and regret that I cannot give it back to Dr. Kerr although I know that he would not accept it. Doctor, I was always conscious of your standing in the community and the high service you rendered all the time I was serving in this office and I have tried not to do anything discreditable that would reflect upon you for having been my sponsor or suggesting me for this place. I sever my connection with council today with deep gratitude to you, and Mayor Babcock and all the people of Pittsburgh who have been so extremely good to me on every occasion that I have submitted my candidacy to them.

I have my own ideas of public service and realize the integrity with

which those duties should be discharged. We are very often misunderstood in things that we do and public impressions are often made upon that basis. As in the present instance, there was no desire to have this position forced upon me, but upon the advice of the City Solicitor of the City of Pittsburgh, Mr. Waldschmidt, that I go slow and avoid any legal entanglements, because of a recent decision in Cambria County that might throw a cloud upon my actions. I do not think any good citizen would expect me to take this position with the possibility of having a cloud upon any act of mine. I took the necessary action that any sensible man should take to be sure that I was right.

Council passed a resolution asking me to take this position as soon as possible and in response to that resolution, I said that I would take the oath of office immediately if I were elected. This I have done today.

I regret leaving Council and there is some sentiment in my going. I have enjoyed my associations in Council. I have enjoyed my service to the people of Pittsburgh. Regardless of the differences of opinion that I might have had with other members of Council, I appreciate the association with them and I cherish the fact that no matter how many times we may have been on opposite side we always tried to be gentlemen and underneath it all I believe we have had respect and admiration for one another.

I have enjoyed my association with Mayor Kline, who has been a friend of mine for many years, and I desired to do what I could to help and not embarrass him. I shall try to work with the Mayor for the best interests of the city, at the same time bearing in mind that the people of Pittsburgh expect the Controller to have decision and independence upon public questions.

So this being my swan song in Council, after ten years service, I want to say to you good people assembled here that I thank you from the bottom of my heart for the confidence that you have always shown in me and thank you for the beautiful flowers. It is not always that you get flowers after ten years service.

My friends on the South Side were here when I first entered Council and

presented me with flowers and are here today, and I appreciate that most highly because I believe any man who expects to stand well and hold the respect of the people of Pittsburgh should first stand well with his own neighbors who know him best. I am grateful to the people of Pittsburgh for the support they gave me in the last campaign for Controller.

I shall see the members of Council frequently and I assure them that I shall always work with them for the best interests of the City of Pittsburgh.

And Mayor Kline being present administered the oath of office to Daniel Winters, City Controller, as follows:

OATH OF OFFICE

I, DANIEL WINTERS, elected by the Council of the City of Pittsburgh, to the vacancy caused by the resignation of HENRY O. EVANS, resigned, Controller of the City of Pittsburgh, do solemnly swear that I will support, obey and defend the Constitution of the United States, and the Constitution of this Commonwealth, and that I will discharge the duties of my office with fidelity; that I have not paid or contributed, or promised to pay or contribute, either directly or indirectly, any money or other valuable thing, to procure my appointment, except for necessary and proper expenses expressly authorized by law; that I have not knowingly violated any election law of this Commonwealth, or

procured it to be done by others in my behalf; that I will not knowingly receive, directly or indirectly, any money or other valuable thing for the performance or non-performance of any act or duty pertaining to my office, other than the compensation allowed by law.

OATH OF OFFICE

I, DANIEL WINTERS, elected Controller of the City of Pittsburgh for the unexpired term of JOHN H. HENDERSON, deceased, do solemnly swear that I will support, obey and defend the Constitution of the United States, and the Constitution of this Commonwealth, and that I will discharge the duties of my office with fidelity; that I have not paid or contributed, or promised to pay or contribute, either directly or indirectly, any money or other valuable thing, to procure my appointment, except for necessary and proper expenses expressly authorized by law; that I have not knowingly violated any election law of this Commonwealth, or procured it to be done by others in my behalf; that I will not knowingly receive, directly or indirectly, any money or other valuable thing for the performance or non-performance of any act or duty pertaining to my office, other than the compensation allowed by law.

And there being no further business before the meeting, the Chair declared

Council adjourned.

Pittsburgh, Pa.,

Saturday, December 7th, 1929.

Council met pursuant to the following call:

Mr. Robert Clark,

Clerk of Council.

Dear Sir:—

Please call a special meeting of Council for Saturday, December 7, 1929, at 3 P. M., for the purpose of acting on the resignation of Councilman Daniel Winters, and electing a successor of Councilman Winters for the unexpired term.

Very truly yours,

Jas. F. Malone,
President.

Which was read, received and filed.

Present:—Messrs.

Alderdice	Herron
Anderson	Little
English	McArdle
Garland	Malone (Pres't.)
and Hon. Charles H. Kline, Mayor.	

The Chair took up
Bill No. 6792.

December 5th, 1929.

To the Honorable, The Members of
Council of the City of Pittsburgh.
Gentlemen:—

In acquiescence to the Resolution of your Honorable Body, Bill No. 6784, enacted the 2nd day of December, 1929, and in compliance with my election by your Honorable Body as Controller of the City of Pittsburgh on the 5th day of December, 1929, I have qualified as Controller of the City of Pittsburgh, and, therefore, submit my resignation to you as a member of Council of the City of Pittsburgh.

Very truly yours,

Daniel Winters.

In Council, December 5, 1929, Read.
Which was read, received and filed.

Mr. English moved

That the resignation be accepted.
Which motion prevailed.

The Chair stated

That Council would now go into an election to fill the unexpired term of Daniel Winters, resigned.

Mr. English arose and said:

Mr. President, It was with deep regret that Mr. Daniel Winters left the Council of the City of Pittsburgh, but his friends, among whom I am proud to be one, believe that he has earned a well and deserved promotion.

In filling the vacancy left by Mr. Winters, who served well for a consecutive number of years, 10 years I believe, the City of Pittsburgh is fortunate in having a good representative to place in his position.

As Mr. Winters took the place of Dr. Kerr, a good citizen and well respected councilman, so on this occasion I take pleasure in nominating George J. Kambach of the South Side, believing he will be a worthy successor to those two South Siders who served the City so well.

I want to remind the members of Council that the man I have nominated has already met with considerable favor at the hands of his fellow-citizens. Some years ago he received the majority of votes of the people on the South Side when he was a candidate for nomination for the State Senate, but the other portion of the city did not look so favorably upon his candidacy, so he did not get the nomination.

As to his fraternal connections, I wish to state that he is a Past Commander of Pittsburgh Commandery, Knights Templar, one of the most distinguished bodies of all the fraternal organizations found in any part of the world. He was Exalted Ruler of No. 11, Pittsburgh Lodge of Elks, one of the greatest Elks Lodges in Western Pennsylvania. He has been President of the State Association of Elks.

So you will see in fraternal societies where men of all walks and conditions of life meet on a common level, Mr. Kambach has won their admiration and esteem.

With such a distinguished nominee before Council I hope the election will be unanimous.

Mr. Herron arose and said:

Mr. President, I most respectfully second the nomination.

And the Clerk was instructed to call the roll, and the roll being called, the result of the voting was as follows:—

For Mr. George J. Kambach—Messrs.
Alderdice Herron
English Little

Hon. Charles H. Kline, Mayor.

For Mr. P. J. McArdle—Messrs.
Anderson Garland
Malone (Pres't.)

For Mr. Thomas Malone:—
Mr. McArdle.

And George J. Kambach having re-

ceived a majority of the votes of Council, in conjunction with the Mayor, was duly elected a member thereof, in accordance with the provisions of an Act of Assembly approved May 31st, 1911.

The Chair said:

Mr. Kambach having been duly elected a member of Council, if there are no objections, it will be well to swear him in when his friends and neighbors are present.

And the Chair appointed Messrs. English and Alderdice a committee to escort the member-elect to the Council Chamber.

And the Committee having retired to perform the duty assigned it, the Chair declared a recess until the committee returned.

And the committee having returned with Mr. Kambach, Council reconvened, and there were present:—

Messrs.

Alderdice

Anderson

English

Garland

Herron

Little

McArdle

Malone (Pres't.)

and Hon. Charles H. Kline, Mayor.

And Mr. English presented Mr. Kambach, to whom the oath of office was administered by the City Clerk, Robert Clark.

The Chair said:

Ladies and Gentlemen and Members of Council:—I take pleasure in introducing Mr. George J. Kambach, successor to Daniel Winters, resigned.

Mr. Kambach arose and said:

Ladies and Gentlemen and Citizens All:—It is indeed a great pleasure to be admitted to membership in this body. I have taken an interest in municipal matters and I trust that I shall be able to fit in with the men who compose this Council, and who legislate upon those things that deal with the welfare of the great City of Pittsburgh.

I want to thank all my friends for being here today, and I regret very much that my friend and neighbor, your friend and neighbor, Joseph G. Armstrong, is ill at home and unable to be here.

My good friend, Daniel Winters, I want to pay my tribute to him. We have been boys and friends together. I have watched Mr. Winters grow, and I can only say that I hope my tenure in this office will be as honorable and as successful as his, and if it is I shall be more than pleased.

The Chair said:

There is a former President of Council present, and I take pleasure in introducing Dr. James P. Kerr.

Dr. James P. Kerr arose and said:

Mr. President, Ladies and Gentlemen:—I came into this Council in 1911 as one of the original appointees of Governor Tener, and I say to you today that there are but three remaining of those original nine—Commissioner Babcock, Mr. Goehring and myself.

I am delighted, of course, to see my friend, whom I have known for many, many years, elected to this position. I regret very much that my other friend was obliged to resign, and I regret also the political strife that has separated friends, men who have been friends, and men whom I believe today are still friends, yet in a contest such as you have just gone through it is always regrettable when men come to a point when they reach the parting of the ways,—it matters not what that way may be. Life is so short that men cannot afford to strain themselves over some matter over which they have no control, but that is the fortune of politics.

As I said before, I am glad to be here to see my friend installed in this office, and from my knowledge of him and his high character and his loyalty to his city and to his friends, I know that he will carry the flag well and that he will go out of this office with more honor possibly than he has when he went into it. I thank you.

The Chair said:

The next speaker does not need an introduction, Mr. Daniel Winters, City Controller.

Daniel Winters, City Controller, said:

Mr. President, Members of Council, Ladies and Gentlemen:—I do not think that I should make so many

speeches before you in such a short time. I only want to say that I am proud that you elected my good friend to this office. Mr. Kambach and I started to school together and went through the old Birmingham School from the first to the last room.

I have known Mr. Kambach for nearly 50 years, and am sure that he will be a credit to himself and the City of Pittsburgh and this Body.

Other men's names have been mentioned here who are among the most able men in the city. These things, as Dr. Kerr said, are among the fortunes of politics. I have suffered from them, but a person has to adapt himself to them. We regret that these things happen, but it is certainly no reflection on other men, whether as to their character, integrity or ability.

The result of this election of Mr. Kambach I say will add the dignity to Council that should be here and you should expect. The City pays you \$8,000 a year. It is a good salary and should be compensated by the character and ability of the men who compose this body.

I was present when the original Council of Nine was installed, and I was particularly friendly to those men, and as Dr. Kerr said, only one-third of the members of that original nine are living today. Two-thirds of those still living were Presidents of this body and the other member became Mayor of this great city. In passing, I might say I do not believe there are ten men in this room who can name the original members of Council appointed by Governor Tener. That shows how times change and how memory changes. I recall in the first year through the resignation of Mr. Dave Black and Mr. Kelly, the members elected Mr. Garland and Mr. McArdle.

It will do us all good to read the history for the reason of the installation of the Council of Nine, and do us all good to read what was expected at that time of this Council of nine, and how, for several years, that original Council of Nine, conducted the business of this body. It was

conducted with the utmost dignity and decorum and the public and the City employees respected that Council, and if they did not, they were made to do so, and I believe it would be well for the members of Council today to study the history of the original Council of Nine.

I have talked longer than I intended to. I wish Mr. Kambach the success he deserves, and I might say that with 45 years' acquaintanceship I have never met a cleaner and more honest man than George J. Kambach.

The Chair said:

I now introduce Mayor Charles H. Kline.

Mayor Kline said:

Mr. President, Members of Council, Ladies and Gentlemen:—Mr. Winters spoke how quickly time passes from memory of man, and of the men who composed the original Council of Nine, the businessmen's Council of Nine, created by the General Assembly. I had the honor and pleasure to be there at that time and voted for this bill which was signed by His Excellency, Governor John K. Tener of Pennsylvania, and I hope in a sense that the things you see in the news-

papers will pass out of the memory of men equally as well as time goes on.

I have had the pleasure of knowing Mr. Kambach for many years and it was happy for me in a sense when approached by his friends, especially from the South Side, to lend my assistance and aid to make him a member of this Council. An honest confession is always good for the soul.

So I sincerely hope, and I know, he will make good, in this law-making body of the City of Pittsburgh, and he has my best wishes, and I know he has the best wishes of those dear old friends on the South Side who are assembled here today to do him honor and wish him God-speed in his new position, and predicated upon those who succeeded him they have established a precedent that I know my good friend will carry out in the future as a member of this distinguished Council.

And there being no further business before the meeting, the Chair declared

Council adjourned.

SUBJECT: BUDGET—

JOSEPHINE STREET STEPS.

President and Members of Council,
City of Pittsburgh.

Gentlemen:

The attention of Council is called to the project known as Josephine

Street Steps. These steps were reported upon to Council at their request on October 29, 1928 and extend from the intersection of Josephine street, So. 27th Street and Arlington avenue to Arlington avenue at Cologne street and follow Oakley alley, Sumner street and Cologne street. The entire project was estimated at \$50,000.00.

In the Budget for 1929, Council provided \$10,000.00 for the construction of these steps. The contract was awarded by the Department for what is known as the lower leg of these steps, extending from Josephine street at So. 27th Street to Mission street via Oakley alley. After the work started, it was early apparent that the money was insufficient to reach Mission street and Council provided an additional \$1,500.00. The funds therefore have been provided to take care of the lower leg now under contract.

The remainder of the project may be divided roughly into four stretches given below, together with the estimated cost.

Mission street to Sumner street on Oakley alley.....	\$ 8,900.00
Oakley alley to Cologne Street on Sumner street....	4,500.00
Sumner street to Cobden street on Cologne street....	6,700.00
Cobden street to Arlington avenue on Cologne street	13,100.00

Total \$33,200.00

It may be the desire of Council to continue these steps and build one or more units next year. No item has been included in the Budget for 1930 for this project and it is therefore brought to your attention.

Yours very truly,

Edward G. Lang,

Director.

Department of Public Works

November 27th, 1929.

President and Members of Council,
City Council.

Gentlemen:—

Referring to Bill No. 6295, Resolution in reference to the purchase of property commonly known as the P. F. McCann property, for playground purposes; attached hereto please find copy of report on same from the Superintendent of the Bureau of Recreation.

Yours very truly,

Edward G. Lang,

Director.

November 26, 1929.

Subject: Report on Bill 6295.

Mr. Edward G. Lang, Director,
Department of Public Works,
City of Pittsburgh.

Dear Sir:—

Complying with the request of Council transmitted to this office under date of October 14th as:

Bill No. 6295—"RESOLVED, That the Director of the Department of Public Works be and he is hereby requested to submit to Council as soon as possible a report as to the advisability of purchasing this property for playground purposes and, if the same can be acquired by the City, to ascertain the purchase price thereof."

There is urgent need of a playground in the district referred to in this bill, and the property bounded by Columbus avenue, St. Ives street, Kirkbride street and St. Marks Place is in our opinion, the best site available. We would, therefore, recom-

mend its purchase for recreational purposes.

This property is owned by the Frank McCann estate and is in the hands of Mr. James Durning, Benedum Trees Building. He states that it is for sale and he quotes the price of \$57,500.00.

Respectfully yours,

W. C. Batchelor,
Superintendent.

SUBJECT: FINANCES.

President and Members of Council,

City of Pittsburgh.

Gentlemen:—

I desire to draw to your immediate attention the precarious financial condition of the Bureau of Highways and Sewers.

I am informed by the Superintendent of the Bureau that there are not sufficient funds to meet the payroll carrying the Christmas pay ending December 15th, and that unless a resolution, now pending before Council is passed, it will be necessary to lay all of the laboring forces of the Bureau of Highways and Sewers off as of December 9th.

I would, therefore, earnestly call your attention to the fact that if we are to meet the payroll ending December 15th, it will be necessary that action be taken on this resolution immediately.

Yours very truly,

Edward G. Lang,
Director.

BUREAU OF WATER BUDGET
REQUEST FOR 1930.

To the Mayor and President and
Members of Council,
of Pittsburgh, Pa.

Gentlemen:

The budget for 1930 for the Bureau of Water as transmitted by this office

presents schedules under three headings in amounts hereafter named, with comparison as to increase or decrease over similar appropriations in the 1929 budget.

1. ORDINARY OPERATION— MAINTENANCE.

Requested Appropriation for
1930\$1,540,260.03

Budget Appropriation for
1929 1,461,417.75

This is an increase of \$78,842.28 compared with the appropriation for similar purposes in the 1929 budget.

The increase in the estimates (before stated as \$78,842.28) is fully accounted for in the accompanying "Analysis of Budget Estimates for 1930," prepared by the Bureau of Water.

The estimates in this account are based upon careful consideration of absolutely necessary requirements but there is, however, an increase of \$31,659.75 included, which is predicated on the cost of coal at \$2.50 instead of at \$2.00 per ton, as was the case in making up the 1929 appropriation.

The estimated cost of coal at this time of the year is more or less conjectural, and the figure of \$2.50 was used to make the budget figures conservative. As a matter of fact, the contract for coal supply for 1930 will be awarded in the early part of December and the actual price may then be used, and this estimate corrected accordingly.

There are no noteworthy items causing the increase in the several accounts of ordinary operation-maintenance; they are largely for the replacement and repair of buildings, machinery and equipment, and keeping the City's water plant in good operating condition, and providing sufficient funds for the operation thereof.

2. SPECIAL APPROPRIATION FOR "WASTE AND UNPAID FOR WATER CAMPAIGN."

Under this heading certain extraordinary and special appropriations are requested in order that the City may pursue a campaign to decrease

the waste of water and also to increase revenue.

The advisability for inaugurating the campaign for the decrease of waste water is based upon data which has been obtained during the year in the process of making a Pitometer Survey of the City's water line system, which clearly indicates a very large preventable loss of water in the pipe lines and services. We believe that a very conservative estimate of the saving to be made by stopping preventable waste would amount to between Seventy-five and a Hundred Thousand Dollars per annum in two years time. It is planned to accomplish about half of the results during 1930 and the balance in 1931. The object is to now make a detailed survey of the several districts where the loss is very large, and jointly with this survey, to make the necessary repairs with the maintenance force, to the various pipe lines.

The second object of this campaign is to decrease the loss to the City on account of unpaid for water. It is planned (a) to purchase meters to replace those that wear out in 1930; (b) to repair all meters now out of order (5,896 at present); (c) to systematically test all meters now in service, and to correct such meters for under-registration; (d) to purchase a few large meters for installation where we now know that a large financial loss exists.

For many years past, no new meters have been purchased,—even to replace worn out meters; there have been insufficient funds to properly repair meters, and no funds for the checking of meters for under-registration. The Board of Water Assessors has been forced to estimate water consumption in all cases where meters were out of order, entailing a considerable loss of revenue. Other cities have been able to increase revenue from five to ten per cent by a systematic testing of meters.

The meter work enumerated is an attempt to bring the meter situation up to date and to establish it on a business basis. An ordinance now before Council, setting up \$62,500.00 for

the purchase of meters is a part of this plan, and such monies would be used for the replacement of meters worn out prior to 1930.

Summing up the estimated gain in revenue due to the proposed betterment in the meter situation, we have in conjunction with the Water Assessors, made an estimate that an increased revenue of approximately \$175,000.00 for 1931 would result if all the meters were put in good condition, and that there would be a further increase in the later years if the meters are kept in good condition.

The total amount of the Special Appropriation asked for this purpose is \$193,750.00, and since no appropriation for this purpose was made last year, this amount is entirely an increase over the 1929 budget appropriation.

These expenditures are not properly bond accounts.

This special account appears only on the Summary Sheet of the Bureau of Water, and does not appear in any of the detail appropriation schedules.

3—APPROPRIATIONS FOR EXTENSION, REPLACEMENT AND RELAYING OF WATER LINES.

Under this heading, estimated for 1930, is \$530,678.00.

This account is normally called under the bookkeeping method "Structural Improvements," and provision for this account has hitherto generally been made out of bond funds. In 1929, practically all funds for this purpose were provided out of the People's and Councilmanic Bond Issues of 1926 and 1928. Should provision be made to finance these expenditures out of bonds in 1930, then the estimated cost thereof—\$530,678.00—may be dropped out of this estimate.

The funds provided in the previous bond issues for pipe line purposes are now practically exhausted, and have been spread over a longer period than was originally intended.

The purposes for which these funds are to be used are of the unavoidable

kind, and no major improvements are included. The appropriations must be met out of some funds, otherwise, street improvement and re-improvement work cannot be carried out, nor can water line service be extended as application therefor is made.

SUMMARY.

If the "Structural Improvements" are financed out of bonds as has hitherto been the case, then the total budget of the Bureau of Water for 1930 would be \$1,734,010.03, an increase of \$272,592.28 over the corresponding appropriations for 1929.

ADDITIONAL FUNDS WHICH WILL BE REQUIRED FOR THE BUREAU OF WATER DURING 1930 FOR EXTRAORDINARY REPAIRS AND RE-

PLACEMENTS.

In order to carry out the program as previously submitted in reports to Council to rehabilitate Brilliant Pumping Station, there will be required additional financing in the amount of \$500,000.00.

The necessity for this expenditure lies in the fact, as previously reported, that the equipment at Brilliant Station is old and worn out, and it will be unwise and hazardous to continue to operate this plant without entire replacements, and in connection with this situation, the Department has recommended the construction of an entire new plant as being the wisest and most economical course to follow.

If consideration is given to the Brilliant Pumping Station replacement item, then the total new bonds required to finance the Bureau of Water requirements in 1930 would amount to \$1,030,678.00.

Respectfully submitted,

Edward G. Lang,

Director.

Account 1740—Equipment.		
Requested 1930	\$151.50	
Appropriated 1929	150.00	
Increase.....	\$	1.50
Increase due to new filing cabinet for contract papers.		
Net Decrease, General Office.....	\$	6.76

FILTRATION DIVISION

Account 1741, Salaries Regular.....	Same as Appropriated 1929.	
The estimate for 1930 represents a full working force at the rates of 1929. The expenditures for the past three years have been slightly below this amount, due to inability to maintain a full laboratory force at the insufficient compensation provided.		
Account 1742, Wages Regular.		
Requested 1930	\$155,752.00	
Appropriated 1929	144,988.00	
Increase.....		\$10,764.00
Spent 1920-28, 9 years average.....	\$146,525.74	
The appropriation of 1929 will be insufficient to meet the requirements of this year by about \$7,770.00. The labor costs at this plant, due to acid river conditions and replacement of sand are bound to increase.		
Account 1743, Wages Temporary.		
Requested 1930	\$10,004.00	
Appropriated 1929,	7,100.00	
Increase.....		\$ 2,904.00
Spent 1920-28, 9 years average.....	\$12,695.74	
It should be noted that the request for 1930 is less than the average expenditure at this plant, although there is an increase over the amount appropriated in 1929. We asked for this same amount for 1929, but our request was not granted. We face in 1930, the necessity of cleaning the receiving basin and portions of the sedimentation basin, which work is done an average of once in 3 years.		

Account 1744, Miscellaneous Services.

Requested 1930,\$ 720.00
Appropriated 1929, 750.00

Decrease.....\$ 30.00

Spent 1920-28, 9 years average.....\$ 1,415.87
Decrease due to the effect of the street car pass.

Account 1745, Supplies.

Requested 1930,\$18,546.92
Appropriated 1929, 15,600.00

Increase.....\$ 2,946.92

Spent 1920-28, 9 years average.....\$10,190.54

This increase for 1930 is represented entirely by requirements for soda ash. The river conditions for the past few years have been growing steadily worse, and the amount of soda ash required to neutralize the acid river water has been increasing each year.

Account 1746, Materials.

Requested 1930,\$12,702.90
Appropriated 1929, 18,470.00

Decrease.....\$ 5,767.10

This decrease is due to the fact that we find that in the replacement of filter sand we have been able to use ordinary river sand, rather than expensive finely graded sands.

Account 1747, Repairs.

Requested 1930,\$1,486.00
Appropriated 1929, 975.00

Increase.....\$ 511.00

Spent 1920-28, 9 years average.....\$ 577.10
Spent 1928 1,438.59
Spent 1 year to June 30, 1929..... 1,485.59

Increase in this account is due to an effort to make necessary repairs to buildings and structures, which repairs were neglected for many years due to insufficient funds.

Account 1748, Equipment.

Requested 1930,\$6,572.24
Appropriated 1929, 4,500.00

Increase\$ 2,072.24

Spent 1920-28, 9 years average.....\$4,141.65

This account represents laboratory and gallery equipment replacements, except that there is included one (i) automobile at \$500.00 (for the purpose of collecting water samples) and one (1) motor lawn mower at \$180.00.

We are facing the necessity of putting on an additional sample collector, in order to get water samples to the laboratory

in time for the analysts to make their determinations on the same day that samples are collected. This, of course, can be accomplished by using one sample collector and one automobile.

We have on October 1st, reached the limit of the 1929 appropriation, and we cannot make water analyses without adequate equipment—and this equipment wears out rapidly.

MECHANICAL DIVISION

Account 1749—Salaries Regular.

Requested 1930,	\$58,622.00
Appropriated 1929,	61,322.00

Decrease.....\$ 2,700.00

Decrease represents salary of pumpmen at Greentree Station—
Station abandoned.

Account 1750—Wages Regular.

Requested 1930,	\$357,440.60
Appropriated 1929,	358,655.00

Decrease.....\$ 1,214.40

Decrease represents wages of men formerly at Greentree Station.

Account 1751—Wages Temporary.

Requested 1930,	\$52,647.00
Appropriated 1929,	49,311.00

Increase.....\$ 3,336.00

This force does the heavy repair work at all stations. At present we are exceeding the 1929 appropriations in this account. Two additional laborers are needed.

Account 1752—Miscellaneous Services.

Requested 1930,	\$ 3,108.20
Appropriated 1929,	3,090.00

Increase.....\$ 18.20

Spent 1920-28, 9 yrs. average.....\$ 4,516.33
Small increase due to provision for calibrating gauges and meters.

Account 1753—Fuel—Coal.

Requested 1930,	\$217,337.50
Appropriated 1929,	182,859.75

Increase.....\$37,477.75

While the amount of coal estimated for 1930 is less by 1190 tons than for 1929, we follow usual practice of estimating coal at \$2.50 per ton, with the understanding that this will be corrected before the budget is closed, by applying the actual price received upon letting in the early part of December.

The 1929 price is \$2.00 per ton at the large stations. The 1930 price will, without doubt, be higher, as we are making the coal

specifications slightly more rigid. The low price of coal in 1929 produced a very poor quality of coal, which in reality was very expensive, and made boiler operation very unreliable.

Account 1754—Fuel Gas.

Requested 1930,	\$45,182.00
Appropriated 1929,	38,000.00

Increase.....\$ 7,182.00

Apparently, the appropriation for 1929 was in error. We requested \$45,666.60, which is about our average expenditure for fuel gas for several years past. There will be a deficit in this account in 1929 of about \$7,000.00.

Account 1755—Electricity (Power).

Requested 1930,	\$44,000.00
Appropriated 1929,	54,000.00

Decrease.....\$10,000.00

We are using less current at Howard Station than we anticipated, also the effect of a new electric contract entered into in April, 1929, is reflected in this decrease.

Account 1756—Supplies (General).

Requested 1930,	\$20,953.16
Appropriated 1929,	21,000.00

Decrease.....\$ 46.84

Spent 1920-28—9 yrs. average	\$20,960.67

Increase.....\$17,229.78

Spent 1920-28, 9 yrs. average	\$26,777.23
-------------------------------------	-------------

The major items of increase are due to—

- (a) Items D2 & 3. Renewal of boiler settings mainly at Brilliant Sta., due to worn out condition, and the effect of unusually bad coal used in 1929.....\$3183.40
- (b) Item D-4. Renewal of tops of concrete vaults at Aspinwall and Brilliant Stations; portions of floor at Ross Sta., and blowoff trench at Brilliant Station—all of which are failing\$247.40
- (c) Item D-8. Lumber for renewal of pump galleries and portion of roof framework at Brilliant Sta.....\$1305.00

(d) Items D-10 & 12. Renewal of split glands and journal boxes at Brilliant Station\$306.00

(e) Item D-16. The increase in parts for machinery repairs is \$12,105.59 greater than the appropriation for 1929, and \$10,160.56 greater than the amount spent for the year ending June 30, 1929.

This increase is made up largely as follows:

Renewal of stoker parts all stations except Ross.....\$5261.96
This unusual maintenance increase is due to the worn out conditions at Brilliant Sta., but more particularly to the quality of coal burned in 1929.

Stoker parts for Ross Station\$3000.00

Renewal of belting on generator at Brilliant Station and stoker drives at Brilliant, Ross and Aspinwall

Stations	\$ 449.02
Renewal—coal chutes at Brilliant Station.....	640.00
Renewal of Boiler and Condenser tubes	818.43
Renewal of pump valves	673.10
Renewal of engine parts	673.10

\$11,515.21

(f) Item D-20. Renewal of pipe covering, mainly at Ross Station, accounts for practically the entire increase \$3,000.00

Total Increases accounted for.....\$19,557.01

Account 1758—Repairs.

Appropriation 1929,	10,000.00

Increase.....\$ 9,191.00

Spent 1920-28, 9 yrs. average\$4,727.35

This increase represents repairs to large brick chimneys at Ross and Aspinwall Stations, the tops being in a dangerous condition; repairs to sidings at all stations, now blacklisted by the railroads, and a small amount of building repairs. This represents practically two years' work, as the monies appropriated for 1929 were used in making emergency repairs to engines.

Account 1759—Equipment.

Requested 1930,	\$12,904.36
Appropriated 1929,	2,900.00

Increase.....\$10,004.36

Major items of this increase are:—

Automobile for Master Mechanic in order that he can get to several stations each day, and to relieve a truck.....\$950.00

Three boiler feed pumps to replace worn out pumps—imperative,\$6,000.00

One power pipe threader—to replace more worn out equipment,1,200.00

Fire hose for several stations,	1,200.00
Air Compressor, to replace worn out equipment.....	800.00

Total Increases accounted for.....\$10,150.00

Account 1760—Moving Boilers.

SUBJECT: Bureau of Water—

Supplementary Report for 1930.

To the Mayor, and
President and Members of Council,
of Pittsburgh, Pa.

Gentlemen:

I am handing you herewith "Special Report on the Supplementary Budget of the Bureau of Water for 1930", recommending adjustment of salaries to meet urgent condition. This report was prepared in the Bureau of Water, and is recommended for your consideration and favorable action.

Adjustments in compensation are recommended only in those cases where increases are imperative for the good of the service;—a total of 22 cases are listed applying to a total of 33 employees, only. The total increase in compensation recommended in positions paid from tax funds is \$10,274.00, while the similar increase recommended in positions paid from bond funds is \$566.00.

The increases recommended group themselves into three general classes, as follows:

First—Stenographic and clerical positions compensated far less than their value, and less than similar positions in the Department. In this class belong:

1 Stenographer-Clerk in the General Office of the Bureau.

2 Stenographers in the Mechanical Division; 1 Stenographer and 1 Telephone Clerk in the Filtration Division, and 1 Counter Clerk in the Distribution Division.

Second—Positions compensated far less than their value on such special work that comparison cannot easily be made with other positions in the City. In this class belong:

The Laboratory Force and Assistant Superintendent of the Filtration Division;

the Supervisor of Pipe Lines, his 5 Assistant Supervisors of Pipe Lines and one Chief Pipe Line Inspector in the Distribution Division; one Draughtsman in the Mechanical Division.

Third—Supervisory positions now paid less than their assistants.

In this class belong

3 Filter Foremen and 1 Filter Attendant in the Filtration Division;

7 Chief Engineers of Pumping Stations in the Mechanical Division.

There can be no justice in paying stenographers and clerks in the Bureau of Water at a lesser rate than that paid in other Bureaus of the Department, nor is there justice in paying stenographers in one division at a different rate than that paid in another division of the Bureau.

In the second group—the compensation of the technical force at the Filtration Plant was not equalized at the time of adjustment of technical salaries in 1926. It is, without doubt, the most underpaid force of which we have knowledge.

There is no justice whatever in paying a Supervisor of Pipe Lines, or his five Assistants, or the Assistant Superintendent of the Filtration Division—all of whom are technically on duty 24 hours a day and work long overtime hours, compensations ranging from \$2500.00 to \$2750.00, and the small increases in compensation requested will not, if granted, adequately compensate these men for the services which they render. This is particularly true of the Supervisor of Pipe Lines.

The increases in compensation requested for the third group are all small, and are solely to bring the compensation above that of their first assistants.

The report submitted herewith lists these positions, and specifically treats each case. A careful study of this report is recommended.

Yours very truly,

Edward G. Lang,

Director.

DISCUSSION.

The following is a brief discussion of the conditions controlling the recommendation in each of the twenty-two cases listed above.

(No. 1).—This Stenographer-Clerk is practically a secretary to the Managing Engineer; is the only stenographer in the General Office; is Chief Stenographer of the Bureau; is burdened with the checking of the work of all other stenographers in the Bureau, although a Division Stenographer receives the same amount of salary. The present incumbent has served in a stenographic-clerical position in the Bureau for 18 years.

Similar positions in the Bureaus of Engineering and Bridges and Structures are paid the amount now requested for this Bureau of Water stenographer-clerk.

Your attention is called to the fact that failure to pay the better stenographic and clerical positions in the Bureau of Water the same ratings that are being paid in other Bureaus, is responsible for the fact that we have been losing our better grade stenographers and clerks to other Bureaus of the service where higher compensations prevail.

In other words, other Bureaus are in better position to reward good and faithful service than is the Bureau of Water.

(Nos. 2 to 7).—The technical force at the Filtration Plant is the most underpaid in the City. These employees have remained with the City solely upon the promise that an attempt would be made to obtain a reasonable compensation. Technical college educations are required. However, for several years past, when vacancies existed, it has been impossible to attract persons with the desired experience and it has been necessary to employ recent college graduates and give them the necessary extended education and experience that they should have had before appointment.

The Chief Analyst is probably the best man in this kind of work in the country. He is paid far less than the

analysts of other departments of City on work of less responsibility.

(Nos. 8 and 9).—Stenographer-Clerk and Telephone Clerk in the Filtration Division. Request is made for increase in compensation to conform with similar positions in the City service. It is almost impossible to obtain a man for the position of stenographer-clerk at this Plant at the low compensation paid.

(No. 10).—Assistant Division Superintendent—Filtration Division. This man is in charge of the 140 men operating the Filter Plant. A very responsible position, and at present, held by a man of most unusual ability.

(Nos. 11 and 12).—Filter Foreman and Filter Attendant. These are seven day per week men on responsible work, now receiving little better than laborer's wages.

(No. 13).—Two stenographers in the Mechanical Division. Request is made for increase in compensation to conform with similar positions in other divisions of the Bureau.

(No. 14).—Draughtsman—now rated as a Designing Draughtsman. There are two such positions on the permanent force of the Mechanical Division. This increase is recommended in order to properly compensate one man of unusual ability, and to provide a capable draughtsman on the permanent force.

(Nos. 15, 16 and 17).—Increases in seven positions of Chief Engineer of Pumping Station—requested to bring their compensation slightly above that of their First Assistants whose pay was raised in 1926. It is distinctly unfair to pay the responsible Chief Engineers of Stations at a less rate than the First Assistant Engineers at such stations are paid.

(No. 18).—Increase requested in the position of Counter Clerk, which is the contract clerk in the Domestic Service office of the Distribution Division. This position requires more tact, judgment, and real ability than any other clerical position in the Bureau, and has been held for many years past by a man of most unusual ability.

(Nos. 19, 20 and 21.)—An increase of \$420.00 is requested for the Supervisor of Pipe Lines, and \$200.00 for each of the five Assistant Supervisors of Pipe Lines in the Bureau. The Supervisor of Pipe Lines is in charge of all the pipe line work of the Distribution Division as done by the four maintenance emergency forces, and by the construction gangs. The number of employes now under his direction approximates 400. The present holder of this position has given over twenty years of excellent service to the Bureau, and is the best handler of water works men that I have known in my thirty years of water works operation.

The four Assistant Supervisors of Pipe Lines on tax account are in charge of the four yards, and the maintenance work done from such yards. These men are required to work long hours, particularly at times of pipe line breaks, and we are requesting an increase in compensation to \$2,700.00 per annum to equalize their compensation with similar positions in other Bureaus.

The fifth Assistant Supervisor of Pipe Lines is paid entirely from bond funds, and his work has to do with construction.

(No. 22.)—The Chief Pipe Line Inspector, whose compensation is paid entirely from bond funds, works under exacting requirements, particularly in the matter of the fabricating and laying of riveted steel and similar pipe. The present holder of this position has worked for the Bureau about thirty years; is a man of unusual ability, and is worth far more than the \$2,400.00 per annum requested.

The above items represent only cases where, in the opinion of the management of the water works, compensation increases are imperative for the good of the service.

Respectfully submitted,

E. E. Lanpher

Managing Engineer, Bureau of Water.

DEPARTMENT OF PUBLIC WORKS

SUBJECT: Special Budget Request for Waste and Unpaid For Water Campaign for the Bureau of Water.

To the Mayor, President and Members of Council,

Pittsburgh, Pa.

Gentlemen:

This special report relates to the request of the Bureau of Water for special appropriations for 1930 for the purpose of carrying on a waste and unpaid for water campaign. This special request is for seven items totaling \$193,750.00, all properly chargeable to tax, and shown on the Budget Summary of the Bureau of Water, as follows:—

Replacement Meters for	
1930	\$35,000.00
Repairs to Meters Out of	
Order	18,000.00
Systematic Test of Meters in	
Service	30,000.00
Large Meters, Herr's Island	
Supply	3,000.00
Pitometer Leak Survey,	
Contract Cost	34,000.00
Pitometer Leak Survey,	
City Cost	70,000.00
Street Connection Boxes.....	3,750.00

The above seven items should be considered as a unit, as they constitute a comprehensive scheme for decreasing the amount of water loss due to excessive leaks in the Distribution System, and in decreasing the loss to the City on account of unpaid for water now being used by consumers. While it would be possible to do the work to accomplish one purpose without accomplishing the other, such a proceeding would be an uneconomical thing to do.

Briefly, it is intended to make, in 1930, a careful pitometer waste water survey of about one-half of the water system, and to follow that, in 1931, with a similar survey for the remaining portion of the City. Progressing jointly with this survey, the

City forces would make necessary repairs to the various pipe lines.

From data obtained in the recent feeder main pitometer survey it is indicated that there is a preventable waste of water amounting to at least \$75,000.00 per annum. We expect to stop at least half of this in the first year, and the remaining half in the second year.

The second object of the campaign is to decrease the loss to the City on account of unpaid for water. To accomplish this it is planned—

(a)—To purchase meters to replace those that wear out in 1930.

(b)—To repair all meters now out of order.

(c)—To systematically test all meters now in service (a three years' program) and to correct such meters for under-registration.

(d)—To purchase a few large meters for installation where we now know that a large financial loss exists.

For many years past no new meters have been purchased, there having been insufficient funds to properly repair meters, and no funds for the checking of meters for under-registration. From experimental tests which have been recently made, it is apparent that the old meters now in service are under-registering more than five per cent.

In cases where meters are out of order, the Board of Water Assessors has been forced to estimate water consumption, entailing a considerable loss of revenue.

The Department computes in case these special appropriations, totaling \$193,750.00 are made, that the saving of waste water and the increase in revenue for the first year will be less than the requested appropriation by \$68,750.00; that with added appropriations for extending the work in 1931, after two years the savings will have exceeded the additional appropriations by \$8,000.00, and that by the end of 1932 this balance will be \$188,000.00, and at the end of 1933 the balance will be \$393,000.00. These figures are conservative; we believe that we can accomplish even better

results. The matter is solely a business proposition as to whether in four years' time, the City can afford to make slight additional appropriations in order to increase its net revenue not less than \$393,000.00.

The Bureau of Water officials have, for some years past, maintained that the policies in existence of allowing the meter work to practically lapse, and to make no systematic effort to curtail preventable waste of water were uneconomical, and the foregoing presents a definite scheme for bettering conditions.

It is especially recommended that the Bureau and Departmental requests in this matter be granted.

Yours very truly,

Edward G. Lang,
Director.

REPORTS OF SPECIAL COMMITTEES.

Mr. Little presented

No. 6847.

Pittsburgh,
December 9, 1929.

To the President and Members
of Council:

Gentlemen:

Your Special Committee on Taxicab service begs leave to make the following report for the year 1929.

The charges for transportation furnished during the year were divided as follows;

January	\$ 831.38	
February	684.59	
March	974.94	
April	1530.52	
May	1654.16	
June	1833.34	
July	1584.27	
August	1217.16	
September	1317.65	
October	1498.15	
November	1086.97	14,213.13
*December		1,400.00

Total \$15,613.13

*Estimated.

Appropriated for

1929	\$20,000.00
Expenditures	15,613.13

Estimated balance remaining
in appropriation \$ 4,386.87

During the year, the "drive-yourself" mode of transportation has been encouraged where a saving would result, this being increased from an average of \$278.18 per month in 1928 to \$478.48 per month, with a consequent saving and an increase in the actual amount of transportation furnished.

The Department of City Planning used this service most extensively in connection with the triangulation survey just completed and their expenditures amounted to more than \$1500.00, which exceeded their expenditures in 1928 by more than \$1200.00, yet the total amount expended for this year is approximately \$2,500.00 less than that for 1928.

The Committee again calls attention to the handling of the routine and detail work in connection with this work by City Clerk Robert Clark and Transportation Clerk W. C. Stewart, through whose efforts this saving was largely effected.

Yours respectfully,

Harry A. Little

W. Y. English

John S. Herron

Which was read.

Mr. English arose and said,

Mr. President, I want again to thank the members of Council for their exceedingly fine support given this special committee. It only goes to prove that when Council is willing to do anything, we can force the others not us in the other departments to cooperate.

We had quite a lot of trouble with city employees who protested against the rulings of Mr. Clark and Mr. Stewart on our instructions, who thought they were being deprived of transportation service.

Report came to us that the employees of the City Planning Commission working on the topographical surveys were

going to Hays Borough in Taxicabs and that they took as high as ten employees, but it seems we have to bear that expense because someone is to make the surveys and the whole community is to get the benefits therefrom in years to come. Therefore, the committee acquiesced in the use of taxicabs for this service.

The significant fact is that Council gave the committee the support it deserved and did not listen to the appeals of city employees. Every employee who showed the committee that he had a right to transportation was given it, and as a result we received the cooperation of the majority of city employees. We did not have as much trouble this year as we had last year, and it only goes to emphasize the fact that where there is a will there is a way.

Mr. Garland arose and said:

Mr. President, I think credit is due the committee for their excellent work on this matter, and it goes to show what Council can do when they set their minds. The same thing is true of other functions and we should apply the same methods of economy in other departments as we have in the expenditure of the appropriation for taxicab service. Council should hold other departments to the amounts allowed in the appropriation ordinance, and if this were done I am sure it would reflect in the tax levy. It seems we know how to do it ourselves, but we cannot make others do it. The question is, can we make others do it?

Mr. English arose and said:

Mr. President, I want to answer the gentleman and offer my hearty cooperation to this scheme and the first place we should apply this would be in the Bureau of Highways and Sewers. Instead of setting up a lump sum of \$300,000.00 for this bureau we should allow them a certain amount and sit down and work out the best method of its disbursement with the Mayor, because I believe we can convince the Mayor on a lot of these things and he will cooperate with us, as he is now in the proper frame of mind. We could save thousands of dollars in the Asphalt Plant if we adopted such a plan and would stick to it and not allow the

requests of various persons and organizations to be granted when the money was set up for specific purposes. I think this would be a splendid thing for the city and I for one now pledge my support to carry this into effect.

Mr. McArdle arose and said:

Mr. President, I would like to make this observation about this report. If we take the report just as it stands we will probably not give it as full a measure of value as it deserves, because the report is marked on the basis of recent results achieved in the handling of this question of transportation. But if we go back a little further to the time when the taxicab system of transportation was adopted and compare what it was costing the city to get this transportation, which was something perhaps upwards of \$100,000.00, you find at the very beginning it has been cut in two, and incidentally reduced, with still further evidence of a lack of effort at economy in the use of it. Until the next step was taken, which seemed to me not specially complimentary to the city government, in that Council should not have had to take over an administrative function, but having taken it over, showed that further marked reductions could be made without the service suffering. I believe when the whole thing is analyzed, with due references back over a few previous years, that we will be able to see that there has been a tremendous saving and be able to say at the same time that as much or more deserved transportation has been furnished than ever was under the old method of handling it; and it ought not to be taken as a lesson what Council can do, but a lesson what the various administrative offices of the City Government can do if they approach the solution of their problems in the way that Council volunteered in this case, by taking it out of their hands and showing them the way.

The Chair said:

The Chair wants to personally thank the members of Council for their diligent work and emphasize the point brought out by the previous speakers. It emphasizes the fact that when special committees of work, work, they can bring about good results.

Mr. Garland moved

That the report be received and filed and printed in full in the record.

Which motion prevailed.

And the **Chair** thanked the members of the committee for the good work accomplished by them.

MOTIONS AND RESOLUTIONS

Mr. McArdle moved

That the Minutes of Council, at meetings held on Friday, November 29, 1929, Monday, December 2, 1929, and Thursday, December 5th, 1929, be approved.

Which motion prevailed.

And there being no further business before the meeting, the **Chair** declared Council adjourned.

DEPARTMENT OF PUBLIC WORKS.

December 14, 1929.

Subject: Corliss Tunnel, Repairs to Drainage System.

President and Members of Council,
City of Pittsburgh.

Gentlemen:

(1) In connection with the contract with the M. O'Herron Company for the Corliss Tunnel, Repairs to the Drainage System, conditions have arisen which in the opinion of the Department have made it necessary to issue an Extra Work Order.

(2) The Extra Work Order provides for the following work to be done as provided in Paragraph 17-B—Page 15 of the "Contract for Construction, Edition of June 1928." For the Construction of an additional manhole complete, in the dummy of Corliss street twenty-five feet east of manhole No. 16, Lump Sum \$120.00 and waterproofing the extrados of the Tunnel at the manhole location for \$10.00 each or \$130.00, making the total cost of this Extra Work Order \$250.00.

(3) The work to be done under this Extra Work Order was not covered by unit prices in the Contract, and the necessity for doing the same was caused by conditions having arisen since the contract was executed.

(4) The contract for this Improvement is authorized by Ordinance No. 482, Approved by the Mayor July 1st, 1929 and the total amount of this Extra Work Order is \$250.00.

(5) This information is furnished to you so that you may be fully advised when later a resolution authorizing payment for the above Extra Work Order will be submitted for your approval.

Unless you advise to the contrary, we will proceed with this work.

Yours very truly,

Edward G. Lang,
Director.

DEPARTMENT OF PUBLIC WORKS.

December 19, 1929

Subject: South 22nd Street Bridge.

President and Members of Council,
City of Pittsburgh.

Gentlemen:

In connection with the contract for Repairs to South Twenty-Second

Street Bridge over Monongahela River, with the Farris Engineering Company, it is found necessary to overhaul the roadway drains on the North Approach.

As there is no price established in this contract for the payment of the cost of this Extra Work, a lump sum of \$750.00 was secured from the Contractor, with additional unit prices of \$1.25 per foot of pipe up to a limit of 100 lineal feet, and \$2.50 each up to a limit of 20 pipe hangers, should this additional pipe and hangers be found necessary during the progress of the work.

There is sufficient money available to cover this cost and no additional appropriation will be necessary.

This information is furnished you so that you may be advised as to the status of this contract, and unless Council objects, this Department will proceed with the work.

Yours very truly,

Edward G. Lang,

Director.

DEPARTMENT OF PUBLIC SAFETY.

December 13, 1929.

President and Members of
City Council.

Gentlemen:

I have had a letter from Dr. N.
Albrecht, of 82 South 12th Street,
complaining of the unlimited, long-
time parking in front of his offices,
obliging his patients, many of whom
are unable, or hardly able to walk,
to leave their cars some distance
from his office entrance.

Our investigation shows that this
is the case, also that merchants and
other residents on the same side of
the street are in favor of a one-hour

parking regulation. Parking on the other side of the street does not affect anyone, as there is a fenced-in playground on that side.

To remedy this troublesome condition, therefore, I have decided to institute a 60-day trial of the following regulation, effective December 26, 1929.

One-Hour Parking between 8:00 A. M. and 6:00 P. M. on South Twelfth street from Carson street to Sarah street, westerly side.

Yours very truly,
James M. Clark,
Director.

Approved:

Charles H. Kline,
Mayor.

DEPARTMENT OF PUBLIC SAFETY.

December 13, 1929.

President and Members of
City Council.

Gentlemen:

It has been brought to my attention that troublesome conditions are existing on Madison avenue in the vicinity of East Ohio street, due to unlimited parking there, and the Workingmans Savings Bank and Trust Company have appealed to us for some relief measures. It seems that patrons of the Bank are unable to get near the Bank in their cars.

I have therefore decided to institute a 60-day trial of the following regulation, effective December 26, 1929.

One-Hour Parking between 8:00 A. M. and 6:00 P. M. on Madison avenue from East Ohio street to Phineas street, easterly side.

Yours very truly,
James M. Clark,
Director.

Approved:

Charles H. Kline,
Mayor.

No. 6954.

VOLKSBLATT UND FREIHEITS-
FREUND

Daily and Sunday German Newspaper
207-209 Second Avenue

Pittsburgh, Pa.

December 27, 1929.

To the President and Members
of the City Council,

Pittsburgh, Pa.

Gentlemen:—

It is our privilege to place before you at this time a request for your co-operation in commemorating our 100th anniversary as a newspaper.

On January 6th, in connection with our regular daily newspaper, we will issue our Industrial, Financial and Aviation Number, combined into one.

Volksblatt has ever been faithful to the cause of Pittsburgh, the community, as well as to the personnel of those responsible for the welfare of Pittsburgh and its progress. We have never faltered and never have we failed to aid in any movement which would enhance Pittsburgh's chances to leap to the fore in any of its undertakings. In short, we have always been FOR PITTSBURGH at all times.

Such being the case, we believe that we are not asking too much or the unreasonable in the request which we ask Members of the City Council of the City of Pittsburgh to join us on January 6th, by allowing us to duplicate the full page which appeared in the Aviation Number of The Post Gazette and which we offer to the City of Pittsburgh at a reduced cost, totaling \$336.00 for the same page in our paper of that date.

It is perfectly agreeable that, in view of the present budget's condition, that we await the payment for this page from the 1930 budget.

Please bear in mind that this is our 100th anniversary and it is not habit for us to make these requests and that we merely ask you to join other institutions in helping us commemorate this occasion on January 6th, at which time the Allegheny County and

many other such organizations are to appear in this issue.

We point with pride to our record as a Daily publication serving Metropolitan Pittsburgh for the past century and ask that you base your decision upon that together with our faithfulness to the civic fathers over that many years, when arriving at your decision.

May we thank you kindly in advance for such considerations as you may give us, also please allow us to extend to the President and the Members of the City Council, the compliments of the season.

Awaiting your decision, again thanking you kindly, beg to remain,

Cordially,

Volksblatt und Freiheits-Freund Daily

M. E. Zucker,

Director of Publicity.

Which was read, received and filed.

Mr. Garland said

That, inasmuch it is the hundredth anniversary of this newspaper, we could pass on this request in Council and put the amount in the budget later. I will so move, Mr. President.

Which motion prevailed.

Mr. English presented

No. 6955. WHEREAS, The bulldozer operating on Saline street will require gas and a few minor parts; and

WHEREAS, This cannot be taken care of in the appropriation ordinance before the first week in January; Therefore, be it

RESOLVED, That the Department of Public Works be requested to see that the Bureau of Highways and Sewers provides the necessary parts, and gas and oil until such time as this can be properly taken care of in the appropriation ordinance.

Which was read.

Mr. English moved

The adoption of the resolution.
Which motion prevailed.

Also

No. 6956. Communication from Elevator Inspectors and Inspector of Explosives asking for salary increase.

Which was read and referred to the Committee on Finance.

Mr. Anderson arose and said,

Mr. President, I was not present when Council voted on Bill No. 6913 (Tax Levy Bill). I voted against it in committee and would not have voted for it in Council had I been present.

Mr. English moved

That Mr. Anderson be recorded as voting "NO" on the final passage of Bill No. 6913.

Which motion prevailed.

Mr. English moved

That Council and Committees hold no further meetings until Monday, January 6, 1930.

Which motion prevailed.

Mr. English said

"Mr. President, In case of any public emergency, it is understood the Clerk may call a special meeting, in the absence of the President."

The Chair (Mr. Herron) said

"In case of any emergency, the Clerk can call a meeting."

Mr. Kambach moved

That the following members be excused for absence from Council and Committee meetings:—

Mr. Alderdice on December 24, 1929; Mr. Anderson on December 24, 1929; Mr. English on December 23 and 24, 1929; and Mr. Malone (President) on December 30, 1929.

Which motion prevailed.

And on motion of Mr. English

Council adjourned sine die.

APPENDIX

No. 1

AN ORDINANCE—Making appropriations to pay the expenses of conducting the public business of the City of Pittsburgh and for meeting the debt charges thereof for the fiscal year beginning January 1, 1929, and ending December 31, 1929.

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same, That* the revenues of said City derived from taxes and other sources during the fiscal year beginning January 1, 1929, and ending December 31, 1929, are hereby appropriated in the sum of \$25,594,618.00 to pay the expenses of conducting the public business of the City of Pittsburgh and meeting the debt charges thereof during said fiscal year beginning January 1, 1929, and ending December 31, 1929, and all unencumbered balances of appropriations remaining open upon the books of the City Controller at the close of the fiscal year shall be and the same are hereby ordered to be cancelled, except such amounts as shall be specially requested by letter from the Director or Chairman of the special activity having the matter in charge, certifying that the amounts requested are required for the purpose for which specifically appropriated, or such amounts as shall be directed to be carried over to the fiscal year 1929 by resolution or ordinance of Council.

Section 2. No liability shall be incurred against any appropriation item in excess of the unencumbered balance thereof, and said appropriation

items shall be administered subject to and in conformity with the following terms and conditions:

(a) The heads of the several departments shall prepare their several payrolls for audit by the Controller in accordance with the items of the ordinance establishing the respective positions and rates of compensation, and no payroll shall be approved for payment by the Controller unless the incumbents and the rates of compensation agree with the items of said ordinance, and unless the payroll show the appropriation account or accounts chargeable with the compensation of each employe included thereon.

(b) There shall be affixed to all payrolls a certificate made by the person preparing such payrolls to the effect that there is a time record on file in said department certified to by a person or persons having knowledge of the facts, showing the character of service and exact time of employment of each person named in the payroll, and that the distribution of time as shown on the payroll is in accordance with such time records.

(c) No transfer shall be made from one appropriation item to another except by resolution or ordinance of Council, and such resolution or ordinance shall in each case set forth the reasons for such request, and be accompanied by a certification from the Controller stating that there is a sufficient balance unencumbered and available in the appropriation item from which the transfer is to be made.

Section 3. No obligation shall be incurred by any department of the City government, other than for salaries or wages, or for necessary expenses of employees when engaged upon City business, except through the issue of an order, stating the service to be rendered, work performed, or supplies, materials or equipment to be furnished, together with the estimated cost of the same. The Director of the Department of Supplies is hereby authorized and directed to provide upon requisition by the head of any department, all necessary supplies, materials, equipment and machinery for such department; provided, however, that no requisition of any department shall be filled by the Director of the Department of Supplies in excess of the unencumbered balance of the appropriation properly chargeable, and that no order

shall be issued by the Director of the Department of Supplies, or by the head of any other department of the City government, until it has been approved by the City Controller. Payments on account of direct purchases shall be made from the amounts hereinafter appropriated therefor respectively. Purchases made by the Director of the Department of Supplies to go into stores shall be paid for from the fund provided for such purpose, and when and as directed by the City Controller said fund shall be reimbursed from other appropriations to the extent of deliveries made from stores.

Section 4. For purposes of administration and accounting control, the code symbols indicated herein shall be considered as part of the appropriation titles:

No. 2

AN ORDINANCE—Authorizing the proper officers of the City of Pittsburgh to enter into an Agreement and contract with the South Pittsburgh Water Company for a period terminating December 31, 1933, for fire hydrant service, and providing for the purchase of water by the City of Pittsburgh, and the sale thereof to consumers within the limits of the City of Pittsburgh at City rates, and providing for the payment of the costs thereof.

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same, That*

the proper officers of the City of Pittsburgh be and they are hereby authorized and directed to enter into an Agreement and contract with the South Pittsburgh Water Company in the following form, to-wit:

ARTICLES OF AGREEMENT

Made and entered into this.....
..... day of192....,
by and between the City of Pittsburgh, a municipal corporation of the Commonwealth of Pennsylvania, party of the first part,
and
South Pittsburgh Water Company, a corporation of the Commonwealth of Pennsylvania, party of the second part.

Whereas, the South Pittsburgh Water Company supplies water in certain parts of the City of Pittsburgh lying south of the Ohio and Monongahela Rivers; and

Whereas, the City of Pittsburgh desires to purchase water from the South Pittsburgh Water Company so that it may resell the same to the various consumers of water now or hereafter attached to existing water mains, or to any future extensions constructed by the said South Pittsburgh Water Company within the limits of the City of Pittsburgh; and,

Whereas, the City of Pittsburgh desires to have the South Pittsburgh Water Company render water service to it for certain public uses;

Now, Therefore, This Agreement Witnesseth: That, in consideration of the covenants and agreements herein contained, it is hereby agreed as follows:

The City of Pittsburgh, during the term of this contract, shall purchase from the South Pittsburgh Water Company. All water used by the regular Consumers of the South Pittsburgh Water Company now or hereafter connected to the water pipes of the said Company within the limits of the City of Pittsburgh, the quantities of said water so purchased to be determined by the meters of the South Pittsburgh Water Company, located within the limits of the City of Pittsburgh.

The work of reading the meters of said consumers shall be performed by the agents and employees of the South Pittsburgh Water Company, and the South Pittsburgh Water Company shall render to the City of Pittsburgh quarterly statements of such meter readings, together with statements of the amounts which are charged against such consumers based upon the aforesaid meter readings, and upon the schedule of rates and ready to serve charges of the South Pittsburgh Water Company now or hereafter lawfully in force.

The City of Pittsburgh shall have the right to check any and all of said meter readings from time to time, and test any and all of said meters, and from time to time, to make inspections of the books, records and

accounts of the South Pittsburgh Water Company relating to said consumers as may be necessary to fully carry out the provisions of this contract, and to ascertain the correctness of any bill rendered by the South Pittsburgh Water Company to the City of Pittsburgh.

The City of Pittsburgh shall pay to the South Pittsburgh Water Company for all water supplied by it through the service pipes of the various consumers located within the limits of the City of Pittsburgh, and upon the water mains of the South Pittsburgh Water Company, a sum to be determined quarterly upon the following basis:

The sum total of the charges against each consumer of the South Pittsburgh Water Company, located on the mains of the South Pittsburgh Water Company within the limits of the City of Pittsburgh, as provided for in this contract, said charge to each of such consumers to be arrived at by application of the schedule of rates and ready to serve charges of the South Pittsburgh Water Company, the payment of said aggregate sum to be made by the City of Pittsburgh to the South Pittsburgh Water Company, less a discount of five per cent. (5%), provided said bill is paid within thirty (30) days from the date said bill is rendered by the South Pittsburgh Water Company to the City of Pittsburgh.

The intent of this contract is to create a basis by which all consumers located in the City of Pittsburgh, and supplied from the water works system of the South Pittsburgh Water Company, may pay the same rates for water as are charged by the City of Pittsburgh through the City of Pittsburgh assuming any excess in the charge calculated at the rates of the South Pittsburgh Water Company over the charge when calculated at the rates of the City of Pittsburgh; but this contract does not give to the City of Pittsburgh any control over said consumers, or the operation of the South Pittsburgh Water Company, other than it had or would have had, without the making of this contract.

and the South Pittsburgh Water Company shall have the right to continue to regulate and control the delivery of water and the service to such consumers, the same as to its consumers in any other territory served by it.

The City of Pittsburgh shall be furnished continuously by the South Pittsburgh Water Company all the water required by said City from public fire hydrants, for the extinguishment of fires, for the sprinkling and cleaning of all streets and alleys, and for the flushing of all public sewers, and for any other public purpose, throughout territory now or hereafter supplied by the South Pittsburgh Water Company that now or in the future is within the limits of said City.

Any properly authorized employee of the City is hereby permitted to handle any and all of the public fire hydrants located in the territory covered by this contract, under and by virtue of this agreement, and to take water therefrom at any reasonable time for the purposes hereinbefore described.

The said Company shall furnish and place promptly at any and all points designated by the proper officer of the said City, any number of public fire hydrants that may be ordered, together with any and all additional pipe lines, none to be less than six inches (6") in diameter, necessary for supplying said fire hydrants with water, provided, however, that not more than four hundred feet (400') of pipe line is required for the establishment and supplying of each fire hydrant, and that all such fire hydrants so furnished and placed shall be of the present standard, style and make as adopted by the City.

The said Company shall, upon written order of the proper officer of the said City, change the location of any of the fire hydrants covered by this agreement, the cost of making such change of location to be paid by said City.

The said Company shall keep in good order and repair all fire hydrants heretofore installed, and all the fire hydrants furnished and placed under and by virtue of this agreement in the territory covered hereby, it being

understood, however, that the said Company is not to be held liable in case of failure to meet the conditions provided for herein, if the cause shall have been proven to be beyond its control, and it is expressly understood and agreed that in case of any such fire hydrant being in an unserviceable condition, that the said Company will, within twenty-four (24) hours after receiving notice of such unserviceable condition of any such fire hydrant, or any number of them, commence the repairs necessary to restore such fire hydrant, or fire hydrants, to the required serviceable condition, the work on such repairs to be prosecuted diligently and continuously until finally completed, and that any and every failure by the said Company so to do shall hereby entitle the City to deduct and withhold, forever, from the rental for said fire hydrant service that may be due, or may become due to the said Company, an amount equivalent to the quarterly rental of said number of defective fire hydrants.

Said Company shall maintain a sufficient volume of water at all times at such public fire hydrants, to supply such fire engines, working to their full capacity, as are ordinarily employed by the City to extinguish fire in the district in which such fire hydrants are located, one engine only to be connected to a fire hydrant.

The City of Pittsburgh shall pay to the South Pittsburgh Water Company thirty-two and fifty one-hundredths (\$32.50) dollars per year for each and every fire hydrant heretofore installed, or hereafter furnished and placed and supplied with water, as hereinbefore provided, such rental to be paid quarterly in the months of February, May, August and November of each year.

This contract shall become effective on the first day of January, 1929, subject to the approval thereof by the Public Service Commission of Pennsylvania, and shall terminate December 31, 1938, with the right in each party hereto to terminate this agreement at the end of any calendar quarter prior to December 31, 1938, upon not less than ninety (90) days'

notice, in writing, served upon the other party hereto, fixing the date of such termination.

It is further understood and agreed that after December 31, 1938, this agreement may be continued in force for another year and so on from year to year, unless terminated sooner in the manner hereinbefore provided.

In case the City of Pittsburgh shall at any time within the term of this contract acquire the ownership of the property or plant of the South Pittsburgh Water Company, then this contract shall thereupon cease and terminate, and this contract shall not be considered or allowed for in any way as an element of value in ascertaining and determining the value of the properties of the South Pittsburgh Water Company.

Nothing in this contract contained shall be construed to interfere with, waive, or in any manner abridge, at the expiration hereof, or of any extension or renewal of this contract, any of the rights, powers or privileges now, or at any future time held or enjoyed by either of the parties hereto, or to operate thereafter to the prejudice of any claims of either of the parties hereto, but all such rights, powers, privileges and claims, whether held now, or hereafter acquired by contract or otherwise, after the expiration of this contract, or of any extension or renewal thereof, shall in no wise be affected or concluded or prejudiced by this contract.

It is hereby understood and agreed that neither the purpose nor intent, nor the obligation of this contract, if and when approved by the Public Service Commission of the Commonwealth of Pennsylvania, is such as to impair, or in any wise affect the exercise by said Commission of any of the powers vested in it by the Public Service Company Law, approved July 26, 1913.

This contract is entered into by the City of Pittsburgh by virtue of Ordinance No. of the City of Pittsburgh, approved the..... day of....., 192...., and recorded in Ordinance Book Volume, Page, entitled "An Ordin-

ance authorizing the proper officers of the City of Pittsburgh to enter into an Agreement and contract with the South Pittsburgh Water Company for a period terminating December 31, 1938, for fire hydrant service, and providing for the purchase of water by the City of Pittsburgh, and the sale thereof to consumers within the limits of the City of Pittsburgh at City rates, and providing for the payment of the costs thereof," and by the South Pittsburgh Water Company pursuant to a Resolution of its Board of Directors, duly passed on theday of....., 192....

IN WITNESS WHEREOF, The City has caused its corporate seal to be hereto affixed and these presents to be signed by the Mayor and Director of the Department of Public Works, and the South Pittsburgh Water Company has caused its corporate seal to be hereto affixed, attested by its Secretary, and these presents to be signed by its President, the day and year first above written.

No. 6

AN ORDINANCE — Granting unto the Pittsburgh Railways Company the right to enter upon, use and occupy Thirteenth Street, between Liberty Avenue and Etna Street, for the purpose of constructing, operating and maintaining transmission lines to carry and transmit electric power for the operation of its cars, subject to the terms and conditions herein set forth.

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same, That* the Pittsburgh Railways Company, its successors, lessees and assigns, shall have the right and they are hereby authorized to enter upon, use and occupy Thirteenth Street, between Liberty avenue and Etna street, for the purpose of constructing, maintaining and operating a transmission line on both the easterly and westerly sides of Thirteenth Street aforesaid, to carry and transmit electric power for the operation of its cars.

Section 2. Pittsburgh Railways Company, its successors, lessees and assigns, is authorized to erect, maintain and use such posts, poles and other supports, and such wires and cables and all other connections and appliances necessary for that purpose, and commonly used with an overhead electric transmission system, subject, however, to the provisions of an ordinance approved February 25, 1890, entitled "A General Ordinance relating to the entry upon, over or under, or the use or occupation of any street, lane or alley, or

any part thereof, for any purpose, by passenger or street railway companies, or by companies operating passenger or street railways, and providing reasonable regulations pertaining thereto, for the public convenience and safety."

Section 3. The rights and privileges herein granted shall continue for a period not to exceed fifty (50) years from the date of the acceptance of this ordinance by the Pittsburgh Railways Company; provided, however, that the right is hereby reserved to the City to cause the removal of said poles and transmission lines, at the cost of the Railways Company, its lessees, successors and assigns, at any time when the City Council by proper Resolution or Ordinance shall direct such removal.

Section 4. This ordinance shall be accepted by the Pittsburgh Railways Company within 60 days after its passage or approval by a Certificate of Acceptance of all the conditions and provisions thereof. The said certificate shall be executed under the corporate seal of the Company, duly attested by the President or Vice-President, and the Secretary or an Assistant Secretary thereof, and filed with the Controller of the City.

Section 5. That any ordinance or part of ordinance conflicting with the provisions of this ordinance, be and the same is hereby repealed so far as the same affects this ordinance.

AN ORDINANCE—Authorizing the Mayor and the Director of the Department of Public Works of the City of Pittsburgh to enter into an agreement with The Pennsylvania Railroad Company operating the Pittsburgh, Fort Wayne and Chicago Railway, for the removal, replacement and maintenance of the North Avenue West and Irwin Avenue Bridges, over the tracks and right-of-way of the Pittsburgh, Fort Wayne and Chicago Railway.

Section 1. Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same, That

Mayor and the Director of the Department of Public Works of the City of Pittsburgh be and they are hereby authorized and directed to make, execute and deliver, in the name of and for the City of Pittsburgh, the following Agreement with The Pennsylvania Railroad Company, operating the Pittsburgh, Fort Wayne and Chicago Railway, and affix thereto the corporate seal of the said City of Pittsburgh:

AGREEMENT

This Agreement, Between The PENNSYLVANIA RAILROAD COMPANY, operating the Pittsburgh, Fort Wayne and Chicago Railway, party of the first part, hereinafter called the "Railroad Company", and the CITY OF PITTSBURGH, a municipal corporation, situate in the County of Allegheny and State of Pennsylvania, party of the second part, hereinafter called the "City". Witnesseth:

Whereas, Under Agreement entered into between the City of Allegheny, which by annexation proceedings has become and is now a part of the City of Pittsburgh, and The Pennsylvania Railroad Company, operating the Pittsburgh, Fort Wayne and Chicago Railway, which said Agreement was authorized by Ordinance of the City of Allegheny, approved the fourteenth day of October, 1901, and recorded in the City of Allegheny in Ordinance Book Volume 11, Page 60, in connection with other improvements, the said Railroad Company constructed the North Avenue West and Irwin Avenue Bridges over and across its tracks at its own cost and expense, and assumed the maintenance of the abutments, necessary supports and superstructures of the said Bridges; and,

Whereas, The City of Allegheny under said Agreement, at its own cost and expense, constructed and paved the approaches to said Bridges, paid property damages occasioned by the change of grade of the approach streets and the roadway surfacing of said bridges, and has maintained the paving of said roadway surfacing on said bridges; and,

Whereas, The said Bridges are now deemed to be inadequate for the proper accommodation of vehicular traffic and foot passage, obsolescent in design and

structure, and dangerous to life and property; and,

Whereas, The parties hereto desire to enter into an Agreement providing for the removal of the present bridges and the building and maintenance of a new bridge in such manner that both parties may receive the special benefits by them desired, to-wit: That the City shall obtain more adequate intersection and greater width of roadway and shall secure the elimination of certain undesirable features in the present bridges, and the Railroad Company shall obtain additional clearance over its tracks, none of which is possible with the present construction,

NOW, THEREFORE, IT IS MUTUALLY AGREED BETWEEN THE PARTIES HERETO AS FOLLOWS:

FIRST: The Railroad Company shall and will, at its own proper cost and expense, remove the present North Avenue West and Irwin Avenue Bridges and shall and will erect a new structure to the lines and grades as shown on the plans and drawings prepared by and on file in the Department of Public Works of the City of Pittsburgh, and described as follows, viz:

Plan showing intersection of Irwin Avenue and North Avenue West, identified as Exhibit "A", and approved by the Director of the Department of Public Works of the City on September 7, 1927, and further identified as Survey Plan No. 2091, said drawing requiring the elevation of the top of curb of said bridge to be 72.42 feet above City datum.

Profile No. 4253, Department of Public Works, identified as Exhibit "B", and approved by the Director of the Department of Public Works of the City on September 7, 1927.

Plan showing extent of proposed improvement and location and extent of new bridge, identified as Exhibit "C", "General Plan", and approved by the Mayor and the Director of the Department of Public Works of the City on June 26, 1928.

Second: The present bridges shall be deemed and are hereby declared to be the property of the Railroad Company, and the City disclaims any owner-

ship or property therein; and upon completion of the new bridge the same shall become and be the property of the Railroad Company, and the City hereby disclaims any ownership or property in the new bridge.

THIRD: The Railroad Company shall and will, at its own proper cost and expense, maintain perpetually the new bridge as hereinbefore described, excepting the roadway surfacing, in a safe and adequate manner, which said maintenance shall include any alteration or replacement.

FOURTH: It is expressly understood and agreed that this Agreement shall not be so construed as to abrogate in any particular the Agreement entered into between the Railroad Company and the City of Allegheny hereinbefore referred to.

FIFTH: Prior to the commencement of any work for the removal of the present bridges or the construction of the new bridge, the Railroad Company shall prepare and submit to the Director of the Department of Public Works of the City proper plans and specifications showing the method of removing the old structures and the erection and construction of the new bridge, for his approval, and no work shall be done until after said plans and specifications shall have been approved by the Director of the Department of Public Works of the City.

SIXTH: The Railroad Company further agrees that it shall and will pay to the City the sum of \$14,000.00, within fifteen (15) days after this Agreement shall have been approved by the Public Service Commission of the Commonwealth of Pennsylvania, it being the intent and purpose of this Agreement that the said sum of \$14,000.00, together with the removal of the old bridges and the erection and maintenance of the new bridge in the manner herein set forth, shall be the Railroad Company's share of the cost of the replacement of said bridges, and the City shall pay all costs, fees, damages and expenses incident to the change of grade for the approach streets, incident to the construction and maintenance of the roadway surfacing and the change of grade and grading, paving and curbing of said

approach streets, including the elimination of the depressed sidewalk now extending from Beech Avenue and Irwin Avenue to Rope Alley and North Avenue West, as its full share of the cost of the erection and construction of said bridge and approaches.

SEVENTH: The Railroad Company hereby releases and waives any and all rights which it has or might have to demand compensation and/or damages from the City by reason of loss and/or damage to property and injury to or death to persons, caused or in any manner growing out of the removal of the present bridge structures and the construction of the new bridge by the said Railroad Company, and hereby agrees to indemnify, protect and keep harmless the said City from all claims, demands or damages caused by or arising out of the removal of the present bridge structures and the construction and erection of said new bridge in any way caused by or growing out of the work of the said Railroad Company.

EIGHTH: The City further agrees that the Railroad Company shall construct the new bridge in accordance with the approved plans as hereinbefore set forth, which show an elevation so as to provide one (1) foot additional clearance over the tracks of the Railroad Company, and the City will construct the approach streets to meet the said elevation of the bridge, as shown in the plans hereinbefore referred to.

NINTH: The Railroad Company agrees to commence work under this Agreement within sixty (60) days after the approval of the same by the Public Service Commission of the Commonwealth of Pennsylvania and to diligently proceed to completion.

TENTH: The Railroad Company agrees to make provision for and to permit the City to install water lines on the new bridge, the extra expense involved therein to be paid for by the City; and the Railroad Company further agrees to make provision for and to permit Public Utility Companies, when so requested by the Director of the Department of Public Works of the City, to place pipe lines, conduits or other utility facilities on said

bridge at the risk of said Utility Companies and provided said Public Utility Companies pay the additional cost occasioned thereby, and provided further that all pipe lines or conduits or other utility facilities placed on said bridge by said City or Public Utility Companies, shall be maintained by and at the expense of the owners thereof.

ELEVENTH: This Agreement shall become effective only upon the approval thereof by the Public Service Commission of the Commonwealth of Pennsylvania; and it is hereby understood and agreed that neither the purpose nor the intent nor the obligation of this Agreement, if and when approved by the Public Service Commission, is such as to impair or in anywise affect the exercise by said Commission of any of the powers vested in it by the Public Service Company Laws of the Commonwealth of Pennsylvania.

TWELFTH: This Agreement is entered into on behalf of the said City by virtue of an Ordinance of the Council, enacted into a law on theday of....., 192..., approved the.....day of....., 192..., and recorded in Ordinance Book Volume.....Page.....; and by the Railroad Company, by its....., attested by its....., pursuant to a Resolution of its Board of Directors, passed on..... day of....., 192....

No. 37

AN ORDINANCE—Providing for the observation of the tops of all boiler or furnace stacks, or smoke pipes connecting boilers or furnaces with such stacks, by the firemen in all power and heating plants within the City of Pittsburgh, excepting those in which the only fuel is gas, and excepting buildings used exclusively for private residence purposes and flats and apartment houses in which there are less than 6 apartments; providing for the issuance of permits in connection therewith and penalties for violations thereof.

Whereas, ordinance No. 566, approved January 4, 1917, provides that "the production or emission within the City, of smoke, the density or shade of which is equal to, or greater than Number three (3) of the Ringlemann Chart, from any stack, except that of a locomotive or steamboat, for a period, or for periods aggregating two (2) minutes or more in any period of fifteen (15) minutes, and the emission of such smoke from any locomotive or steamboat, for a period or periods aggregating one (1) minute or more in any period of eight (8) minutes, except for a period not to exceed twenty (20) consecutive minutes, not to exceed once a day, while a new fire is being built therein, is hereby prohibited", and,

Whereas, in most cases the top of the stack is not visible from the boiler or furnace room, and therefore the fireman is unable to see whether or not the operation of the boiler or furnace is within the prescribed limits; therefore, in the interest of smoke abatement and fuel economy,

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same.* That on and after September first, 1929, in each power and heating plant within the City of Pittsburgh, excepting those in which the only fuel is gas, and excepting buildings used exclusively for private residence purposes and flats and apartment houses in which there are less than 6 apartments, the owner or operator shall provide means whereby the fireman may be enabled to know, without leaving the boiler or furnace room, whether or not prohibited smoke is issuing from the stack, so that possible necessary correction may be made at the time.

Section 2. Such means of observation shall be either

(a) A window or other opening through which an unobstructed view of the top of the stack may be had from the boiler or furnace room;

(b) A mirror so placed as to reflect the top of the stack and visible from the boiler or furnace room;

(c) A smoke indicator, approved by the Bureau of Smoke Regulation.

Section 3. Application shall be made to the Bureau of Smoke Regulation on a suitable form to be provided, and accompanied by a sketch showing the location of the boiler or boilers, furnace or furnaces, smoke pipe and stack, and the proposed location and arrangement of the smoke indicator or indicators. Upon approval by the Bureau Chief, Bureau of Smoke Regulation, permit shall be issued without charge, but installation shall not be made until such permit is received by the owner or operator.

Section 4. Where the provisions of this ordinance have not been complied with prior to September first, 1929, the Bureau Chief, Bureau of Smoke Regulation, upon being satisfied that the owner or operator of a power or heating plant coming within the terms of this ordinance has been unable to comply therewith by reasons beyond his control, the Bureau Chief, Bureau of Smoke Regulation, may grant an extension of time not to exceed sixty days for such compliance.

Section 5. If any person or Corporation shall violate any one or more

of the prohibitions or requirements of this ordinance, he or it, shall upon conviction before any police magistrate or alderman of the City of Pittsburgh, be subject to a fine or penalty not exceeding one hundred (\$100.00) dollars for each and every violation thereof, and each day's violation shall constitute a separate offense; or undergo an imprisonment in the Allegheny County Jail or Workhouse of not more than thirty (30) days or both, at the discretion of the committing magistrate or alderman.

Section 6. That any Ordinance or part of Ordinance conflicting with the provisions of this Ordinance be and the same is hereby repealed so far as the same affects this Ordinance.
